Ghosts, a family curse, buried secrets -- and two girls who have to figure it all out. A new book from an acclaimed author, for fans of Coraline, Doll Bones and The Night Gardener. For the first time, Ruth is heading to Newfoundland to stay with family she's never met instead of spending the summer traveling with her dad. When she arrives, she finds life in the small community of Buckle very different from Toronto-- everyone knows everyone else, and some of them believe in ghosts and The Sight and family curses. Ruth's cousin Ruby is also staying for the summer, and the two discover they have a lot in common: they both lost their moms when they were two years old, they're the same age and they even like the same food. But

while Ruby believes in spirits and fairies, Ruth believes in science and cold, hard facts. When they find ominous information on some tombstones in the local cemetery, Ruth and Ruby start investigating their family's past and discover that twin girls are born in every generation, and every set of twins dies young, leaving their children without mothers. What's more, one of the twins always has The Sight and can see the Ghost Road that leads to the mysterious lost settlement of Slippers Cove. What happened there? What does it have to do with their family? And who is the ghostly presence that keeps visiting Ruth late at night? The answers lie somewhere along the Ghost Road . . . if they can only find it.

the US, by the author of Telephone Percival Everett's The Trees is a page-turner that opens with a series of brutal murders in the rural town of Money, Mississippi. When a pair of detectives from the Mississippi Bureau of Investigation arrive, they meet expected resistance from the local sheriff, his deputy, the coroner, and a string of racist White townsfolk. The murders present a puzzle, for at each crime scene there is a second dead body: that of a man who resembles Emmett Till. The detectives suspect that these are killings of retribution, but soon discover that eerily similar murders are taking place all over the country. Something truly strange is afoot. As the bodies pile up, the MBI detectives seek answers from a local root doctor who has been documenting every lynching in the country for years, uncovering a history that refuses to be buried. In this bold, provocative book, Everett takes direct aim at racism and police violence, and does so in a fast-paced style

that ensures the reader can't look away. The Trees is an enormously powerful novel of lasting importance from an author with his finger on America's pulse.

**The Ghost Orchard** - Helen Humphreys 2017-09-05  
For readers of H is for Hawk and The Frozen Thames, The Ghost Orchard is award-winning author Helen Humphreys' fascinating journey into the secret history of an iconic food. Delving deep into the storied past of the apple in North America, Humphreys explores the intricate link between agriculture, settlement, and human relationships. With her signature insight and exquisite prose, she brings light to such varied topics as how the apple first came across the Atlantic Ocean with a relatively unknown Quaker woman long before the more famed "Johnny Appleseed"; how bountiful Indigenous orchards were targeted to be taken over or eradicated by white settlers and their armies; how the once-17,000 varieties of apple

cultivated were catalogued by watercolour artists from the United States' Department of Pomology; how apples wove into the life and poetry of Robert Frost; and how Humphreys' own curiosity was piqued by the Winter Pear Pearmain, believed to be the world's best tasting apple, which she found growing beside an abandoned cottage not far from her home. In telling this hidden history, Humphreys writes movingly about the experience of her research, something she undertook as one of her closest friends was dying. The result is a book that is both personal and universal, combining engaging storytelling, historical detail, and deep emotional insight.

hometown for a plantation wedding and the horror that ensues as she reconnects with the blood-soaked history of the land and the best friends she left behind. More than a decade ago, Mira fled her small, segregated hometown in the south to forget. With every mile she traveled, she distanced herself from her past: from her best friend Celine, mocked by their town as the only white girl with black friends; from her old neighborhood; from the eerie Woodsman plantation rumored to be haunted by the spirits of slaves; from the terrifying memory of a ghost she saw that terrible day when a dare-gone-wrong almost got Jesse—the boy she secretly loved—arrested for murder. But now Mira is back in Kipsen to attend Celine’s wedding at the plantation, which has been transformed into a lush vacation resort. Mira hopes to reconnect with her friends, and especially, Jesse, to finally tell him the truth about her feelings and the events of that devastating long-ago day. But

for all its fancy renovations, the Woodsman remains a monument to its oppressive racist history. The bar serves antebellum drinks, entertainment includes horrifying reenactments, and the service staff is nearly all black. Yet the darkest elements of the plantation’s past have been carefully erased—rumors that slaves were tortured mercilessly and that ghosts roam the lands, seeking vengeance on the descendants of those who tormented them, which includes most of the wedding guests. As the weekend unfolds, Mira, Jesse, and Celine are forced to acknowledge their history together, and to save themselves from what is to come.

**These Ghosts Are Family** -  
Maisy Card 2021-01-05  
PEN/Hemingway Award For Debut Novel Finalist  
Shortlisted for the 2020 Center for Fiction First Novel Prize A "rich, ambitious debut novel" (The New York Times Book Review) that reveals the ways in which a Jamaican family forms and fractures over generations, in the tradition of Homegoing by Yaa Gyasi. Stanford Solomon's shocking, thirty-year-old secret is about to change the lives of everyone around him. Stanford has done something no one could ever imagine. He is a man who faked his own death and stole the identity of his best friend.

Stanford Solomon is actually Abel Paisley. And now, nearing the end of his life, Stanford is about to meet his firstborn daughter, Irene Paisley, a home health aide who has unwittingly shown up for her first day of work to tend to the father she thought was dead. *These Ghosts Are Family* revolves around the consequences of Abel's decision and tells the story of the Paisley family from colonial Jamaica to present-day Harlem. There is Vera, whose widowhood forced her into the role of a single mother. There are two daughters and a granddaughter who have never known they are related. And there are others, like the houseboy who loved Vera, whose lives might have taken different courses if not for Abel Paisley's actions. This "rich and layered story" (Kirkus Reviews) explores the ways each character wrestles with their ghosts and struggles to forge independent identities outside of the family and their trauma. The result is a "beguiling...vividly drawn, and

compelling” (BookPage, starred review) portrait of a family and individuals caught in the sweep of history, slavery, migration, and the more personal dramas of infidelity, lost love, and regret.
