Manwhore - Katy Evans
2015-03-24
Book 1 in the sexy Manwhore series from the New York Times bestselling author of REAL. Is it possible to expose Chicago's hottest player—without getting played? This is the story I've been waiting for all my life, and its name is Malcolm Kyle Preston Logan Saint. Don't be fooled by that last name

though. There's nothing holy about the man except the hell his parties raise. The hottest entrepreneur Chicago has ever known, he's a man's man with too much money to spend and too many women vying for his attention. Mysterious. Privileged. Legendary. His entire life he's been surrounded by the press as they dig for tidbits to see if his fairytale life is for real or all

mirrors and social media lies. Since he hit the scene, his secrets have been his and his alone to keep. And that's where I come in. Assigned to investigate Saint and reveal his elusive personality, I'm determined to make him the story that will change my career. But I never imagined he would change my life. Bit by bit, I start to wonder if I'm the one discovering him...or if he's uncovering me. What happens when the man they call Saint, makes you want to sin?

Never Let Go - Scarlett Edwards 2013-10-31

Inspired by true events...The first day of college gives every girl a chance to reinvent herself. I go and screw mine up by meeting the most gorgeous guy I've seen in five years while talking to my cat. But Andrew Crouner is far from judgmental. By the end of our interaction, he has me smitten by his easy manner and kind smile. And from the way his eyes linger on me before he leaves, I start to think that maybe I've caught his attention, too. I let myself

believe that luck may finally be on my side. That is, until I stumble on my roommate, and her overnight guest: Spencer Ashford. Lean, tattooed, and sexy as sin, Spencer is exactly the type I need to avoid. I would have no trouble with that... were it not for his swift and inexplicable interest in me. Suddenly, I go from a girl with next-to-no experience with boys to one caught in the crosshairs of two completely different men. Andrew's interest is wholesome and sweet. Spencer's is edgy and raw. My choice should be easy. But there are always complications, and sometimes, matters of the heart take the least expected turns.

those who wait. Bullsh*%! My whole life has been about waiting. Playing it safe. Be the good girl, don't color outside the lines. Put in the hard work trying to prove myself to Dad, then to my college professors, then to my boss at New World Media. Just waiting for the day when it will all pay off. And right when it was all starting to--I finally had the house, the job, I was even thinking about getting a cat--boom!--my life explodes and suddenly now I'm here and-- "All done," the doctor interrupts my thoughts, pulling off her gloves with a loud snap. Even from the bed where I'm lying, my legs spread like the Thanksgiving turkey, I can hear the impatient growl of the man standing in the doorway. If you can even call him a man. More like a beast out of a friggin' fairytale. "Well?" Her pronouncement echoes throughout the room while the speculum is still inside me. "She's a virgin."

Contract Theory - Stephen A. Smith 2004-03-25

This book is both an

examination of, and a contribution to, our understanding of the theoretical foundations of the common law of contract. Focusing on contemporary debates in contract theory, Contract Theory aims to help readers better understand the nature and justification of the general idea of contractual obligation, as well as the nature and justification of the particular rules that make up the law of contract. The book is in three parts. Part I introduces the idea of 'contract theory', and presents a framework for identifying, classifying, and evaluating contract theories. Part II describes and evaluates the most important general theories of contract; examples include promissory theories, reliance-based theories, and economic theories. In Part III, the theoretical issues raised by the various specific doctrines that make up the law of contract (e.g., offer and acceptance, consideration, mistake, remedies, etc.) are examined in separate chapters. The legal focus of the book is

the common law of the United Kingdom, but the theoretical literature discussed is international in origin; the arguments discussed are thus relevant to understanding the law of other common law jurisdictions and, in many instances, to understanding the law of civil law jurisdictions as well.

The Master Key System -

Charles F. Haanel 2021-07-23

The Master Key System is a personal development book by Charles F. Haanel that was originally published as a 24-week correspondence course. The ideas it describes and explains come mostly from New Thought philosophy. It was one of the main sources of inspiration for Rhonda Byrne's film and book *The Secret*. The book describes many beliefs such as the law of attraction, creative visualization and man's unity with God, and teaches the importance of truth, harmonious thinking and the ability to concentrate.

Feed - Mira Grant 2010-05-01

The year was 2014. We had cured cancer. We had beat the

common cold. But in doing so we created something new, something terrible that no one could stop. The infection spread, virus blocks taking over bodies and minds with one, unstoppable command: FEED. Now, twenty years after the Rising, Georgia and Shaun Mason are on the trail of the biggest story of their lives-the dark conspiracy behind the infected. The truth will out, even if it kills them. FEED is the electrifying and critically acclaimed novel of a world a half-step from our own---a novel of geeks, zombies, politics and social media.

Topics such as privacy and intellectual property are explored through multiple ethical theories, encouraging readers to think critically about these issues and to make their own ethical decisions.

The Sleeping Lotus - Scottie Kaye 2020-03-14

DON'T ACCEPT YOUR FATE. AWAKEN IT. When Raena Barren reaches the capital of the enemy nation of Optic, she thinks her problems are over. All she has to do is tell King Daisuke about Apex, and he can take them down and leave Raena out of it. After that, Raena can spend her last two weeks dreaming of Garen? before both she and her unborn child will be dead. But as usual for Raena, it's not that easy. King Daisuke is unknowingly being shadowed by Anna Null-- and if Raena tells him anything,

Anna will kill him. After bonding with Daisuke over their shared broken hearts, Raena can't risk depriving his infant son of a father. So, to stop Apex, Raena must find a way to draw its leader out of hiding, kill him, and free all his prisoners? all without Anna noticing, and all before her curse runs its course. This time, her only allies are the dashing Logan Cards, and her own recently-escaped mother, Magpie. But when Magpie shares the sickening truth at the root of Raena's abilities, Raena finally cracks under pressure. Broken and bereaved, her only hope of survival is to trade away her identity for a dark and ancient magic? but whether she saves the world--or ends it--Raena Barren will be too dead to care.

The Milan Contract - Stephen Franks 2020-12-11

'Except for the ugly brown bullet hole, the corpse could have been the image of the man in the mirror'. Lukas Stolz, an ex-East German maths guru is shot dead outside the Hotel Napoli in Milan. Career criminal, Pete Salterton who was staying at the same hotel, believes the bullet was meant

for him. Lieutenant Raphael Conza's investigations lead him to a vital witness; Nyala Abebe, a young Ethiopian migrant who may know the moped rider seen leaving the murder scene. Another witness goes missing and someone is leaking details about the case. The gang behind the murder will stop at nothing to cover their tracks and Lieutenant Conza finds himself fighting powerful allies who are protecting them. He soon realises he's out of his depth in pursuit of brutal assassins in both Italy and the UK and has to reconsider his options after discovering a fifty-year old story of betrayal in cold-war Germany.

The Jungle - Upton Sinclair
2010-08-19

A searing novel of social realism, Upton Sinclair's *The Jungle* follows the fortunes of Jurgis Rudkus, an immigrant who finds in the stockyards of turn-of-the-century Chicago a ruthless system that degrades and impoverishes him, and an industry whose filthy practices contaminate the meat it processes. From the stench of

the killing-beds to the horrors of the fertilizer-works, the appalling conditions in which Jurgis works are described in intense detail by an author bent on social reform. So powerful was the book's message that it caught the eye of President Theodore Roosevelt and led to changes to the food hygiene laws. In his Introduction to this new edition, Russ Castronovo highlights the aesthetic concerns that were central to Sinclair's aspirations, examining the relationship between history and historical fiction, and between the documentary impulse and literary narrative. As he examines the book's disputed status as novel (it is propaganda or literature?), he reveals why Sinclair's message-driven fiction has relevance to literary and historical matters today, now more than a hundred years after the novel first appeared in print.

Evil. That is really the best way to describe Jeremy Stonehart.

When he was Stonehart. Is he that anymore? I don't know. As he reveals more and more of himself to me, I start to see a glimmer of the man beneath the surface. I start to understand, in some small way, that even evil comes from a source, from some initial seed that sprouted and took hold of a person's soul. Evil is what Jeremy was. But is it what he will continue to be? I will only find out by sticking to him until the very end. It is my only choice. It is my only option. It is the only way I will get answers, and the only way that I will get...Revenge.

reading, empathy, and altruism. Drawing on psychology, narrative theory, neuroscience, literary history, philosophy, and recent scholarship in discourse processing, Keen brings together resources and challenges for the literary study of empathy and the psychological study of fiction reading. Empathy robustly enters into affective responses to fiction, yet its role in shaping the behavior of emotional readers has been debated for three centuries. Keen surveys these debates and illustrates the techniques that invite empathetic response. She argues that the perception of fictiveness increases the likelihood of readers' empathy in part by releasing them from the guarded responses necessitated by the demands of real others. Narrative empathy is a strategy and subject of contemporary novelists from around the world, writers who tacitly endorse the potential universality of human emotions when they call upon their

readers' empathy. If narrative empathy is to be taken seriously, Keen suggests, then women's reading and responses to popular fiction occupy a central position in literary inquiry, and cognitive literary studies should extend its range beyond canonical novels. In short, Keen's study extends the playing field for literature practitioners, causing it to resemble more closely that wide open landscape inhabited by readers.

relationship, or achieve one of our personal goals. However, this rarely happens. Good fortune is often followed by negative emotions that overtake us and result in destructive behaviors. "I don't deserve this," "this is too good to be true," or any number of harmful thought patterns prevent us from experiencing the joy and satisfaction we have earned. Sound familiar? This is what New York Times bestselling author Gay Hendricks calls the Upper Limit Problem, a negative emotional reaction that occurs when anything positive enters our lives. The Upper Limit Problem not only prevents happiness, but it actually stops us from achieving our goals. It is the ultimate life roadblock. In *The Big Leap*, Hendricks reveals a simple yet comprehensive program for overcoming this barrier to happiness and fulfillment, presented in a way that engages both the mind and heart. Working closely with more than one thousand extraordinary achievers in

business and the arts—from rock stars to Fortune 500 executives—whose stories are featured in these pages, the book describes the four hidden fears that are at the root of the Upper Limit Problem. The *Big Leap* delivers a proven method for first identifying which of these four fears prevents us from reaching our personal upper limit, and then breaking through that limitation to achieve what Hendricks refers to as our Zone of Genius. Hendricks provides a clear path for achieving our true potential and attaining not only financial success but also success in love and life.

do we talk about bias? How do we address racial disparities and inequities? What role do our institutions play in creating, maintaining, and magnifying those inequities? What role do we play? With a perspective that is at once scientific, investigative, and informed by personal experience, Dr. Jennifer Eberhardt offers us the language and courage we need to face one of the biggest and most troubling issues of our time. She exposes racial bias at all levels of society—in our neighborhoods, schools, workplaces, and criminal justice system. Yet she also offers us tools to address it. Eberhardt shows us how we can be vulnerable to bias but not doomed to live under its grip. Racial bias is a problem that we all have a role to play in solving.

Football Leaks - Rafael Buschmann 2018-05-14
One anonymous football fan. 18.6 million confidential documents. This is the explosive story of the biggest leak in sporting history, and

the shady underworld of modern football. In 2016, a whistleblower known only as 'John' started to leak a treasure trove of top-secret files to German newspaper Der Spiegel. These documents reveal the clandestine dealings of clubs, players and agents at the highest echelons of international football. And the story they tell is astonishing. From the eye-popping details of player transfers including Neymar Jr, Pogba and Coutinho, to the loopholes and opaque tax structures that ensure maximum earnings for players and agents alike, this is a tale rife with rapacious greed and questionable deals. At the same time, it is the gripping story of a fan who wanted to free football from its corrupt overlords - and now finds himself on the run.

The Year of Living Danishly -
Helen Russell 2015-01-08

* NOW WITH A NEW

CHAPTER * 'A hugely enjoyable romp through the pleasures and pitfalls of setting up home in a foreign land.' - Guardian Given the opportunity of a new life in rural Jutland, Helen Russell discovered a startling statistic: Denmark, land of long dark winters, cured herring, Lego and pastries, was the happiest place on earth. Keen to know their secrets, Helen gave herself a year to uncover the formula for Danish happiness. From childcare, education, food and interior design to SAD and taxes, *The Year of Living Danishly* records a funny, poignant journey, showing us what the Danes get right, what they get wrong, and how we might all live a little more Danishly ourselves. In this new edition, six years on Helen reveals how her life and family have changed, and explores how Denmark, too - or her understanding of it - has shifted. It's a messy and flawed place, she concludes - but can

still be a model for a better way of living.

Portnoy's Complaint - Philip Roth 2011-04-13

The groundbreaking novel that propelled its author to literary stardom: told in a continuous monologue from patient to psychoanalyst, Philip Roth's masterpiece draws us into the turbulent mind of one lust-ridden young Jewish bachelor named Alexander Portnoy.

Portnoy's Complaint n. [after Alexander Portnoy (1933-)] A disorder in which strongly-felt ethical and altruistic impulses are perpetually warring with extreme sexual longings, often of a perverse nature.

It is believed by Spielvogel that many of the symptoms can be traced to the bonds obtaining in the mother-child relationship.

Deep Time Dreaming - Billy Griffiths 2018-02-26

People would have known about Australia before they saw it. Smoke billowing above the sea spoke of a land that lay beyond the horizon. A dense cloud of migrating birds may have pointed the way. But the first Australians were voyaging into the unknown. Soon after Billy Griffiths joins his first archaeological dig as camp manager and cook, he is hooked. Equipped with a historian's inquiring mind, he embarks on a journey through time, seeking to understand the extraordinary deep history of the Australian continent.

Deep Time Dreaming is the passionate product of that journey. It investigates a twin revolution: the reassertion of Aboriginal identity in the second half of the twentieth century, and the uncovering of the traces of ancient Australia. It explores what it means to live in a place of great antiquity, with its complex questions of ownership and belonging. It is about a slow shift in national consciousness: the deep time dreaming that has changed the way many of us relate to this continent and its enduring, dynamic human history. Finding the Mother Tree - Suzanne Simard 2021-05-04
NEW YORK TIMES BEST SELLER • From the world's leading forest ecologist who forever changed how people view trees and their connections to one another and to other living things in the forest—a moving, deeply personal journey of discovery Suzanne Simard is a pioneer on the frontier of plant communication and intelligence; her TED talks have been viewed by more than 10 million people worldwide. In this, her first book, now available in paperback, Simard brings us into her world, the intimate world of the trees, in which she brilliantly illuminates the fascinating and vital truths—that trees are not simply the source of timber or pulp, but are a complicated,

interdependent circle of life; that forests are social, cooperative creatures connected through underground networks by which trees communicate their vitality and vulnerabilities with communal lives not that different from our own. Simard writes--in inspiring, illuminating, and accessible ways—how trees, living side by side for hundreds of years, have evolved, how they learn and adapt their behaviors, recognize neighbors, compete and cooperate with one another with sophistication, characteristics ascribed to human intelligence, traits that are the essence of civil societies--and at the center of it all, the Mother Trees: the mysterious, powerful forces that connect and sustain the others that surround them. And Simard writes of her own life, born and raised into a logging world in the rainforests of British Columbia, of her days as a child spent cataloging the trees from the forest and how she came to love and respect them. And as she writes of her

scientific quest, she writes of her own journey, making us understand how deeply human scientific inquiry exists beyond data and technology, that it is about understanding who we are and our place in the world.

Make Your Story a Movie -

John Robert Marlow

2012-12-11

\$50 Billion of Advice in One

Book* Have you ever wondered why some books and stories are adapted into movies, and others aren't? Or wished you could sit down and pick the brains of the people whose stories have been adapted--or the screenwriters, producers, and directors who adapted them? Author John Robert Marlow has done it for you. He spoke to book authors, playwrights, comic book creators and publishers, as well as Hollywood screenwriters, producers and directors responsible for adapting fictional and true stories into Emmy-winning TV shows, Oscar-winning films, billion-dollar megahits and smaller independents. Then he talked to the entertainment

attorneys who made the deals. He came away with a unique understanding of adaptations--an understanding he shares in this book: which stories make good source material (and why); what Hollywood wants (and doesn't); what you can (and can't) get in a movie deal; how to write and pitch your story to maximize the chances of a Hollywood adaptation--and how much (and when) you can expect to be paid. *This book contains the distilled experience of creators, storytellers and others whose works have earned over \$50 billion worldwide. Whether you're looking to sell film rights, adapt your own story (alone or with help), or option and adapt someone else's property--this book is for you.

Uncovering You 5 - Scarlett Edwards 2014-07-30

I am mentally exhausted. I am at my wit's end. I am in the dark, again, with no end in sight. But just when all hope seems lost, a light appears at the end of the tunnel. A confession... that breaks me from the stranglehold of

hopelessness and despair. An admission... that brings new dimensions to the man who is shrouded in secrecy. Stonehart's revelation can never change what he's done to me. But can it be enough to make a difference in how I see him? As old questions are answered, new ones arise: Is it possible for a man to change? Is it possible for him to repent for all his sins? And, perhaps most important of all: Is it possible for me to forgive?

The Racial Contract - Charles W. Mills 2022-04-15

The Racial Contract puts classic Western social contract theory, deadpan, to extraordinary radical use. With a sweeping look at the European expansionism and racism of the last five hundred years, Charles W. Mills demonstrates how this peculiar and unacknowledged "contract" has shaped a system of global European domination: how it brings into existence "whites" and "non-whites," full persons and sub-persons, how it influences white moral theory and moral psychology;

and how this system is imposed on non-whites through ideological conditioning and violence. The Racial Contract argues that the society we live in is a continuing white supremacist state. As this 25th anniversary edition—featuring a foreword by Tommy Shelbie and a new preface by the author—makes clear, the still-urgent *The Racial Contract* continues to inspire, provoke, and influence thinking about the intersection of the racist underpinnings of political philosophy.

Strengthening Forensic Science in the United States - National Research Council
2009-07-29

Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the

reliability of work, establish enforceable standards, and promote best practices with consistent application. *Strengthening Forensic Science in the United States: A Path Forward* provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. *Strengthening Forensic Science in the United States* gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. by his side. To become one of Jorr's operatives, however, Raena must get to know her own body, and outsmart the deadly people around her. She must also sell her innocence to whatever man pays the most? even if that man can't be Jorr.

The Red Files - Lee Winter
2021-07

Rival reporters team up for the story of their careers in this lesbian romantic suspense filled with humor, twists, and one fierce ice queen. Ambitious Daily Sentinel journalist Lauren King is chafing on LA's vapid social circuit, reporting on glam, A-list parties while sparring with her rival-the formidable, icy Catherine Ayers. Ayers is an ex-Washington DC political correspondent who suffered a humiliating fall from grace, and her acerbic tongue keeps everyone at bay. Everyone, that is, except knockabout Iowa girl King, who is undaunted, unimpressed and gives as good as she gets. One night a curious story unfolds before their eyes: One business launch, 34 prostitutes and a

pallet of missing pink champagne. What on earth does it mean? King and Ayers join forces but they might find a lot more than just a passion for news on the dusty road to Nevada.

Making Her His - Lucy Leroux
2014-11-30

For almost five years, Alex has had one obsession. Her name is Elynn. Alex Hanas couldn't believe that after so many years as a widower, his father was getting remarried. To make matters worse, the American gold digger had a kid-a daughter named Elynn. After months of avoiding it, Alex goes to brunch with every intention of giving his father's new family the deep freeze. But he can't pull it off with Elynn's anxious green-grey eyes locked on him. That was the day his life changed. Four years later, Alex is as close to Elynn as a stepbrother can be. But that's not enough for him. He wants more...and he's done waiting.

Uncovering Student Ideas in Science: 25 more formative assessment probes - Page Keeley 2007

The popular features from Volume 1 are all here. The field-tested probes are short, easy to administer, and ready to reproduce. Teacher materials explain science content and suggest grade-appropriate ways to present information. But Volume 2 covers more life science and Earth and space science probes. Volume 2 also suggests ways to embed the probes throughout your instruction, not just when starting a unit or topic.
