### **Homes for Our Time. Contemporary Houses Around the World** -

Philip Jodidio 2019-01-12

Across small cottages and lavish villas, beach houses and forest refuges, discover the world's finest crop of new homes. This cutting-edge global digest features such talents as Shigeru Ban, MVRDV, and Marcio Kogan alongside up-and-coming names like Aires Mateus, Xu Fu-Min, Vo Trong Nghia, Desai Chia, and Shunri Nishizawa. Here, there are homes in Australia and New Zealand, from China and Vietnam, in the United States and Mexico, and on to less expected places like Ecuador and Costa Rica. The result is a sweeping survey of the contemporary house and a revelation that homes across the globe may have more in common than expected. Among guava trees and abandoned forts in Western India is a sanctuary designed for and by Kamal Malik of Malik Architecture. The House of Three Streams is a sprawling spectacle with high ceilings, verandas, and pavilions, perched atop a ridge overlooking two ravines. A medley of steel, glass, wood, and stone, the house weaves along the contour of the landscape, almost as an extension of the forest. Encina House by Aranguren & Gallegos, an elegant, sloping structure reminiscent of a gazebo, similarly inhabits its surrounding vista. Ensnared in a pine forest north of Madrid, the lower level is embedded in rock and connected to the upper by a natural stone wall. Shinichi Ogawa's Seaside House is an immaculate two-story minimalist marvel in Kanagawa that overlooks the Pacific. Its living area spills onto a cantilevered terrace and infinity pool, almost dissolving into the ocean as one seamless entity. In Vietnam, Shunri Nishizawa's House in Chau Doc exudes tropical sophistication with exposed timber beams, woven bamboo, plants, concrete panels, and inner balconies and terraces. Its corrugated iron panels act as moveable walls and shutters, ushering in

views of surrounding rice fields. These homes--along with more than 50 others--are each remarkably distinct in design. They all, however, toe the line between inside and outside, each one symbiotic with its surroundings.

*HOW TO LEARN SPANISH IN 30 DAYS* - Giovanni Sordelli 2021-10-19

This book will allow you to learn Spanish in only 30 days, starting from scratch. And this is more than a simple promise. Let me explain... The method is very simple: this book is divided in 30 chapters, one for each day, to let you learn the basics of this language in just one month. To make the most of this course, you just need to follow one rule: reading one chapter every day, no more, no less. If you follow this rule and the guidelines included in this book, the result is guaranteed. Forget about the usual boring grammar courses, with their impersonal style. "How to learn Spanish in 30 days" has been created with all the trappings of self-help, as a practical manual, with a personal, fun and motivational touch. It is full of many curious anecdotes and useful pieces of advice not only to speak in Spanish, but also to help you while travelling. If you are still not convinced, keep reading... FROM THE PREFACE... (...) You are going to tell me: "so, in 30 days I will be able to learn an entire language?!". The answer is YES! First of all, as any valuable product, it has brilliantly passed the quality check: friends and relatives have tested this manual and the following month they did pretty well with grammar and vocabulary, trust me. Of course, in 30 days no one becomes a native speaker: but you can build a strong foundation on which to build a beautiful house. Do you get what I mean? Studying a little bit every day is a secret as simple as it is effective to make the learning easier and quicker. I will give you the opportunity to analyse in depth every little secret about grammar and vocabulary, and you must really promise me that you will do everything you can to complete this rich training: consult online newspapers, watch films or TV series with subtitles, read a good book with a dictionary next to you, in short take every little opportunity to be in contact with Spanish as much as possible. Then there will be space for real dialogues in Spanish, the testing ground for your theoretical skills. When you go on holiday to a Spanish-speaking country

or you will have to use Spanish in any other situation, you will just want to do your best. Think about this: one month. 30 days of studying will help you learning a new language, improving your curriculum, immersing yourself in a new and different world. It will be a special month, and you will be satisfied.

Translating Cultures - David Katan 2014-06-03

As the 21st century gets into stride so does the call for a discipline combining culture and translation. This second edition of *Translating Cultures* retains its original aim of putting some rigour and coherence into these fashionable words and lays the foundation for such a discipline. This edition has not only been thoroughly revised, but it has also been expanded. In particular, a new chapter has been added which focuses specifically on training translators for translational and intercultural competencies. The core of the book provides a model for teaching culture to translators, interpreters and other mediators. It introduces the reader to current understanding about culture and aims to raise awareness of the fundamental role of culture in constructing, perceiving and translating reality. Culture is perceived throughout as a system for orienting experience, and a basic presupposition is that the organization of experience is not 'reality', but rather a simplified model and a 'distortion' which varies from culture to culture. Each culture acts as a frame within which external signs or 'reality' are interpreted. The approach is interdisciplinary, taking ideas from contemporary translation theory, anthropology, Bateson's logical typing and metamessage theories, Bandler and Grinder's NLP meta-model theory, and Hallidayan functional grammar. Authentic texts and translations are offered to illustrate the various strategies that a cultural mediator can adopt in order to make the different cultural frames he or she is mediating between more explicit.
