Turns out there's a perfect place for him in the US military: the Studies and Observation Group (SOG), an elite volunteer-only task force comprised of US Air Force Commandos, Army Green Berets, Navy SEALs, and even a CIA agent or two. With the SOG's focus on covert action and psychological warfare, Danny is guaranteed an unusual tour of duty, and a hugely dangerous one. **Trickery** - Jaymin Eve 2017-02-28

Willa Knight: Dweller. Slave. Non-magical being. In Minatsol, being a dweller means that you are literally no better than dirt. In fact, dirt might actually be more useful than Willa. Her life will be one of servitude to the sols, the magic-blessed beings who could one day be chosen to become gods. At least her outer village is far removed from the cities of the sols, and she won't ever be forced to present herself to them... Until one small mistake changes everything, and Willa is awarded a position to serve at Blesswood, the top sol academy in the world—a position that she definitely did not earn. Under the sudden, watchful eye of the gods, she will be tasked to serve the Abcurse brothers, five sols built of arrogance, perfection and power. They are almost gods themselves, and under their service she is either going to end up sentenced to death, or else they are going to ruin her so badly that she will wish for it. Investors willing to ignore the constant drumbeat of "trade frequently," "trust the experts," and "beat the market" now have the opportunity to do better. Using new investing products investors can earn higher returns with lower risks. Drawing on their years of Wall Street, Treasury and Federal Reserve experience, Gary Gensler and Gregory Baer offer a fresh and realistic look at how money is managed in America. From new indexing strategies to risk-managed stock selection, The Great Mutual Fund Trap offers investors an escape from high costs and immunity from seductive marketing messages.

**Convergence Culture** - Henry Jenkins 2008-09  
"What the future fortunes of [Gramsci's] writings will be, we cannot know. However, his permanence is already sufficiently sure, and justifies the historical study of his international reception. The present collection of studies is an indispensable foundation for this." —Eric Hobsbawm, from the preface Antonio Gramsci is a giant of Marxian thought and one of the world's greatest cultural critics. Antonio A. Santucci is perhaps the world's preeminent Gramsci scholar. Monthly Review Press is proud to publish, for the first time in English, Santucci's masterful intellectual biography of the great Sardinian scholar and revolutionary. Gramscian terms such as "civil society" and "hegemony" are much used in everyday political discourse. Santucci warns us, however, that these words have been appropriated by both radicals and conservatives for contemporary and often self-serving ends that often have nothing to do with Gramsci's purposes in developing them. Rather what we must do, and what Santucci illustrates time and again in his dissection of Gramsci's writings, is absorb Gramsci's methods. These can be summed up as the suspicion of "grand explanatory schemes," the unity of theory and practice, and a focus on the details of everyday life. With respect to the last of these, Joseph Buttigieg says in his Nota: "Gramsci did not set out to explain historical reality armed with some full-fledged concept, such as hegemony; rather, he examined the minutiae of concrete social, economic, cultural, and political relations as they are lived in by individuals in their specific historical circumstances and, gradually, he acquired an increasingly complex understanding of how hegemony operates in many diverse ways and under many aspects within the capillaries of society." The rigor of Santucci's examination of Gramsci's life and work matches that of the seminal thought of the master himself. Readers will be enlightened and inspired by every page.  
*The Investigator* - John Sandford 2022-04-12  
Letty Davenport, the brilliant and tenacious

adopted daughter of Lucas Davenport, takes the investigative reins in the newest thriller from #1 bestselling author John Sandford. "Sandford fans rejoice! Davenport next generation has arrived and Letty is exactly the kind of cool-eyed, smart-mouthed, lethally dangerous heroine we've been waiting for." --Lisa Gardner, author of *One Step Too Far* By age twenty-four, Letty Davenport has seen more action and uncovered more secrets than many law enforcement professionals. Colles wants to know if the money is going to them, and if so, what they're planning. Letty is partnered with a DHS investigator, John Kaiser, and they head to Texas. When the case quickly turns deadly, they know they're on the track of something bigger. The militia group has set in motion an explosive plan . . . and the clock is ticking down.

*Elements of Mischief* - C. M. Stunich 2017-10-21  
WARNING: This is a sexy, steamy reverse harem paranormal romance (one girl, four guys) with loads of humor, plumber puns, and group sex. Read with a glass of wine and a smile! Four hunky, supernatural plumbers. One reluctant, slightly drunk human. A match made in heaven ... or in the bathroom, rather. My name is Arizona Smoke, and I'm the proud owner of a house haunted by my dead Gram, best friend to a cocktail dress loving werewolf, and apparent soul mate to four plumbers who also happen to be elemental dragons. Besides rippling pectorals, tattoos, and ... uh, nice, long pipes, the guys also have control of the elements. Supernatural law (whoever heard of such a thing anyway?) dictates that since I stumbled upon the guys in their alternate forms, I have to marry them. All four of them. Oh, and apparently one lousy (okay, awesome) night of sex means that I'm an elemental, too-and no amount of magical

penicillin can cure this disease. All I wanted was hot running water and toilets that flushed, but now I'm dealing with monsters lurking in the sewers, supernatural politics, and four penniless (but totally hot) plumbers living in my crumbling old Victorian. I'm Ari Smoke, wine aficionado, ex-barista, and a girl who is completely out of her element. Having four hot husbands is nice ... but the death threats, not so much.

*Elements of Ruin* - Tate James 2018-01-22

Six hunky, supernatural tradesmen. One sarcastic, caffeine addicted bride. A match made by fate ... or karma? My name is Arizona Smoke, and I have six husbands. Yup. Count 'em--six. Four sexy plumbers, one electric electrician ... and my last husband? Total prick. Our unconventional marriage is almost complete. All I need to do is reconcile with my first love, and rescue a man I've never met. Easy, right? As if marrying a bunch of supernatural plumbers isn't hard enough, I also have to deal with the fact that my biological father and his six wives (yeah, I have six moms, too) are still hunting us, stalking us through sex parties hosted by demons and setting traps for us in the middle of underground supernatural raves. And you thought your family was dysfunctional! All I wanted was a moment to breathe, a chance to get to know my new husbands in a way that was more than sexual--although I'm not exactly complaining about our time in the bedroom. But between my maniacal mother-in-law, some kidnapped lady-elementals, and the rich asshole I'm supposed to welcome into my new harem ... when's a girl got time for dates? Let alone planning a seven-way ... wedding that is. I'm Ari Smoke, spirit elemental, supernatural bada\*\*, and hot-as-f\*ck dragon chick. Having six hot husbands is nice ... but being hunted by evil sex demons, not so much. *ELEMENTS OF RUIN* is a full-length comedic paranormal, reverse harem romance. This means our leading lady has six male love interests and doesn't have to choose between them. This book is full of steamy scenes, ridiculous plumbing puns, and heaps of action, intrigue, and ... well, more puns. This is book 2 of 3.

*Love, Theodosia* - Lori Anne Goldstein  
2021-11-02

A Romeo & Juliet tale for Hamilton! fans. In post-American Revolution New York City, Theodosia Burr, a scholar with the skills of a socialite, is all about charming the right people on behalf of her father—Senator Aaron Burr, who is determined to win the office of president in the pivotal election of 1800. Meanwhile, Philip Hamilton, the rakish son of Alexander Hamilton, is all about being charming on behalf of his libido. When the two first meet, it seems the ongoing feud between their politically opposed fathers may be hereditary. But soon, Theodosia and Philip must choose between love and family, desire and loyalty, and preserving the legacy their flawed fathers fought for or creating their own. *Love, Theodosia* is a smart, funny, swoony take on a fiercely intelligent woman with feminist ideas ahead of her time who has long-deserved center stage. A refreshing spin on the Hamiltonian era and the characters we have grown to know and love. It's also a heartbreaking romance of two star-crossed lovers, an achingly bittersweet "what if." Despite their fathers' bitter rivalry, Theodosia and Philip are drawn to each other and, in what unrolls like a Jane Austen novel of manners, we find ourselves entangled in the world of Hamilton and Burr once again as these heirs of famous enemies are driven together despite every reason not to be.

*Assessing the Environmental Adaptation of*

*Wildlife and Production Animals* - Edward Narayan 2021-03-04

Wild animals under human care as well as domesticated farm production animals are often exposed to environmental changes (e.g., capture and transportation). Short-term or acute changes in physiological indices (e.g., heart rate, respiration, body temperatures, immune cells, and stress hormonal biomarkers) provide crucial information regarding the responses of animals to novel environments, and they could provide crucial determining factors for the long-term health and welfare of animals. This Special Issue includes experimental research papers that demonstrate the applications of physiological indices and welfare assessment methods (e.g., morphological and morphometric data, behavioural assessments, thermal profiles, and physiological markers) in any wildlife or production animal (e.g., rescued and rehabilitating animals, pets, competition animals, farm animals, and zoo animals), in response to environmental and management related factors. The goal is to provide examples of new research and techniques that can be used to monitor short- and long-term environmental adaptation of animals under human care.

Fake - Tate James 2020-08-19

Madison Kate is a new adult/college age dark romance with enemies to lovers/hate to love themes. This is a reverse harem series, meaning the leading lady has several love interests and she doesn't have to choose between them for her happily ever after. If this isn't your cup of tea, then this isn't the series for you. ♥ FAKE is book 3 of 4 in the MADISON KATE series. The blurb below will contain spoilers for previous books, and I urge you not to read it until you've finished both HATE and LIAR. ♦♦♦ "You'll always be mine." The latest taunt from my stalker reminded me I was nothing more than a possession to my father, to the Reapers, to Archer D'Ath. Even to Kody and Steele. Princess Danvers-the prize. His wife. Archer D'Ath's wife. I hated them. They lied to me. Over and over again. I knew they lied and I hated myself for letting it happen. For believing in the fake relationships I had wanted so desperately to be real. Fake. It was all fucking fake. My stalker isn't letting me go. None of them are. Archer and his boys think they control me. My stalker wants

to possess me. I'm not an idiot, I know my newest allies are using me, too. That's fine. I'll use all of them. I'll use them to take back what's mine. My life. My freedom. My name. No one owns Madison Kate Danvers.

**The Dragon's Wing** - Tate James 2017-11

I should have known my quest for vengeance would eventually be my downfall. I should have been more careful, more paranoid--but I'm glad I wasn't. Who knew that getting caught for my

crimes would lead to so much happiness? But joy can be fleeting... It turns out, this battle is only just beginning. With ultimate power on the line, my faceless enemies will stop at nothing to capture me, dead or alive. I need to master my abilities, fast, or this could be the end for someone I care far too deeply about. I'm Kit Davenport and this is going to be a bumpy flight. Warning: This is a reverse harem story with sex, violence and swearing.
