Mike Morrison 2019-08-26

Not to give them a platform to blow their own trumpet, but to get to the heart of what made them tick, how their journey had unfolded and what insights they'd picked up along the way. We had the privilege of uncovering some absolute gold in those conversations - an incredible wealth of insight and experience that was just too valuable to leave languishing in the archives of the podcast, so

we've compiled the biggest takeaways into this book.

These are real people, real memberships, real stories. Enjoy.
