Living Well, Spending Less - Ruth Soukup 2014-12-30

In Search of the Good Life Have you ever felt that your life--and budget--is spiraling out of control? Do you sometimes wish you could pull yourself together but wonder exactly how to manage all the scattered pieces of a chaotic life? Is it possible to find balance??? In a word, yes.?? Ruth Soukup knows firsthand how stressful an unorganized life and budget can be. Through personal stories, biblical truth, and practical action plans, she will inspire you to make real and lasting changes to your personal goals, home, and finances. With honesty and the wisdom of someone who has been there, Ruth will help you: * Discover your "sweet spot"--that place where your talents and abilities intersect. * Take back your time and schedule by making simple shifts in your daily habits. * Reduce stress in your home and family by clearing out the clutter. * Stop busting your budget and learn to cut your grocery bill in half. Who Needs This Book? Living Well, Spending Less was written to bring hope and encouragement to every woman who currently feels overwhelmed or stressed with a life--and budget--that feels out of control. It speaks to the mom trying to juggle all the demands of a busy life with the pressure to keep up with those around her. It is a practical guide for those of us who often long to pull ourselves together but don't always know how. It is real, honest, packed with practical tips, and speaks to the heart of the matter--how can we live the life we've always wanted? Want to know if this book is for you? * Do you ever find yourself comparing your life to those around you? * Have you ever wished for the courage to follow your dreams? * Do you ever struggle to stay organized or get things done? * Have you ever felt loaded down with stuff you don't really need...or even really want? * Do you ever struggle to keep your finances on track? * Do you sometimes long for deeper, more authentic relationships in your life? If the answer to any of these questions is YES, this book provides real and practical solutions from someone who has been there. Ruth doesn't just offer advice, she walks it with you, and shares with brutal honesty her own mistakes, failures, and shortcomings. It is encouraging, motivating, and life-changing. What Others Are Saying: "An incredible book that will teach you how to spend smart without compromising a great life. Ruth's stories and practical advice will make you want to be a better mother, wife, sister, and friend." --RACHEL CRUZE, coauthor with Dave Ramsey of Smart Money Smart Kids "Ruth knows firsthand how mamas like us live crazy busy lives, and she steps in as a friend to help us manage and love every minute of it. She offers her best tips for gaining control over the chaos with wisdom-based insights on all things thrifty and family. I'll be reading it again and again!" --RENEE SWOPE, bestselling author of A Confident Heart

Android Phones for Seniors in Easy Steps - Nick Vandome 2019-08-30

This resource starts with a detailed look at the different versions of Android, and the range of models of phones that are available. It also explains the relationship with Google and the services that can be used with an Android phone.

Android Phones for Seniors in easy steps, 2nd edition - Nick Vandome 2019-08-29

Android is the mobile operating system that is used on the majority of smartphones worldwide. It is a robust and versatile operating system that can be used by any manufacturer to add to their handsets. This means that there is a wide range of Android phones available and also different versions of Android that run on them. Android Phones for Seniors in easy steps, 2nd edition starts with a detailed look at the different versions of Android, and the range of models of phones that are available. It also explains the relationship with Google and the services that can be used with an Android phone. The book looks at using the interface of an Android phone including: · Using Home screens · Organizing apps · Viewing notifications · Locking the phone · Searching for items · Accessing the range of Android settings · Syncing with other Android Devices The book also covers all aspects of the standard communication functions that are now commonplace on smartphones: · Making and receiving calls · Making video calls · Sending text messages · Adding contacts · Sending emails · Browsing the web Android phones are excellent for a range of mobile entertainment, and the book shows how to listen to music, watch videos and read books. It also deals with taking and viewing photos so that you can use your Android phone as a replacement for a digital camera. Due to the range of versions of Android and models of phones, Android phones can sometimes appear a bit of a maze. However, Android Phones for Seniors in easy steps, 2nd edition provides a clear guide to navigate through the issues and ensure that you can get the most out of your Android phone, whichever version it is.

Updated for Android v7 Nougat. Table of Contents: 1. Introducing Android Phones 2. Models of Android Phones 3. Android Settings 4. Around an Android Phone 5. Calls and Contacts 6. Using the Keyboard 7. Messaging and Email 8. Android Apps 9. Being Entertained 10. Keeping in the Picture 11. Online with Chrome 12. Staying Secure

Computers for Seniors - Chris Ewin 2017-10-17

Android For Dummies - Dan Gookin 2020-09-09

Your comprehensive (and very friendly!) reference guide to Android phones and tablets You're used to hearing it said that the phone in your pocket or tablet by your bed has more computing power than the entire Apollo 11 space program in the 1960s (or something similarly impressive)—and this is no less true for Android devices than any other. Sounds great—but what does that actually mean you can do with them? The new edition of *Android For Dummies* reveals all for new and experienced users alike, making it easy to get the most out of the awesome computing power of Android smartphone and tablet devices—from communications and pictures and videos to the wonderful world of 2.8+ million Google apps! Cutting through the jargon, bestselling tech author Dan Gookin puts you in touch with all the Android features you'll need to know (and many more you'll be pleased to discover!), from setup and configuration to the major features, such as text, email, internet, maps, navigation, camera, and video, as well as synching with your home computer. In addition to getting familiar with these and the latest Android 10 operating system (OS)—in both Google Pixel and Samsung versions—you'll become an expert on the best ways to share your thoughts, videos, and pictures on social media, navigate with Android Auto when driving, and maintain your files so they're orderly and easy to find. Explore Android devices, from physical functions to software and online features Communicate via email, social media, Google Duo video calls, and more Tweak your privacy settings to keep your information secure Use Android Auto when driving and see in the dark with Night Light and Dark Mode Androids may be able to land a

spacecraft on the Moon (yet) but there's a whole universe waiting right there in the device at your fingertips—and this book is the perfect place to begin to explore!

Samsung Galaxy Tab S For Dummies - Dan Gookin 2015-04-28

With everything from reading to playing games and surfing the Internet, you will learn how to be productive and have fun, too! Navigate your Galaxy Tab S easily, and get acquainted with the keyboard Send e-mail, browse the Web, and tap into social media Make phone calls, take pictures, and hold video chats Play music, movies, games, and more Your Galaxy Tab S has so much to offer — it's not a computer, but it is so much more than a smartphone. *Samsung Galaxy Tab S For Dummies* is the perfect guide to getting to know your Galaxy S tablet, so settle in and see what your tablet can do.

Video Chatting for Seniors in easy steps - Nick Vandome 2021-06-24

In the digital world there is sometimes one event that can propel a technology to the forefront of the public's awareness. In the case of video chatting this has been the Covid-19 pandemic. Video chatting has been used in one form or another for many years, but it was not until the pandemic that it became an invaluable tool for millions of people around the world for keeping in touch with family and friends. As with most forms of popular technology, there are a number of elements to consider to successfully engage with the video chatting revolution. These include:

- The different devices that can be used for video chatting.
- Getting connected for video chatting, both at home using Wi-Fi, and mobile connections for when you are out and about.
- Video-chatting apps that provide the means to communicate with family and friends.

Video Chatting for Seniors in easy steps is the ideal companion to help you navigate the expanding world of video communication. It covers the following areas:

- Finding the right equipment for successful video chatting.
- Following good etiquette so that your video chats go as smoothly as possible.
- Getting set up with your video-chatting apps.
- Undertaking video chats with individuals and groups.
- Using text chat to enhance the video-chatting experience.
- Making audio calls using video-chatting apps.
- A detailed look at the most popular video-chatting apps: FaceTime; Facebook Messenger; Facebook Portal; Skype; and Zoom.

Video chatting on a range of digital devices is very much here to stay and, with *Video Chatting for Seniors in easy steps* by your side, you will be able to fully embrace it and be communicating like an expert with sound and vision.

Table of Contents: 1. The Video-Chatting Revolution 2. What You Need 3. Getting Started 4. Following Good Practice 5. Zoom 6. Skype 7. FaceTime 8. Messenger 9. Facebook Portal

How to Break Up with Your Phone - Catherine Price 2018-02-13

Packed with tested strategies and practical tips, this book is the essential, life-changing guide for everyone who owns a smartphone. Is your phone the first thing you reach for in the morning and the last thing you touch before bed? Do you frequently pick it up “just to check,” only to look up forty-five minutes later wondering where the time has gone? Do you say you want to spend less time on your phone—but have no idea how to do so without giving it up completely? If so, this book is your solution. Award-winning journalist Catherine Price presents a practical, hands-on plan to break up—and then make up—with your phone. The goal? A long-term relationship that actually feels good. You’ll discover how phones and apps are designed to be addictive, and learn how the time we spend on them damages our abilities to focus, think deeply, and form new memories. You’ll then make customized changes to your settings, apps, environment, and mindset that will ultimately enable you to take back control of your life.

Android Smartphones For Seniors For Dummies - Marsha Collier 2021-10-25

The quickest and easiest way to outsmart your Android smartphone. Android smartphones, like the Samsung Galaxy and Google Pixel models, offer great ways to simplify and enhance your life. From easy ways to stay in touch with your friends and family to helpful reminders for everyday tasks, Android phones can keep you connected and current at all times. Sometimes, though, the learning curve can seem a little steep. But it doesn’t have to! *Android Phones For Seniors For Dummies* is your one-stop guide to discovering the essentials on how to take charge of your Android-powered phone. It skips the techspeak and confusing jargon to deliver key information in a straightforward and reader-friendly way. With this book, you’ll learn to: Navigate your way around your smartphone so you can easily open and close apps, access info, and see photos Read your email and messages so you can stay in touch with the important people in your life Secure your phone so you can be assured that you, and only you, can access the sensitive data on it Printed using larger-print type and accompanied by full-color pictures that show you how to apply the step-by-step instructions, this easy handbook is the only resource you’ll need to make the most of your Android phone.

Android Smartphones Made Easy - James Bernstein 2019-07-28

Within the last decade, smartphones have gone from something only technically savvy people enjoyed to a daily device that can be used by anyone from children to grandparents. These days you are in the minority if you don't have a smartphone and are missing out on all the wonderful things you can do with them. As these smartphones keep getting more advanced, some people may find it hard to keep up with everything they can do and how to do even the simplest of tasks. Not everyone is a tech genius and since our smartphones generally don't come with instruction guides we are left to figure it out on our own. The goal of this book is to get you up and running on your smartphone without confusing you in the process or making you feel like a dummy. Whether you are just getting started using a smartphone or have had one for some time and would like to become more proficient in its operation this book will help you do so. Its written so people with no experience can easily grasp the concepts and people with experience can gain some new skills and sharpen the ones they already have. Most importantly its filled with pictures to help explain these concepts so you aren't left guessing how the words you are reading actually relate to using your phone. The chapters in the book cover the following topics: Chapter 1 - What is a Smartphone Chapter 2 - Setting Up Your New Phone Chapter 3 - The Home Screen Chapter 4 - Notifications Chapter 5 - Installing Apps Chapter 6 - Setting Up Email Chapter 7 - Browsing the Internet Chapter 8 - Taking Pictures and Video Chapter 9 - Listening to Music Chapter 10 - Contacts Chapter 11 - Making Phone Calls Chapter 12 - d104ing Chapter 13 - Configuring Your Phone's Settings Chapter 14 - Navigation Chapter 15 - Security Chapter 16 - Tips and Tricks About the Author James Bernstein has been working with various companies in the IT field since 2000, managing technologies such as SAN and NAS storage, VMware, backups, Windows Servers, Active Directory, DNS, DHCP, Networking, Microsoft Office, Exchange, and more. He has obtained certifications from Microsoft, VMware, CompTIA, ShoreTel, and SNIA, and continues to strive to learn new technologies to further his knowledge on a variety of subjects. He is also the founder of the website

OnlineComputerTips.com, which offers its readers valuable information on topics such as Windows, networking, hardware, software, and troubleshooting. Jim writes much of the content himself and adds new content on a regular basis. The site was started in 2005 and is still going strong today.

iGen - Jean M. Twenge 2017-08-22

As seen in Time, USA TODAY, The Atlantic, The Wall Street Journal, and on CBS This Morning, BBC, PBS, CNN, and NPR, *iGen* is crucial reading to understand how the children, teens, and young adults born in the mid-1990s and later are vastly different from their Millennial predecessors, and from any other generation. With generational divides wider than ever, parents, educators, and employers have an urgent need to understand today's rising generation of teens and young adults. Born in the mid-1990s up to the mid-2000s, *iGen* is the first generation to spend their entire adolescence in the age of the smartphone. With social media and texting replacing other activities, *iGen* spends less time with their friends in person—perhaps contributing to their unprecedented levels of anxiety, depression, and loneliness. But technology is not the only thing that makes *iGen* distinct from every generation before them; they are also different in how they spend their time, how they behave, and in their attitudes toward religion, sexuality, and politics. They socialize in completely new ways, reject once sacred social taboos, and want different things from their lives and careers. More than previous generations, they are obsessed with safety, focused on tolerance, and have no patience for inequality. With the first members of *iGen* just graduating from college, we all need to understand them: friends and family need to look out for them; businesses must figure out how to recruit them and sell to them; colleges and universities must know how to educate and guide them. And members of *iGen* also need to understand themselves as they communicate with their elders and explain their views to their older peers. Because where *iGen* goes, so goes our nation—and the world.

iPad for Seniors in easy steps, 12th edition - Nick Vandome 2022-11-28

This bestselling guide, *iPad for Seniors in easy steps, 12th edition*, is updated to cover iPadOS 16. Android Phones for Beginners & Seniors - Pharm Ibrahim 2018-07-17

Please note that this paperback has a black-and-white interior and a full-color cover Finally, a simplified guide on Android Phones is here--this guide is indeed a splendid companion for phones using Android OS 8.0/8.1 (Android Oreo). This is a very thorough, no-nonsense guide, useful for both experts and newbies. This guide contains a lot of information on Android Phones. It is full of actionable steps, hints, notes, screenshots and suggestions. This guide is particularly useful for newbies/beginners and seniors; nevertheless, I strongly believe that even the techy guys will find some benefits reading it. This Book Can Be Used As A Manual For: >Moto E5, E5 Play and E5 Plus >Moto G6, G6 Play and G6 Plus >Sony Xperia XZ2, XZ2 Compact and XZ2 Premium >Sony Xperia XA2 and XA2 Ultra >Samsung Galaxy S9 and S9 Plus >Samsung Galaxy J3, J4, J6, J7, J7 Duo and J8 (2018 Models) >Huawei Mate 10 and 10 Pro >LG G7 ThinQ and LG Stylo 4 >And many other Android 8/8.1 phones Enjoy yourself as you go through this very comprehensive guide. PS: Please make sure you do not give the gift of an Android Phone without giving this companion guide alongside with it. This guide makes your gift a complete one.

Windows 10 in easy steps - Nick Vandome 2015-08-11

Covers the final Windows 10 version released 29th July 2015 Windows 10 is the successor to Windows 8 (there is no Windows 9) and addresses several of the issues from Windows 8 and 8.1, to ensure that it is easier to work with on both desktop and mobile devices. Windows 8 and 8.1 was designed to combine the familiar Microsoft operating system across desktop and mobile devices. This proved to be an aspiration that was not without its problems; it seemed like two separate operating systems bolted together, without completely satisfying either environment. Windows 10 introduces a range of new features to tailor the operating

system more for specific devices, so that the desktop version is more suited to use with a mouse and keyboard and the mobile version is better suited to touchscreen devices such as Windows 10 tablets and smartphones. Windows 10 in easy steps provides full-colour and comprehensive coverage of the new operating system and shows how to get the most out of it, whether you are using a desktop computer or a mobile device. It details the new features and shows how these integrate with the more traditional elements of the operating system. It covers the new features, and includes: Upgrading to Windows 10 and personalising it for your needs; Getting to grips with the Windows 10 interface, navigating with the Start Menu, the Start button, and the new Taskbar; Customising the new live tiles feature, so that you can create your own look and feel; Accessing and downloading apps, and how to work with them and organise them; Working with files and folders, using OneDrive for free storage and sharing files; Using Cortana, the Personal Digital Assistant, to search your computer or the web, or to perform actions like opening apps or documents; Getting online with the new browser, Microsoft Edge, and keeping in touch by email and Skype; Perfecting photos, viewing movies, playing music and games Windows 10 is one of the most significant upgrades in Microsoft's history and Windows 10 in easy steps is ideal for newbies and for those wanting to quickly grasp the essentials in the new version. Updates to the features covered in the book are downloadable for FREE from the In Easy Steps website!

IPad for Seniors 9th Edition in Easy Steps - Nick Vandome 2019-10-31

The whole series is designed to save learning time and guaranteed to give the best value. Whether you want to get to grips with Windows, Photoshop or even the latest digital gadget, these easy-to-follow guides are the perfect companion for fast and productive learning. Written in a jargon-free, easy-to-follow style with helpful graphics, the In Easy Steps books explain everything the user needs to know to get working with a new device, programming language, software, electronics, or to sharpen up other professional skills. Each chapter takes you step-by-step through the functions and uses of a program. Every page is packed with visual guides so that what you see on your screen is exactly the same in the book - you simply can't go wrong!

[Building Android Apps with HTML, CSS, and JavaScript](#) - Jonathan Stark 2010-09-27

If you know HTML, CSS, and JavaScript, you already have the tools you need to develop Android applications. This hands-on book shows you how to use these open source web standards to design and build apps that can be adapted for any Android device -- without having to use Java. You'll learn how to create an Android-friendly web app on the platform of your choice, and then convert it to a native Android app with the free PhoneGap framework. Discover why device-agnostic mobile apps are the wave of the future, and start building apps that offer greater flexibility and a broader reach. Learn the basics for making a web page look great on the Android web browser Convert a website into a web application, complete with progress indicators and more Add animation with jQTouch to make your web app look and feel like a native Android app Take advantage of client-side data storage with apps that run even when the Android device is offline Use PhoneGap to hook into advanced Android features -- including the accelerometer, geolocation, and alerts Test and debug your app on the Web under load with real users, and then submit the finished product to the Android Market This book received valuable community input through O'Reilly's Open Feedback Publishing System (OFPS). Set up your tablet, configure the Home screen, and get connected Surf the web, send and receive email and texts, and use video chat and social media to keep in touch with family and friends Have fun with photos, videos, games, eBooks, music, and movies Get up and running with the Nougat

Operating System If you're eager to learn the ins and outs of your Android device—but don't want to pull your hair out in the process—this one-stop guide has you covered.

Half Sick of Shadows - Laura Sebastian 2021-07-06

"Laura Sebastian is the next Madeline Miller. . . a fierce, fresh, lyrical tale that will enthrall until the last page."--Kate Quinn, New York Times bestselling author of *The Huntress* A Popsugar Best Summer Read of 2021 A Bibliolifestyle Most Anticipated Summer 2021 Sci-fi and Fantasy Book "Magical, haunting, unique--I haven't been so excited about an Arthur book since I read *The Once and Future King* ."--Tamora Pierce, #1 New York Times bestselling author *The Lady of Shalott* reclaims her story in this bold feminist reimagining of the Arthurian myth from the New York Times bestselling author of *Ash Princess*. Everyone knows the legend. Of Arthur, destined to be a king. Of the beautiful Guinevere, who will betray him with his most loyal knight, Lancelot. Of the bitter sorceress, Morgana, who will turn against them all. But Elaine alone carries the burden of knowing what is to come--for Elaine of Shalott is cursed to see the future. On the mystical isle of Avalon, Elaine runs free and learns of the ancient prophecies surrounding her and her friends--countless possibilities, almost all of them tragic. When their future comes to claim them, Elaine, Guinevere, Lancelot, and Morgana accompany Arthur to take his throne in stifling Camelot, where magic is outlawed, the rules of society chain them, and enemies are everywhere. Yet the most dangerous threats may come from within their own circle. As visions are fulfilled and an inevitable fate closes in, Elaine must decide how far she will go to change destiny--and what she is willing to sacrifice along the way.

[Alexa for Seniors in easy steps](#) - Nick Vandome 2020-06-16
