"Marvellous. Grudova understands that the best writing has to pull off the hardest aesthetic trick—it has to be both memorable and fleeting." —Deborah Levy, author of *Hot Milk Dolls*, sewing machines, tinned foods, mirrors, malfunctioning bodies—by constantly reinventing ways to engage with her obsessions and motifs, Camilla Grudova has built a universe that's highly imaginative, incredibly original, and absolutely discomfiting. The stories in *The Doll's Alphabet* are by turns child-like and naive, grotesque and very dark: the marriage of Margaret Atwood and Angela Carter. Camilla Grudova lives in Toronto. She holds a degree in Art History and German from McGill University, Montreal. Her fiction has appeared in *The White Review* and *Granta*.

Madame Alexander: The Creator of the Iconic

American Doll - Susan

Goldman Rubin 2022-10-18

An inspiring, uplifting picture book biography about iconic doll creator, Madame Alexander, whose love for dolls and bringing joy to others began at a young age and only continued to grow. Someday, she thought, I will make dolls that don't break so children will never be unhappy. Beatrice Alexander's family ran a doll hospital in their home in New York's Lower East Side, where she grew to love fixing and making dolls. Beatrice dreamed of becoming an artist, but her family couldn't afford to send her to sculpting school. She never stopped dreaming, even as she stayed home, graduated from high school, and got married. When World War I broke out, she came up with the idea to make unbreakable, cloth dolls modeled after nurses to support the war effort and help keep children happy. After the war, Beatrice founded Madame Alexander and redefined the doll industry, creating some of the first plastic and collectible dolls,

dolls that never break. With beautiful, vivid art by Sarah Dvojack, author Susan Goldman Rubin tells the powerful story of savvy, feminist entrepreneur Beatrice Alexander, who founded the Madame Alexander Doll Company and became one of America's most celebrated toy makers.

As the portrait of a fringe group, this book invites the reader to engage with the phenomenon of outcasts; it orders the rich material – which has grown out of numerous projects of artistic research with female drug users in European prisons and therapy institutions – and sets it into context. In this way, the conditions which have become structurally embedded in social processes are laid open and made perceptible as a matter of public concern. The biographical and artistic work with the inmates, the correspondence, the interventions in the isolated, public, and cultural sphere, the minutes, reflections, and results of the interdisciplinary exchange with scientists are comprehensively documented and illustrated.
