**Sharpe's Trafalgar** - Bernard Cornwell 2009-03-17

"The greatest writer of historical adventures today." —Washington Post Critically acclaimed, perennial New York Times bestselling author Bernard Cornwell (Agincourt, The Fort, the Saxon Tales) makes real history come alive in his breathtaking historical fiction. Praised as "the direct heir to Patrick O'Brian" (Agincourt, The Fort), Cornwell has brilliantly captured the

fury, chaos, and excitement of battle as few writers have ever done—perhaps most vividly in his phenomenally popular novels following the illustrious military career of British Army officer Richard Sharpe during the late 18th and early 19th centuries. Chronicling Sharpe's involvement in the famous Battle of Trafalgar in 1805, Sharpe's Trafalgar finds the young ensign captive on a French warship and in gravest peril on the eve of the one of the most spectacular naval confrontations in history. Perhaps the San Francisco Chronicle said it best: "If only all history lessons could be as vibrant."

Hard Times and New Deal in Kentucky - George T. Blakey 2021-10-21

The Great Depression and the New Deal touched the lives of almost every Kentuckian

during the 1930s. Fifty years later the Commonwealth is still affected by the legacies of that era and the policies of the Roosevelt administration. George T. Blakey has written the first full study of this turbulent decade in Kentucky, and he offers a fresh perspective on the New Deal programs by viewing them from the local and state level rather than from Washington. Thousands of Kentuckians worked for New Deal programs such as the Civilian Conservation Corps and the Works Projects Administration; thousands more kept their homes through loans from the Home Owners Loan Corporation. Tobacco growers adopted new production techniques and rural farms received their first electricity because of the Agricultural Adjustment and Rural Electrification administrations. The New Deal stretched from the Harlan County coal mines to a TVA dam near Paducah, and it encompassed subjects as small as Social Security pension checks and as large as

revived Bourbon distilleries. The impact of these phenomena on Kentucky was both beneficial and disruptive, temporary and enduring. Blakey analyzes the economic effects of this unprecedented and massive government spending to end the depression. He also discusses the political arena in which Governors Laffoon, Chandler, and Johnson had to wrestle with new federal rules. And he highlights social changes the New Deal brought to the Commonwealth: accelerated urbanization, enlightened land use, a lessening of state power and individualism, and a greater awareness of Kentucky history. *Hard Times and New Deal* weaves together private memories of older Kentuckians and public statements of contemporary politicians; it includes legislative debates and newspaper accounts, government statistics and personal reminiscences. The result is a balanced and fresh look at the patchwork of emergency and reform activities which many people

loved, many others hated, but no one could ignore.

*Sharpe's Honour* - Bernard Cornwell 2009-03

Bold, professional, ruthless,

hero and man of action  
'Reluctantly, pain in his eyes,  
Pakenham looked at Sharpe.  
"Is there anything else you  
have to say?" Sharpe looked  
back defiantly. "Permission to  
die in my Rifleman's jacket  
sir." "Denied." Pakenham  
looked as if he wanted to add  
that Sharpe had disgraced his  
uniform, but the words would  
not come. "These proceedings  
are over." He stood, and  
Sharpe was led from the  
courtroom, his hands tied,  
condemned to the gallows.'  
Burdened under the weight of  
grief and guilt for actions in  
the past, Sharpe must lead his  
men in to battle once more.  
Victory depends on the fragile  
relationship between England  
and Spain being maintained at  
all costs. But this is war, and  
the French Intelligence officer,  
Pierre Ducos in an unholy  
alliance with the Spanish  
inquisitor, and his brother, the  
sinister Slaughterman, is  
determined to win for France  
by any method, and central to  
his plan is the death of Richard  
Sharpe. When the manipulative  
spy La Marquesa enters the

fray, violence meets deadly  
intrigue and Sharpe finds  
himself a fugitive, hunted by  
foe and ally alike. Soldier, hero,  
rogue - Sharpe is the man you  
always want on your side. Born  
in poverty, he joined the army  
to escape jail and climbed the  
ranks by sheer brutal courage.  
He knows no other family than  
the regiment of the 95th Rifles  
whose green jacket he proudly  
wears.

[A Buccaneer's Atlas](#) - Basil Ringrose 1992-01-01

On July 29, 1681, a band of English buccaneers that had been terrorizing Spanish possessions on the west coast of the Americas captured a Spanish ship, from which they obtained a derrotero, or book of charts and sailing directions. When they arrived back in England, the Spanish ambassador demanded that the buccaneers be brought to trial. The derrotero was ordered to be brought to King Charles II, who apparently appreciated its great intelligence value. The

buccaneers were acquitted, to the chagrin of the king of Spain, who had the English ambassador expelled from the court at Madrid on a seemingly trumped-up charge. The derrotero was subsequently translated, and one of the buccaneers, Basil Ringrose, added a text to the compilation and information to the Spanish charts. The resulting atlas, consisting of 106 pages of charts and 106 pages of text, is published in full for the first time in this volume. Covering the coast from California to Tierra del Fuego, the Galapagos, and Juan Fernandes, Basil Ringrose's south sea waggoner is a rich source of geographical information, with observations on navigational, physical, biological, and cultural features as well as on ethnography, customs, and folklore. After almost exactly three hundred years, this secret atlas is now made available to libraries and individuals. The editors have provided an extensive introduction on historical,

geographical, and navigational aspects of the atlas, as well as annotations to the charts and text, and they have plotted the coverage of the charts on modern map bases.
