Vampirology - Kathryn Harkup 2021-06-08
Our fascination with the vampire myth has scarcely diminished since Bram Stoker's publication of the classic Dracula tale in 1897, but how much of the lore is based in fact and can science explain the origins of horror's most famous fiend? Vampirology charts the murky waters of the vampire myth - from stories found in many cultures across the globe to our sympathetic pop-culture renditions today - to investigate how a scientific interpretation may shed light on the fears and phenomena of the vampire myth.

Dead End Dating - Kimberly Raye 2006-08-29
BITING IS SO LAST SEASON. A vivacious vampire with a flair for accessorizing, Lil Marchette is unlike most of her kind. She prefers lively shades of pink to dismal black (soo not her color), plus she's a hopeless romantic. In need of a steady paycheck to support a compulsive cosmetics habit, Lil starts Dead End Dating (DED), a Manhattan-based matchmaking service that helps smart, sophisticated singles like herself find eternity mates-and may even help her stake a claim to her very own Count Right! When Lil meets geeky vampire Francis Deville, she knows he's the perfect first client. If she can hook up Francis-after a little revamping, of course-she will prove her skills to the vampire community and turn DED into the hottest dating service in the Big Apple. But just as her business takes off, Lil meets the (literally) drop-dead gorgeous bounty hunter Ty Bonner, who is hot

on the chase of a serial killer. Instantly drawn to the luscious vamp stud, Lil really wants a taste. But as a made vampire, Ty can't procreate—and Lil will settle for nothing less. Luckily, between “vampirizing” Francis and helping Ty solve his murder mystery, Lil has no time for silly romantic entanglements . . . even if Ty is all that and a Bloody Mary chaser!

It was a habit he used to tolerate, but now he discovers Maddox has taken a mate. A rough criminal with wolf blood. A murderous, rude, ephemeral

creature barely deserving of the name beast, or boy, as Maddox calls him. It is all completely unacceptable. When Maddox refuses to discard his boy, he leaves Gideon with no choice. To restore proper order and dignity to his bloodline, Gideon must do one thing: Kill. Will. (And anybody else who gets in the way.)

Anne Rice, creator of the Vampire Lestat, the

Mayfair witches and the amazing worlds they inhabit, now gives us the first in a new series of novels linked together by the fledgling vampire David Talbot, who has set out to become a chronicler of his fellow Undead. The novel opens in present-day Paris in a crowded café, where David meets Pandora. She is two thousand years old, a Child of the Millennia, the first vampire ever made by the great Marius. Besides, he's seen too many matings that didn't work out. Nardo is sworn to protect his people and their human cousins from the demons who cross over from the Otherworld.
