The Prince of Thieves -  
Alexandre Dumas 2020-03-31  
The delights of Dumas' novels are well known. Less known today are his tales of Robin Hood. With pleasure, we present these two old works to a new century of readers. English versions of "The Prince

of Thieves" and "Robin Hood the Outlaw" have virtually disappeared from bookshelves; they are now edited, corrected, and made accessible to the world in print and e-formats, by the Reginetta Press. In this first volume, "The Prince of Thieves," Alexandre Dumas relates his own unique version of Robin Hood's origins and upbringing, how Robin was robbed of his heritage, how

Robin becomes acquainted with Marian, Little John, Friar Tuck, and the Merrie Men, and the events leading up to Robin Hood's life as an outlaw. Alfred Allinson's translation lends enchantingly antique wording, transporting us to the charm of a Sherwood Forest of former, fanciful days.

A Golden Age - Steven

Redgrave 2000

To date, Steve Redgrave has won a record-breaking four Olympic gold medals and eight world championships for his spectacular rowing achievements, and is consequently regarded with awe by rivals, crew-mates and top sportsmen alike. Now, at the age of 38, Steve is bidding to win an unprecedented fifth gold medal at Sydney. Win or lose, it will mark the end of a remarkable twenty-three year long career. This autobiography discusses Redgrave's partnerships, the difficulty of maintaining a balanced family life, and the strain of battling against the odds with the debilitating diseases of both colitis and

diabetes.

Aiding and Abetting by

Omission - Gracieux

Mbuzukongira 2019-09-27

This research focuses on the concept of participation to the commission of a crime by way of omission. It submits that whereas it is established that certain omissions are settled in international law and could trigger the individual criminal responsibility of the accused, for instance under the principle of command responsibility and inaction under duty to act, no other principle of international law could justify the criminalization of any other omission as it was held in the Rutaganira case. The Rutaganira Judgement which is the appendix to this work has been reprinted in this book.

Bowl Stories - Viola Molzen

2016-08-09

Bowl Stories: Authors Ben & Viola chose this name for their cookbook because eating food out of bowls is not just a trend, but rather an expression of their love for food itself. Eating meals out of a bowl or even a pot is what they both would

define as the ultimate pleasure. A bowl can be cradled in one hand, making it easy to enjoy a meal at work, on the couch, or standing up. Eating from a bowl is practical and sensual at the same time. All the ingredients and components are close together, making it easy to unite them in a single spoonful. Ben and Viola serve traditional dishes with a special touch: Discover recipes such as Asian Carbonara, Chilled Pea Soup & Nectarine Yakitori Skewers, and Hay Panna Cotta. *A Brave New China. The big Change* - Francesco Sisci  
2014-09-17

How the Chinese look at themselves, the world, and the challenges of the future. Where is China, What is China: Where are the traditional pigtailed of the old mandarins, the Mao's bicycles and his suits? Where are the large families with the many concubines? The stuff that made China for centuries in all the stories Chinese and foreigners told of this huge country is gone. China now is skyscrapers, limousines, fast trains, science fiction airports,

bright neon lights that explode in the night more than fireworks. Chinese are changing and have changed beyond recognition. In fact, they have changed so much that they do not see themselves in their present shape, just like an animal going through a metamorphosis. We are in the middle of this huge transformation and we don't know if and when the new shape will stabilize and what impact it will have on the conscience of the Chinese and of the people of the world looking at China. This book is an exploration into this huge revolution that is affecting the whole planet in the biggest way possibly since the fall of the Roman Empire.

*Revisiting Victims'  
Participation at the ICC:  
Advocacy for an Efficient  
Restorative International  
Criminal Justice System -  
Gracieux Mbuzukongira  
2020-07-16*

This research submits that for the purposes of making victims' participation to the ICC proceedings more efficient, the victims' status could be raised to a status similar to that of *partie civile* common in civil law jurisdictions. However such status should be limited to victims who are ready to take the solemn oath and who accept to be cross-examined and who understand that should they give false evidence to the Court, they would become subject to criminal proceedings for attempt to subvert the Court's administration of justice. Furthermore the Chamber should have the discretion to grant such status to any victim it deems fit according to the relevance of submissions they intend to make. It further submits that whereas criminal proceedings should remain the

focus of their primary mission which is establishing guilt, the reparation mechanism should be victim centered. Indeed one may be tempted to advocate for a reparation system which is less judicial even when such mechanism might remain within the ICC auspices; the mechanism should rather be more restorative, thus leaning more towards mechanisms available under transitional justice.

*Where the Border Stands -  
Roberto Ruffino  
2014-10-20T00:00:00+02:00*  
The worth of dialogue with people who come from other

cultural traditions was the first important discovery of the ambulance drivers at the front. It led them to care for the wounded on all sides in the war and then to create university exchanges between France and the United States. The practice of intercultural dialogue is the first training experience that is offered today to the students who leave home and to the families who receive them in their homes as new children for long periods of time. As this story unfolds, it is perhaps the border that emerges as something to question - the political borders that the American Field Service ambulance drivers crossed in two world wars, and the cultural and ideological borders overcome by students, schools, and families that answered the call of AFS.

Lingua Latina Pars 1 - Hans H. Orberg 1996-01-01  
The Latin course is written

entirely in Latin. It consists of two parts: I: Familia Romana -- the fundamental or elementary course. II: Roma Aeterna -- the advanced course, with Indices covering both parts. The direct method is based on the inductive principle of learning. In the text every sentence is intelligible per se, or self-explanatory, because the meaning and function of all new words and grammatical forms are made clear by the context in which they occur, or if necessary, by illustrations or marginal notes using vocabulary already learned. This demands a carefully graded text, but in order to make learning efficient the content should stimulate interest and curiosity and make it easy for the reader to visualise the scenes and situations described. To meet these demands the chapters of Lingva Latina I form a continuous narrative, a sort of Latin novel, which captivates the students so that they look forward to reading the continuation of the story. While reading this story and learning

facts about the Roman life and traditions, the students pick up the vocabulary and grammar that will enable them to go on, in Part II, to read a representative selection of Latin literature, both prose and poetry. Here, too, all new words and structures, if not immediately intelligible from the context, are explained by marginal notes or illustrations. In addition, factual information is given in the margin. Part I covers the essentials of Latin grammar and introduces a basic vocabulary of some 1600 words. The 35 chapters form a sequence of scenes and incidents from the life of a Roman family in the second century A.D. Each chapter is divided into 3 or 4 lessons (lectiones) and consists of several text pages followed by a section on grammar, three exercises, and a list of new words. At the end of the volume there is a survey of inflexions, a Roman calendar, and alphabetical word-list and a grammatical index.

Columbia River. In this New World, they each find themselves—Ilmari as the family's spiritual rock; Matti as a fearless logger and entrepreneur; and Aino as a fiercely independent woman and union activist who is willing to make any sacrifice for the cause that sustains her. Layered with fascinating historical detail, this novel bears witness to the stump-ridden fields that the loggers—and the first waves of modernity—leave behind. At its heart, *Deep River* explores the place of the individual, and of the immigrant, in an America still in the process of defining its own identity.

marriage and the feeling that her once-vibrant life is slipping away. Then an antique German edition takes her breath away. Slipped covertly into the endpapers is an intriguing missive, the first part of a secret...from one bookbinder to another. Two hundred years ago, Clarice von Harmel defied the constraints of family and society to engage in a profession forbidden to women. Within three separate volumes, Clarice bound her own hidden story filled with pain, longing, and love beyond all reason. A confession that now crosses centuries to touch the heart of a stranger. With the help of book collector Tomaso Leoni, Sofia connects the threads of Clarice's past, page by page, line by line, town by town. She's determined to make Clarice's voice heard. With each new revelation, Clarice is giving Sofia the courage to find her own voice and hope for the future she thought was lost.
