*Notes from the Hyena's Belly* - Nega Mezlekia 2015-04-07

In this acclaimed memoir, Mezlekia recalls his boyhood in the arid city of Jijiga, Ethiopia, and his journey to manhood during the 1970s and 1980s. He traces his personal evolution from child to soldier--forced at the age of eighteen to join a guerrilla army. And he describes the hardships that consumed Ethiopia after the fall of Emperor Haile Selassie and the rise to power of the communist junta, in whose terror thousands of Ethiopians died. Part autobiography and part social history, *Notes from the Hyena's Belly* offers an unforgettable portrait of Ethiopia, and of Africa, during the defining and turbulent years of the last century.

**The Guerrilla Girls' Bedside Companion to the History of Western Art** - Guerrilla Girls 1998

"[A] tart, funny, lurid little bomb of a book. It's all p.c., of course, but not at all predictable, and a lot of righteous information gets dispersed in record time." -- BUST Magazine We were Guerillas before we were Gorillas. From the beginning, the press wanted publicity photos. We needed a disguise. No one remembers, for sure, how we got our fur, but one story is that at an early meeting, an original Girl, a bad speller, wrote 'Gorilla' instead of 'Guerilla.' It was an enlightening mistake. It gave us our mask-ularity. Ever wonder about the abundance of naked male statues in the Classical section of your favorite museum? Did you know medieval convents were hotbeds of female artistic expression? And how did those "bad boy" artists of the twentieth century make it even harder for a girl to get a break? Thanks to the Guerrilla Girls, those masked feminists whose mission it is to break the white male stronghold over the art world, art history--as we know it--is history. Taking you back through the ages, the Guerrilla Girls demonstrate how males (particularly white males) have dominated the art scene, and discouraged, belittled, or obscured women's involvement. Their skeptical and hilarious interpretations of "popular" theory are augmented by the newest research and the expertise of prominent feminist art historians. "Believe-it-or-not" quotations from some of the "experts" are sprinkled throughout, as are the Guerrilla Girls' signature masterpieces: reproductions of famous art works, slightly "altered" for historic accuracy and vindication. This colorful reinterpretation of classic and modern art, as outrageous as it is visually arresting, is a much-needed corrective to traditional art history, and an unabashed celebration of female artists.

**A Fine Dark Line** - Joe R. Lansdale 2011-07-28

During a sweltering East Texas summer, 13-year-old Stanley Mitchel Jr. begins a journey of awakening. His family runs the town's drive-in movie theater, where Stanley spends his time helping out, reading ten-cent comics, playing with his dog Nub and generally living a boy's life, circa 1958. When Stanley discovers a cache of old love-letters and starts to unravel a local mystery, however, he finds himself confronting secrets of ghosts, women, sex, race and his own courage. As he tells it, "I felt as if something living inside of me had been stolen, taken away and mistreated, then returned without all of its legs." Ultimately, it's a story about taking a clear-eyed look behind the veil and acknowledging the truth of things, without succumbing to them.

Portraits and Reviews - George Thomas Tanselle 2015-01

"This volume brings together a selection of the biographical sketches and reviews that G. Thomas Tanselle has written since 1959. Taken together they show how a biographical approach can serve to characterize a whole field--in this case, the world of books and bibliographical and textual scholarship. Because the pieces gathered here deal with major figures and landmark works, along with representative (if less famous) ones, covering the wide spectrum of bibliography, the collection provides a picture of what was going on in the scholarly book world of the past half-century. The twenty-eight portraits comprise accounts of, or tributes to, collectors, booksellers, librarians, scholarly editors, publishers, bibliographical scholars, literary and historical scholars, and authors. The Reviews section consists of forty-two pieces, mostly book reviews but also including some responses to essays, introductions to anthologies,

and retrospective assessments, plus several bibliographies, bibliographical reference works, books on book collecting, and scholarly editions. Other items involve bookcloth, textual theory, book preservation, and the antiquarian book trade. The pieces in both sections of the book sometimes have an autobiographical element, for the author has known many of the people whose lives and works are taken up here"-

Alberto Breccia's Dracula - Alberto Breccia 2021-07-13

Alberto Breccia's *Dracula* is composed of a series of brutally funny satirical misadventures starring the hapless eponymous antihero. Literally defanged (a humiliating trip to the dentist doesn't help), the protagonist's glory days are long behind him and other, more sinister villains (a corrupt government, overtly backed by American imperialism) are sickening and draining the life out of the villagers far more than one creature of the night ever could. This is the first painted, full-color entry in Fantagraphics' artist-focused Alberto Breccia Library, and the atmospheric palette adds mood and dimension. It also includes a sketchbook showing the artist's process.

*Readying Cavalli's Operas for the Stage* - Ellen Rosand 2017-07-05

After more than three centuries of silence, the voice of Francesco Cavalli is being heard loud and clear on the operatic stages of the world. The coincidence of productions at La Scala (Milan) and Covent Garden (London) in the same month (September 2008) of two different operas signals a new stage in the recovery of these extraordinary works, confined until now to special venues committed to 'early music'-opera festivals, conservatory, and university productions. The works of the composer who is credited with having invented the genre of opera as we know it are finally enjoying a renaissance. A new edition of Cavalli's twenty-eight operas is in preparation, and the composer and his works are at the center of a great deal of new scholarship ranging from the study of sources and production issues to the cultural context of opera of this period. In the face of such burgeoning interest, this collection of essays considers the Cavalli revival from various points of view. In particular, it explores the multiple issues involved in the transformation of an operatic manuscript into a performance. Although focused on the works of Cavalli, much of this material can transfer easily to other operatic repertoires. Following an introductory part, reflecting back on four decades of Cavalli performances by some of the conductors responsible for the revival of interest in the composer, the collection is divided into four further parts: The Manuscript Scores, Giasone: Production and Interpretation, Making Librettos, and Cavalli Beyond Venice.

The search for the bejeweled chairs takes these unlikely heroes from the provinces to Moscow to the wilds of Soviet Georgia and the Trans-caucasus mountains; on their quest they encounter a wide variety of characters: from opportunistic Soviet bureaucrats to aging survivors of the prerevolutionary propertied classes, each one more selfish, venal, and ineffective than the one before.

**Radi Os** - Ronald Johnson 2005

Poetry. First published in 1977, Ronald Johnson's *RADI OS* revises the first four books of *Paradise Lost* by excising words, discovering a modern and visionary poem within the seventeenth-century text. As the author explains, "To etch is 'to cut away,' and each page, as in Blake's concept of a book, is a single picture." With God and Satan crossed out, *RADI OS* reduces Milton's Baroque poem to elemental forces. In this retelling of the Fall, song precipitates from chaos, sight from fire: "in the shape / as of / above the / rose / through / rose / rising / the radiant sun."

**Feminist Interpretations of Mary Astell** - Alice Sowaal 2016-05-02

Often referred to as a proto-feminist, early modern English philosopher and rhetorician Mary Astell was a pious supporter of monarchy who wrote about gender equality at a time when society tightly constrained female agency. This diverse collection of essays situates her ideas in feminist, historical, and philosophical contexts. Focusing on Astell's work and thought, this book explores the degree to which she can be considered a "feminist" in light of her adherence to Cartesianism, Christian theology, and Tory politics. The contributors explore the philosophical underpinnings of Astell's outspoken advocacy for the autonomy and education of women; examine the intricacies underlying her theories of power, community, and female resistance to unlawful authority; and reveal the similarities between her own philosophy of gender and sexual politics and feminist theorizing today. A broad-ranging look at one of the most important female writers of the seventeenth and eighteenth centuries, this volume will be especially valuable to students and scholars of feminist history and philosophy and the early modern era. Aside from the editors, the contributors are Kathleen A. Ahearn,

Jacqueline Broad, Karen Detlefsen, Susan Paterson Glover, Marcy P. Lascano, Elisabeth Hedrick Moser, Christine Mason Sutherland, and Nancy Tuana.

**A Wolf in the City** - Cinzia Arruzza 2018-09-26

The problem of tyranny preoccupied Plato, and its discussion both begins and ends his famous *Republic*. Though philosophers have mined the *Republic* for millennia, Cinzia Arruzza is the first to devote a full book to the study of tyranny and of the tyrant's soul in Plato's *Republic*. In *A Wolf in the City*, Arruzza argues that Plato's critique of tyranny intervenes in an ancient debate concerning the sources of the crisis of Athenian democracy and the relation between political leaders and demos in the last decades of the fifth century BCE. Arruzza shows that Plato's critique of tyranny should not be taken as veiled criticism of the Syracusan tyrannical regime, but rather of Athenian democracy. In parsing Plato's discussion of the soul of the tyrant, Arruzza will also offer new and innovative insights into his moral psychology, addressing much-debated problems such as the nature of eros and of the spirited part of the soul, the unity or disunity of the soul, and the relation between the non-rational parts of the soul and reason.

*The Nobility and Excellence of Women and the Defects and Vices of Men* - Lucrezia Marinella 2007-11-01

A gifted poet, a women's rights activist, and an expert on moral and natural philosophy, Lucrezia Marinella (1571-1653) was known throughout Italy as the leading female intellectual of her age. Born into a family of Venetian physicians, she was encouraged to study, and, fortunately, she did not share the fate of many of her female contemporaries, who were forced to join convents or were pressured to marry early. Marinella enjoyed a long literary career, writing mainly religious, epic, and pastoral poetry, and biographies of famous women in both verse and prose. Marinella's masterpiece, *The Nobility and Excellence of Women, and the Defects and Vices of Men* was first published in 1600, composed at a furious pace in answer to Giuseppe Passi's diatribe about women's alleged defects. This polemic displays Marinella's vast knowledge of the Italian poetic tradition and demonstrates her ability to argue against authors of the misogynist tradition from Boccaccio to Torquato Tasso. Trying to effect real social change, Marinella argued that morally, intellectually, and in many other

ways, women are superior to men.

*Floridoro* - Moderata (Modesta Pozzo) Fonte 2007-11-01

The first original chivalric poem written by an Italian woman, *Floridoro* imbues a strong feminist ethos into a hypermasculine genre. Dotted with the usual characteristics—dark forests, illusory palaces, enchanted islands, seductive sorceresses—*Floridoro* is the story of the two greatest knights of a bygone age: the handsome *Floridoro*, who risks everything for love, and the beautiful *Risamante*, who helps women in distress while on a quest for her inheritance. Throughout, Moderata Fonte (1555–92) vehemently defends women's capacity to rival male prowess in traditionally male-dominated spheres. And her open criticism of women's lack of education is echoed in the plights of various female characters who must depend on unreliable men. First published in 1581, *Floridoro* remains a vivacious and inventive narrative by a singular poet.

*Hidden Path* - Elena Fortún 2020-10-30

Set in early twentieth-century Spain, *Hidden Path* is a lyrical coming-of-age novel told from the perspective of a woman painter who struggles to find her way with art and with the women she loved. The novel is narrated in the first-person, following María Luisa as she reflects on her life from the turn of the twentieth century through the outset of the Second Spanish Republic (1931-1939). She recalls growing from an imaginative tomboy into a docile wife and mother before claiming her independence as a portrait painter in Madrid's bohemian and queer circles. Along the way, she introduces us to a lively cast of characters who both hinder and encourage her efforts to blaze her own path. The poetic and sensuous language of María Luisa's private reveries comingles with agile dialogue as the protagonist leads us through her life. Best known in Spain as a writer of children's literature, Elena Fortún left this manuscript unpublished at the time of her death in 1952, as its semi-autobiographical content risked provoking homophobic backlash under the dictatorship of Francisco Franco. The first Spanish edition appeared in 2016 and was hailed as Fortún's adult masterpiece, a previously unknown complement to her children's saga *Celia* and *Her*

*World*. This edition, with Jeffrey Zamostny's sensitive and nuanced translation, marks the novel's first time appearing in any language aside from Spanish; it is also the first of Fortún's works to appear in English. With an insightful foreword by scholar Nuria Capdevila-Argüelles, this volume will be an influential contribution to women's studies, LGBT histories, and Spanish literature and culture.

**Angels and Demons in Art** - Rosa Giorgi 2005

This sumptuously illustrated volume analyzes artists' representations of angels and demons and heaven and hell from the Judeo-Christian tradition and describes how these artistic portrayals evolved over time. As with other books in the *Guide to Imagery* series, the goal of this volume is to help contemporary art enthusiasts decode the symbolic meanings in the great masterworks of Western Art. The first chapter traces the development of images of the Creation and the Afterworld from descriptions of them in the Scriptures through their evolution in later literary and philosophical works. The following two chapters examine artists' depictions of the two paths that humans may take, the path of evil or the path of salvation, and the punishments or rewards found on each. A chapter on the Judgment Day and the end of the world explores portrayals of the mysterious worlds between life and death and in the afterlife. Finally, the author looks at images of angelic and demonic beings themselves and how they came to be portrayed with the physical attributes--wings, halos, horns, and cloven hooves--with which we are now so familiar. Thoroughly researched by and expert in the field of iconography, *Angels and Demons in Art* will delight readers with an interest in art or religious symbolism.

**Taking Care of Baby** - Dennis Kelly 2012-06-18

'None of this is the truth. It's just people saying things. It's all subjective. There's the truth, and there's what people think is the truth, and it all depends on how you slant it...' *Taking Care of Baby* tackles the complex case of Donna McAuliffe, a young mother convicted of the murder of her two infant children. In a series of probing interviews the people in this extraordinary story, including Donna herself and her bewildered mother Lynn, reveal how they may have harmed those they sought to protect. Dennis Kelly's ambitious play uses the popular techniques of drama-documentary and verbatim theatre to explore how truth is compromised by today's information culture.

*Vinci, Later* - Morten Søndergaard 2005

Poetry. Translated from the Danish by John Irons. Danish poet Morten Søndergaard has been living abroad and spent some time in the little Italian town of Vinci. The poetry in this collection is the result of that experience. It dramatizes various aspects of (post) modern reality--dreams, family life, architecture, sculpture--gathered together as a landscape through which the reader can wander--thoughtful, bemused, amused, but always as language's companion. "Morten Søndergaard carefully brushes the lint off our shoulders, then crouches behind the controls of his poems and does everything to dislodge us from our feet. As doomful and slapstick as Beckett, he gives voice to the ground we stomp all over, and the stuff--aside from people--that peoples our world. What I'm saying is: This is an astonishing collection."--Stuart Ross  
*New Dawn* - Christopher Lapides 2020-09-26

In war, no one is safe. War has come to Thornstone, Tarkin's Point, and Thoriddon, throwing all three nations into chaos. Led by the demon lord Vagborar, the legions of orcs are bent on nothing less than the total annihilation of both human and dwarf. With their demonic allies, they just might succeed. But not without a fight. As Serena tries to find answers and a path to victory, Orin and Brom fight with both sword and spell to turn back the tide of darkness. Beside them are a kingdom of dwarves and a city of humans, but even they may not be enough to beat back such a force. If they hope to survive, they need to come together, but with each nation under siege, uniting as one is easier said than done. When one of them is freed from battle, hope is rekindled, but prejudices rise to the surface, threatening everything. If any of them hope to survive, past actions and old hatreds must be forgotten. Hard decisions and painful sacrifices must be made. And pride and egotism must be set aside for the greater good. If not, a new age of evil will dawn upon the world.
