People like you are what motivate me to keep producing high-quality content with the goal of assisting you in achieving your goals online. My name is Chase, and when I first got started in the business of "making money \online" I tried my hand at a wide variety of different approaches. The majority of things either failed or I did not follow through on them as intended. In the case of Fiverr, this was not the situation. It didn't happen overnight, as much as I hate to admit it, but it did happen after some effort, some learning through trial and error, and most

importantly some persistence. It seems that a lot of people will give something a shot for a short period of time, but if it doesn't produce results right away, they will give up on it. I believe that if you take the information contained in this book, put it to use, and put a little "elbow grease" into it, you will find that you are able to make a nice income on the side or even a full-time income. If you put in the effort, you will find that you can make either one. Fiverr is all about offering specialized goods and services, and after reading this article, you'll be able to create gigs (work for hire) that are in demand but won't consume too much of your time or restrict your independence. Now, you could put on a clown suit and hold a big sign over your head; many people do this with success. However, what I think you really want from an online business is the ability to make money passively, or at the very least with the minimum amount of time and the maximum amount of profit. However, selling products is one of the best ways to make money

passively, and Fiverr is full of gigs in the service market, so you can definitely make money there by providing services. In this book, you will learn about a tried-and-true method for making money that is not only effective but also gives you a steady stream of passive income on a daily basis. I, for one, am a big fan of systems; regardless of who implements them, they are reliable in every situation. Take McDonald's as an example; it built its business model on a process that even a teenager could complete, and yet it was able to carry out this process over and over again while raking in millions of dollars. This might not be for you if you're already doing well on Fiverr, but it could change the perspective from which you deliver gigs. This book will cover everything you need to know about Fiverr if you have no prior experience with the platform. And if you're just getting your feet wet on Fiverr, you'll find a fantastic strategy that will help you zero in on the activities that will bring in the most cash right away. The first thing you need to do is

adjust your perspective on Fiverr and start seeing it for what it really is: an incredible marketplace. Second, I'll put you through the training camp to make sure you're ready to go when the time comes. Last but not least, I'll demonstrate how you can significantly boost

Meme Selling - Malik Jordan 2020-03-28

My name is Malik Jordan. I am the author of this book and this will probably be the most honest book introduction/description that you have ever read. Meme Selling: How To Earn More Than \$100 Making Memes in 5 Simple Steps Censored is quite frankly nothing but a short book showing people how to go from a beginner level meme creator to a professional meme creator that earns money making memes for people online. Most authors overpromise and under deliver when they write their book introduction. That is not what I am about to do. In this introduction I will tell you how to earn more than \$100 making memes in 5 simple steps. My advice will be practical and straight to the point. Let's Be Honest Book introductions are basically a form

of marketing to get people to buy the book. In this book introduction I am going to be very transparent with you. I'll be so transparent with you that you may lose interest in this book and choose not to buy it and that is fine with me. Did I write this introduction to market it to you and to get book sales? The answer is yes, but I do not want just anyone to buy this book. I want this book to be bought by people who are serious about earning money from making great memes. This Book Is Cheap! For just the low price of \$2.99 you can learn how to earn more than \$100 making memes in 5 simple steps. According to CollegeBoard.com, the national average for college textbooks is \$1,137 per year. You purchasing this book will be an inexpensive investment in your future and if you practice the 5 SIMPLE steps in this book it will pay for itself.

3 Reasons Why This Book Is So Cheap

The first reason why this book is so cheap is because most people who would be interested in a book like this are millennials. Millennials are the

poorest generation so far. That's why I made this book cheap when I self-published it. The second reason this book is so cheap is because it is SUPER short. Usually when you hear advice that is straight to the point it is short. The truth is usually short, straight to the point, and simple, just like this book. The third reason why this book is so cheap is because it didn't take a lot of money to write and self-publish this book in the first place. I don't owe a book publishing company money so I'm not about to charge you over \$20 for a book like this. What You Are Being Sold Let's address the elephant in the room. I'm not selling you the perfect book because the perfect book doesn't exist, no matter how much work I put into it or hire someone else to put into it. I'm selling you a book with practical, easy to understand steps on how to earn more than \$100 making memes. Also, this book contains proof that I was able to earn more than \$100 making memes just so that you know that all of this is indeed possible to do.

QUICK DISCLAIMER Before I get into the 5 steps that will be taught to you, I want to let you know a few things. This is not a scam. No, the steps will not be easy, but they are not hard either. The 5 steps are SIMPLE. If you aren't satisfied you can get your money back. Usually, when people do research on how to create an extra stream of income, they come across things like affiliate marketing and making YouTube videos. This book is most likely the first book to ever teach people how to turn their passion for memes into an additional stream of income. Can I Earn More Than \$100 Making Memes? I know what you're probably thinking and the answer is yes. You can earn more than \$100 making memes. I have done it before. There is no limit to how much money you can earn making memes. What this book focuses on the most is teaching you and everyone else who buys this book how to earn their FIRST \$100 dollars making memes. As long as you have a talent for making memes and self-efficacy you will be able to earn more

than \$100 making memes. QUICK SUMMARY
STEP ONE - MAKE GREAT MEMES. STEP TWO - BUILD CREDIBILITY THROUGH CONTENT MARKETING. STEP THREE - EARN MORE THAN \$100 BY STARTING A BUSINESS. STEP FOUR - COLLECT YOUR REVENUE AND GET PAID.
