[The Book of Mac](#) - Donna-Claire Chesman 2021-10-26

An album-by-album celebration of the life and music of Mac Miller through oral histories, intimate reflections, and critical examinations of his enduring work. "One of my most vivid memories of him is the way he would look at you while he was playing you a song. He tried to look you right in the eyes to see how you were feeling about it." —Will Kalson, friend and first manager Following Mac Miller's tragic passing in 2018, Donna-Claire Chesman dedicated a year to chronicling his work through the unique lens of her relationship to the music and Mac's singular relationship to his fans. Like many who'd been following him since he'd started releasing mixtapes at eighteen years old, she felt as if she'd come of age alongside the rapidly evolving artist, with his music being crucial to her personal development. "I want people to remember his humanity as they're listening to the music, to realize how much bravery and courage it takes to be that honest, be that self-aware, and be that real about things going on internally. He let us witness that entire journey. He never hid that." —Kehlani, friend and musician. The project evolved to include intimate interviews with many of Mac's closest friends and collaborators, from his Most Dope Family in Pittsburgh to the producers and musicians who assisted him in making his everlasting music, including Big Jerm, Rex Arrow, Wiz Khalifa, Benjy Grinberg, Just Blaze, Josh Berg, Syd, Thundercat, and more. These voices, along with the author's commentary, provide a vivid and poignant portrait of this astonishing artist—one who had just released a series of increasingly complex albums, demonstrating what a musical force he was and how heartbreaking it was to lose him. "As I'm reading the lyrics, it's crazy. It's him telling us that he hopes we can always respect him. I feel like this is a message from him, spiritually. A lot of the time, his music was like little letters and messages to his friends, family, and people he loved, to remind them of who he really was." —Quentin Cuff, best friend and tour manager

[Mr. Mac and Me](#) - Esther Freud 2015-01-27

1914. Thomas Maggs is thirteen and lives with his parents and sister at the Blue Anchor pub, in the village of Dunwich on the Suffolk coast. Born in winter while the sea stormed, Thomas is the youngest child, and the only son surviving. In Dunwich, life is quiet and shaped by the seasons: fishing and farming, the summer visitors, and the girls who come down from the Highlands to gut and pack the herring. Thomas visits his brothers' grave in the churchyard, sketches the boats from the harbor, and longs for adventure -- a chance to go to sea. Then one day a mysterious Scotsman and his red-haired wife arrive in the village. The man's name is Charles Rennie Mackintosh, but the locals are soon calling him Mac. Mac and his wife are both artists, regarded as eccentrics in town, but a source of wonder and fascination for Thomas. Yet just as Thomas and Mac's friendship begins to bloom, war with Germany is declared. The summer guests flee, replaced by regiments of soldiers on their way to Belgium. And as the war weighs increasingly heavily on the community, the villagers on the home front become increasingly suspicious of Mac and his curious behavior. Mr. Mac and Me is the story of an unlikely friendship, and a vivid portrait of one of the most brilliant and misunderstood artists of his generation.
