Imagine your neighbours begin to die in a series of accidents. Only they aren't accidents... Someone is murdering Greg Unsworth's neighbours and staging the deaths to look like accidents. Greg knows the truth, but when he's grappling with OCD and simply closing his front

door and crossing the road are a battle, how is he supposed to stop a serial killer? An Amazon US Top #100 bestseller from the author of *WHERE THE DEAD WALK*, *VESSEL* and *COLD SWEATS & VIGNETTES*. Discover a murder mystery with a difference... Meet Greg Unsworth, afflicted with OCD, who begins to realize a series of fatal accidents on his street are in fact a series of murders. After encountering Beth Grue at the scene of one such crime, the two share their suspicions. Beth, a local librarian, aspiring author, and a woman who has never allowed herself to be defined by her cerebral palsy, agrees they have to do something. So when the police repeatedly dismiss their concerns, they take matters into their own hands, seek to discover the Kettle Street killer's identity and expose him before he claims his next victim... Praise for *Death Stalks Kettle Street*: 'An exciting and compelling read. I loved the brilliant way that disability was explored and humanised.' - Francesca Martinez -

Award winning comedian, actress and writer. 'So much more than your average whodunnit.' - Tracy Fenton - THE Book Club, CompulsiveReaders.com 'A book this good is no accident.' - Iain Grant - Bestselling author. 'Will keep you guessing all the way.' - Barbara Copperthwaite - Bestselling crime author. What Amazon reviewers are saying - - completely unputdownable! Not your traditional who-dun-it, Death Stalks Kettle Street is a character fueled murder mystery, cleverly written, shining a comedic insight into the quintessential English street. - I could not put this down. And when you think you know who did it, you will most likely be wrong. Loved it. - Wow! I absolutely LOVED this book! I'm always looking to be surprised by the books that I read, I like something a little different-a twist on the norm. And this book had it all for me! - Brilliant, quirky and charming, I could go on and on. John Bowen has written and absolute corker of a book which I struggled to put down. - Beth has cerebral palsy and Greg

OCD, however, they complement each other and add that much more heart to the story. I myself have been diagnosed with OCD and found that the subject is very accurately described and given the respect the subject deserves. - A gripping 'cosy' murder mystery, one of the best I've read in a long time. An absolute must for the fans of Agatha Christie. Well written, intelligent, with wonderful, original characters and unpredictable, suspenseful storyline. - What a gem of a book! I loved the characters, the plot, the beautiful prose - just everything! - A thoroughly enjoyable read, with many jaw dropping moments. - I love both quirky reads and old fashioned 'cosy crime' novels; this is a brilliant combining of the two to give a modern challenging 'whodunnit' puzzle with some fabulous lead characters. It has some great twists and turns, enough convincing 'suspects' for you to consider but I think Greg and Beth are the real stars of this book. - So much more than just a murder/mystery book. Full of wonderful

characters! - a brilliant murder mystery that keeps you guessing right until the end. With lots of twists and wonderful character moments throughout this is a book I won't easily forget. - If you are a sucker for a great 'who dunnit' that keeps you guessing right until the end then this is definitely one for you - BUT this book is so much more than that!!

What Amazon verified purchasers are saying -- Heart stopping, thrilling & utterly fantastic. - This author is quickly becoming one of my favourites. He is a master at story crafting, reeling in readers, and plot twists. - Lots of history in this book that made me review my knowledge of past

ages. Killer ending! - My ideal read is an intelligently written, action packed thriller with historical details thrown in the mix, and Vessel did not disappoint... Vessel brings the excitement of history and intrigue into one can't-put-down page turner. - Plenty of action, suspense, and lots of thrills. - Grade A. I happen to be a huge fan of medieval and action/suspense tales. This story incorporates both themes.- In a word - Brilliant! Exceptionally well written... Full of action, danger, a little history mixed with fantasy, and a beautiful love story. - Action packed adventure! Like a blockbuster action movie in paperback.- Terrific book. I had time to start a book, but like an argument better make sure you have time to finish it. Absolute cliff hanger, in spots literally but throughout with twists and turns. - It has drama and danger. It has suspense and surprises. There's a hint of romance, religious musings and a heap of revenge. Fighting, fear, family, friendship, feuds. - I loved this story, the phrasing, the unrelenting

pace, the scope...- By chapter two I was hooked. The book took an unexpected turn that covered the crusades and Templar Knights, from east to west, right to the current time. It was action packed right up to the end. - nice injection of history, fantasy, love story. The pace started off well and gained momentum. Very action-filled ending. - I loved that the novel was fast paced from the very beginning, the characters were interesting, and there was even a bit of romance. The lead female is a strong, smart woman, not some boring ditzy girl (thank you). - a wicked fast paced historical action thriller and so, so consuming. I recommend it to anyone, literally anyone. It's a super fun, well-written read and hey, ya just might learn something along the way.- I was too caught up in the historical intrigue and action scenes to consider the deeper meanings until it was all woven together at the end. - There is something for everyone in this book - lots of action, medieval history, secret societies, epic gun fights - truly an exciting read

that I didn't want to put down!

**The Sense of Death** - Matty Dalrymple 2013-12

"A frighteningly meticulous villain and a formidable protagonist will have readers breezing through the pages." —Kirkus Reviews "Airtight. Crucial plot details lock into place in the denouement like the tumblers of a Diebold safe. The characters are clever, real, and enjoyable, but also organic, their emotions genuinely wrought; there is no formula for brilliant writing like this." —Robert Blake Whitehill, Bestselling Author of The Ben Blackshaw Series When a real estate mogul's daughter-in-law dies, Philadelphia Detective Joe Booth suspects the woman's husband. But accusing a powerful man's son of murder is a risky business, and Booth knows he needs more to convict than the scant evidence he has. An “impressive” tale of psychic power, Native American mysticism, and an ancient evil in Alabama, from the New York Times–bestselling author of *Swan Song* (Associated Press). Born and raised in rural Alabama, Billy Creekmore was destined to be a psychic. His mother, a Choctaw Indian schooled in her tribe’s ancient mysticism, understands the permeable barrier between life and death—and can cross it. She taught the power to Billy and now he helps the dead rest in peace. Wayne Falconer, son of one of the most fervent tent evangelists in the South, travels the country serving his father’s healing ministry. Using his unique powers to cure the flock, Little Wayne is on his way to becoming one of the popular and successful miracle workers in the country. He helps the living survive. Billy and Wayne share more than a gift. They share a dream—and a common enemy. They are on separate journeys, mystery walks that will lead them toward a crossroad where the evil of their dreams has taken shape. One of

them will reject the dark. The other will be consumed by it. But neither imagined just how monstrous and far-reaching the dark was, or that mankind’s fate would rest in their hands during an epic showdown of good versus evil. From the author of *Gone South*, *Boy’s Life*, and the Matthew Corbett series, a master of suspense who has won the World Fantasy and Bram Stoker Awards, *Mystery Walk* offers “creepy, subtle touches throughout [and] splendid Southern-town atmosphere” (Kirkus Reviews).

### **The Haunting of Hill House (Horror Classic)**

- Shirley Jackson 2018-12-21

This eBook has been formatted to the highest digital standards and adjusted for readability on all devices. Hill House is an 80 year-old mansion built by long-deceased Hugh Crain. The story concerns four main characters: Dr. John Montague, an investigator of the supernatural; Eleanor Vance, a shy young woman who resents having lived as a recluse caring for her

demanding invalid mother; Theodora, a flamboyant, bohemian, possibly lesbian artist; and Luke Sanderson, the young heir to Hill House, who is also the host to the others. Dr. Montague hopes to find scientific evidence of the existence of the supernatural. He rents Hill House for a summer and invites as his guests several people whom he has chosen because of their past experience with paranormal events. Of these, only Eleanor and Theodora accept. All four of the inhabitants begin to experience strange events while in the house, including unseen noises and ghosts roaming the halls at night, strange writing on the walls and other unexplained events. Eleanor tends to experience phenomena to which the others are oblivious. At the same time, Eleanor may be losing touch with reality...A finalist for the National Book Award, *The Haunting of Hill House* is considered as one of the best literary ghost stories published during the 20th century, even by stalwarts like Stephen King. It has been made into two feature

films, a TV series and a play. Jackson's novel relies on terror rather than horror to elicit emotion in the reader, utilizing complex relationships between the mysterious events in the house and the characters' psyches. A must read!

*The Rim of Morning* - William Sloane 2015-10-06

In the 1930s, William Sloane wrote two brilliant novels that gave a whole new meaning to cosmic horror. In *To Walk the Night*, Bark Jones and his college buddy Jerry Lister, a science whiz, head back to their alma mater to visit a cherished professor of astronomy. They discover his body, consumed by fire, in his laboratory, and an uncannily beautiful young widow in his house—but nothing compares to the revelation that Jerry and Bark encounter in the deserts of Arizona at the end of the book. In *The Edge of Running Water*, Julian Blair, a brilliant electrophysicist, has retired to a small town in remotest Maine after the death of his wife. His latest experiments threaten to shake up the

town, not to mention the universe itself.
