The Curious Incident of the Dog in the Night-Time - Mark Haddon 2009-02-24

A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have

little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

Trespassing Across America - Ken Ilgunas 2017-02-07

Winner of the Nebraska Center for the Book Award, Travel • A Sigurd Olson Nature Writing Award Notable Book • Honoree of the Society of Midland Authors Annual Literary Award for Biography/Memoir Now that President Donald Trump has revived the Keystone XL pipeline that was rejected by former President Obama, *Trespassing Across America* is the book to help us understand the kaleidoscopic significance of the project. Told with sincerity, humor, and wit, Ilgunas's story is both a fascinating account of one man's remarkable journey along the pipeline's potential path and a meditation on climate change, the beauty of the natural world, and the extremes to which we can push ourselves—both physically and mentally. It started as a far-fetched idea—to hike the entire length of the proposed route of the Keystone XL pipeline. But in the months that followed, it grew into something more for Ken Ilgunas. It became an irresistible adventure—an opportunity not only to draw attention to global warming but also to explore his personal limits. So in September 2012, he strapped on his backpack, stuck out his thumb on the interstate just north of Denver, and hitchhiked 1,500 miles to the Alberta tar sands. Once there, he turned around

and began his 1,700-mile trek to the XL's endpoint on the Gulf Coast of Texas, a journey he would complete entirely on foot, walking almost exclusively across private property. Both a travel memoir and a reflection on climate change, *Trespassing Across America* is filled with colorful characters, harrowing physical trials, and strange encounters with the weather, terrain, and animals of America's plains. A tribute to the Great Plains and the people who live there, Ilgunas's memoir grapples with difficult questions about our place in the world: What is our personal responsibility as stewards of the land? As members of a rapidly warming planet? As mere individuals up against something as powerful as the fossil fuel industry? Ultimately, *Trespassing Across America* is a call to embrace the belief that a life lived not half wild is a life only half lived. It's the perfect travelers gift for fans of *Free Solo* and *Turn Right at Machu Picchu*.

Passing and the Rise of the African American Novel - Maria Giulia Fabi 2001
Passing and the Rise of the African American Novel restores to its rightful place a body of American literature that has long been overlooked, dismissed, or misjudged. This insightful reconsideration of nineteenth-century African-American fiction uncovers the literary artistry and ideological complexity of a body of work that laid the foundation for the Harlem Renaissance and changed the course of American letters. Focusing on the trope of passing -- black characters lightskinned enough to pass for white -- M. Giulia Fabi shows how early African-American authors such as William Wells Brown, Frank J. Webb, Charles W. Chesnutt, Sutton E. Griggs, James Weldon Johnson, Frances E. W. Harper, and Edward A. Johnson transformed traditional representations of blackness and moved beyond the tragic mulatto motif. Celebrating a distinctive, African-American history, culture, and worldview, these authors used passing to challenge the myths of racial purity and the color line. Fabi examines how early black writers adapted existing literary forms, including the sentimental romance, the domestic novel, and the utopian novel, to express their convictions and concerns about slavery, segregation, and racism. She also gives a historical overview of the canon-making enterprises of African-American critics from the 1850s to the 1990s and considers how their concerns about crafting a particular image for African-American literature affected their perceptions of nineteenth-century black fiction.

My Heart Is a Chainsaw - Stephen Graham Jones 2021-08-31

Winner of the Bram Stoker Award for Best Novel In her quickly gentrifying rural lake town Jade sees recent events only her encyclopedic knowledge of horror films could have prepared her for in this latest chilling novel that “will give you nightmares. The good kind, of course” (BuzzFeed) from the Jordan Peele of horror literature, Stephen Graham Jones. “Some girls just don’t know how to die...” Shirley Jackson meets Friday the 13th in *My Heart Is a Chainsaw*, written by the New York Times bestselling author of *The Only Good Indians* Stephen Graham Jones, called “a literary master” by National Book Award winner Tananarive Due and “one of our most talented living writers” by Tommy Orange. Alma Katsur calls *My Heart Is a Chainsaw* “a homage to slasher films that also manages to defy and transcend genre.” On the surface is a story of murder in small-town America. But beneath is its beating heart: a biting critique of American colonialism, Indigenous displacement, and gentrification, and a heartbreaking portrait of a broken young girl who uses horror movies to cope with the horror of her own life. Jade Daniels is an angry, half-Indian outcast with an abusive father, an absent mother, and an entire town that wants nothing to do with her. She lives in her own world, a world in which protection comes from an unusual source: horror movies...especially the ones where a masked killer seeks revenge on a world that wronged them. And Jade narrates the quirky history of Proofrock as if it is one of those movies. But when blood actually starts to spill into the waters of Indian Lake, she pulls us into her dizzying, encyclopedic mind of blood and masked murderers, and predicts exactly how the plot will unfold. Yet, even as Jade drags us into her dark fever dream, a surprising and intimate portrait emerges...a portrait of the scared and traumatized little girl beneath the Jason Voorhees mask: angry, yes, but also a girl who easily cries, fiercely loves, and desperately wants a home. A girl whose feelings are too big for her body. *My Heart Is a Chainsaw* is her story, her homage to horror and revenge and triumph.

In the meantime Billy has joined the middle class—married, fathered a son, acquired a business and a mistress. But neither Jack nor Billy can escape their troubled pasts, and they will meet again in San Quentin before their strange double drama comes to a violent and revelatory end.

The Trespasser - Tana French 2016-10-04

The bestselling novel by Tana French, author of the forthcoming novel *The Searcher*, is “required reading for anyone who appreciates tough, unflinching intelligence and ingenious plotting” (The New York Times). She “inspires cultic devotion in readers” (The New Yorker) and is “the most important crime novelist to emerge in the past 10 years” (The Washington Post). “Atmospheric and unputdownable.” —People In bestselling author Tana French’s newest “tour de force” (The New York Times), being on the Murder Squad is nothing like Detective Antoinette Conway dreamed it would be. Her partner, Stephen Moran, is the only person who seems glad she’s there. The rest of her working life is a stream of thankless cases, vicious pranks, and harassment. Antoinette is savagely tough, but she’s getting close to the breaking point. Their new case looks like yet another by-the-numbers lovers’ quarrel gone bad. Aislinn Murray is blond, pretty, groomed-to-a-shine, and dead in her catalog-perfect living room, next to a table set for a romantic dinner. There’s nothing unusual about her—except that Antoinette’s seen her somewhere before. And that her death won’t stay in its neat by-numbers box. Other detectives are trying to push Antoinette and Steve into arresting Aislinn’s boyfriend, fast. There’s a shadowy figure at the end of Antoinette’s road. Aislinn’s friend is hinting that she knew Aislinn was in danger. And everything

they find out about Aislinn takes her further from the glossy, passive doll she seemed to be. Antoinette knows the harassment has turned her paranoid, but she can't tell just how far gone she is. Is this case another step in the campaign to force her off the squad, or are there darker currents flowing beneath its polished surface?

The apparent suicide of a beautiful aspiring law student unites two strangers, connected only by their tangled suspicions: that nothing about Margaux Stritch's tragic end is what it looks like. Firefighter Jessica Blythe is courageously making her mark in the male-dominated Chicago Fire Department while navigating a complicated relationship with a detective. A first responder to the crime scene, Jessica has a professional duty to Margaux. Then there's Kirsten Holloway, a wife and mother pulling herself together after an emotional breakdown. But her husband's infidelity has left her in a place full of mistrust and fear. Her dreaded curiosity about Margaux's death has become very personal. Phase Six - Jim Shepard 2021-05-18

This "novel of contagion and collapse is also the story of love's unlikely survival in the most hostile conditions" (Karen Russell, bestselling author of *Swamplandia!*)—from the National Book Award-nominated author of *The Book of Aron*. In a tiny settlement on the west coast of Greenland, 11-year-old Aleq and his best friend,

frequent trespassers at a mining site exposed to mountains of long-buried and thawing permafrost, carry what they pick up back into their village, and from there Shepard's harrowing and deeply moving story follows Aleq, one of the few survivors of the initial outbreak, through his identification and radical isolation as the likely index patient. While he shoulders both a crushing guilt for what he may have done and the hopes of a world looking for answers, we also meet two Epidemic Intelligence Service investigators dispatched from the CDC-- Jeannine, an epidemiologist and daughter of Algerian immigrants, and Danice, an M.D. and lab wonk. As they attempt to head off the cataclysm, Jeannine--moving from the Greeland hospital overwhelmed with the first patients to a Level 4 high-security facility in the Rocky Mountains--does what she can to sustain Aleq. Both a chamber piece of multiple intimate perspectives and a more omniscient glimpse into the megastructures (political, cultural, and biological) that inform such a disaster, the novel reminds us of the crucial bonds that form in the midst of catastrophe, as a child and several hypereducated adults learn what it means to provide adequate support for those they love. In the process, they celebrate the precious worlds they might lose, and help to shape others that may survive.

Trespassing on Einstein's Lawn - Amanda Gefter 2014-01-14
NAMED ONE OF THE BEST BOOKS OF THE YEAR BY KIRKUS REVIEWS In a memoir of family bonding and cutting-edge physics for readers of Brian Greene's *The Hidden Reality* and Jim Holt's *Why Does the World Exist?*, Amanda Gefter tells the story of how she conned her way into a career as a science journalist—and wound up hanging out, talking shop, and butting heads with the world's most brilliant minds. At a Chinese restaurant outside of Philadelphia, a father asks his fifteen-year-old daughter a deceptively simple question: "How would you define nothing?" With that, the girl who once tried to fail geometry as a conscientious objector starts reading up on general relativity and quantum mechanics, as she and her dad embark on a life-altering quest for the answers to the universe's greatest mysteries. Before Amanda Gefter became an accomplished science writer, she was a twenty-

one-year-old magazine assistant willing to sneak her and her father, Warren, into a conference devoted to their physics hero, John Wheeler. Posing as journalists, Amanda and Warren met Wheeler, who offered them cryptic clues to the nature of reality: The universe is a self-excited circuit, he said. And, The boundary of a boundary is zero. Baffled, Amanda and Warren vowed to decode the phrases—and with them, the enigmas of existence. When we solve all that, they agreed, we'll write a book. *Trespassing on Einstein's Lawn* is that book, a memoir of the impassioned hunt that takes Amanda and her father from New York to London to Los Alamos. Along the way, they bump up against quirky science and even quirker personalities, including Leonard Susskind, the former Bronx plumber who invented string theory; Ed Witten, the soft-spoken genius who coined the enigmatic M-theory; even Stephen Hawking. What they discover is extraordinary: the beginnings of a monumental paradigm shift in cosmology, from a single universe we all share to a splintered reality in which each observer has her own. Reality, the Gefters learn, is radically observer-dependent, far beyond anything of which Einstein or the founders of quantum mechanics ever dreamed—with shattering consequences for our understanding of the universe's origin. And somehow it all ties back to that conversation, to that Chinese restaurant, and to the true meaning of nothing. Throughout their journey, Amanda struggles to make sense of her own life—as her journalism career transforms from illusion to reality, as she searches for her voice as a writer, as she steps from a universe shared with her father to at last carve out one of her own. It's a paradigm shift you might call growing up. By turns hilarious, moving, irreverent, and profound, *Trespassing on Einstein's Lawn* weaves together story and science in remarkable ways. By the end, you will never look at the universe the same way again. Praise for *Trespassing on Einstein's Lawn* "Nothing quite prepared me for this book. Wow. Reading it, I alternated between depression—how could the rest of us science writers ever match this?—and exhilaration."—*Scientific American* "To Do: Read *Trespassing on Einstein's Lawn*. Reality doesn't have to bite."—*New York* "A zany superposition of genres . . . It's at once a coming-of-age

chronicle and a father-daughter road trip to the far reaches of this universe and 10,500 others."—The Philadelphia Inquirer

Trespassing - Uzma Aslam Khan 2005-11-12

A dazzling first novel of two lovers' struggle for freedom and passion in a city riven by turmoil. Back in Karachi for his father's funeral, Daanish, a Pakistani student changed by his years at an American university, is entranced by the gazelle-eyed girl in the traditional dupatta who appears one day at the house of mourning. But the dupatta is deceptive: Dia is the modern daughter of a mother who, as the owner of a silk farm and factory, has achieved a degree of freedom rare among Pakistani women. It will take a handful of silkworms, fattened on mulberry leaves, to bring Daanish and Dia together. But their union will forever rupture the peace of two households and three families, destroying a stable present built on the repression of a bloody past. In this sweeping novel of modern Pakistan, Uzma Aslam Khan takes us deep into a world of radical contrasts, from the stifling demands of tradition

and family to the daily oppression of routine political violence, from the gorgeous sensual vistas of the silk farms to the teeming streets of Karachi-stinking, crumbling, and corrupt. At once delicate and passionate, *Trespassing* introduces a new and powerful voice from a land we know too little about.

The Beach - Alex Garland 1998-02-01

The irresistible novel that was adapted into a major motion picture starring Leonardo DiCaprio. The Khao San Road, Bangkok -- first stop for the hordes of rootless young Westerners traveling in Southeast Asia. On Richard's first night there, in a low-budget guest house, a fellow traveler slashes his wrists, bequeathing to Richard a meticulously drawn map to "the Beach." The Beach, as Richard has come to learn, is the subject of a legend among young travelers in Asia: a lagoon hidden from the sea, with white sand and coral gardens, freshwater falls surrounded by jungle, plants untouched for a thousand years. There, it is rumored, a carefully selected international few have settled in a communal Eden. Haunted by the figure of Mr. Duck -- the name by which the Thai police have identified the dead man -- and his own obsession with Vietnam movies, Richard sets off with a young French couple to an island hidden away in an archipelago forbidden to tourists. They discover the Beach, and it is as beautiful and idyllic as it is reputed to be. Yet over time it becomes clear that Beach culture, as Richard calls it, has troubling, even deadly, undercurrents. Spellbinding and hallucinogenic, *The Beach* by Alex Garland -- both a national bestseller and his debut -- is a highly accomplished and suspenseful novel that fixates on a generation in their twenties, who, burdened with the legacy of the preceding generation and saturated by popular culture, long for an unruined landscape, but find it difficult to experience the world firsthand.

Never Love a Stranger - Harold Robbins 2010-06

Harold Robbins' very first novel is also one of his most powerful. *Never Love a Stranger* tells the gritty and passionate tale of Francis "Frankie" Kane, from his meager beginnings as an orphan in New York's Hell's Kitchen. From that confused and belittling start, Frank works his way up, choosing the wrong side of the law to make a name for himself. At a young age, he becomes one of the city's most dangerous men, indulging in his passion for power, sex, and the best things in life—whether or not they can be purchased. First published in 1948, the novel began Robbins' prolific career after someone made him a \$100 bet that he couldn't write a bestseller. Twenty-six pot-boiling novels later, he proved the power of his words. *Never Love a Stranger* takes an unflinching look at a New York that's long gone by—exposing life during and after the Great Depression, when the syndicate

ruled the city without mercy.

Trespassing Boundaries - K. Benzel 2004-10-28

In *Trespassing Boundaries*, ten contemporary Woolf scholars discuss a broad range of Woolf's short stories. Despite being now easily available these stories have not yet received the attention they deserve. Complex yet involving, they deserve to be read not only for the light they shed on the novels, but in their own right, as major contributions to the short fiction as a genre. This volume places Woolf's short stories in the context of modernist experimentalism, then explores them as ambitious attempts to challenge generic boundaries, undercutting traditional distinctions between short fiction and the novel, between experimental and popular fiction, between fiction and nonfiction. Collectively the essays suggest that Woolf's

contribution to the short story is as important as her contribution to the novel.

Trespassing - John Hanson Mitchell 2015-05-05

Trespassing, "a thoughtful, beautifully written addition to environmental and regional literature" (Kirkus Reviews), is a historical survey of the evolution of private ownership of land, concentrating on the various land uses of a 500-acre tract of land over a 350-year period. What began as wild land controlled periodically by various Native American tribes became British crown land after 1654, then private property under US law, and finally common land again in the late twentieth century. Mitchell considers every aspect of the important issue of land ownership and explores how our attitudes toward land have changed over the centuries.
