iPhone and iPad Apps for Absolute Beginners -
Rory Lewis 2011-01-27

The iPhone is the hottest gadget of our generation, and much of its success has been fueled by the App Store, Apple's online marketplace for iPhone applications. Over 1 billion apps have been downloaded in the 9 months the App Store has been open, ranging from the simplest games to the most complex

business apps. Everyone has an idea for the next best-selling iPhone app—presumably that's why you're reading this now. And with the release of the iPad, this demand will just continue to grow. So how do you build an application for the iPhone and iPad? Don't you need to spend years learning complicated programming languages? What about Objective-C, Cocoa Touch, and the software development kit (SDK)? The answer is

that you don't need to know any of those things. Anybody can start building simple applications for the iPhone and iPad, and this book will show you how. This book takes you to getting your first applications up and running using plain English and practical examples. It cuts through the fog of jargon and misinformation that surrounds iPhone and iPad application development, and gives you simple, step-by-step instructions to get you started. Teaches iPhone and iPad application development in language anyone can understand Provides simple, step-by-step examples that make learning easy Offers videos that enable you to follow along with the author—it's like your own private classroom

Full Marks for Trying - Brigid Keenan

2016-06-02

Brigid Keenan was never destined to lead a normal life. From her early beginnings - a colourful childhood in India brought to an abrupt end by independence and partition, then a return to dreary post-war England and on to a

finishing school in Paris with daughters of presidents and princes - ordinary didn't seem to be her fate. When, as a ten-year-old, she overheard her mother describe her as 'desperately plain', she decided then and there that she had to rely on something different: glamour, eccentricity, character, a career - anything, so as not to end up at the bottom of the pile. And in classic Brigid style, she somehow ended up with them all. Fate often gave Brigid a helping hand - in the late fifties, in her teens, she landed a job as an assistant at the Daily Express in London, and by the tender age of twenty-one she was a Fashion Editor at the Sunday Times. It was the dawn of the swinging sixties, and London was the place to be. Brigid worked with David Bailey and Jean Shrimpton, had her hair cut by Vidal Sassoon, drove around London in a mini-van, covered the Paris Collections and was labelled a 'Young Meteor' by the press. Despite always trying her hardest, Brigid's enthusiasm - and occasional naivete -

could lead to embarrassing moments, such as when she turned up to report on the Vietnam war in a mini skirt ... Candid, wickedly funny and surprisingly touching, *Full Marks for Trying* is a coming-of-age memoir that will delight, entertain, and make you cry with laughter.

[The Vegan Way](#) - Jackie Day 2016-10-25

"Writing in a playful and upbeat fashion, Day guides her readers through a day-by-day approach to living vegan... For those interested in becoming acquainted with "the vegan way," this book marvelously succeeds." - Publishers Weekly "I only wish I had had this book decades ago!" - Moby "This goes well beyond diet ... This book is a comprehensive guide to anyone looking to switch to a plant-based life." - Booklist "The Vegan Way is like having a friendly non-judgmental vegan friend by your side to help you every step of the way as you blossom into a happier, healthier being. So inspiring!" - Pamela Anderson *The Vegan Way* is a book filled with everything Jackie Day has learned as a happy

vegan, a health educator, and author of the popular vegan blog, *My Vegan Journal*. A lifestyle guide that's a real game-changer, *The Vegan Way* is for those who are intimidated by going vegan overnight, but don't want the transition to stretch out for months or even years. In a 21 day plan that emphasizes three core reasons for going vegan—being as healthy as you can be, being compassionate to animals, and respecting our planet—Jackie provides inspiration along with a specific goal to achieve with all of the support you need to accomplish it. It might be something as simple as switching out your coffee creamer for vanilla almond milk or kicking the cheese habit. Readers will learn where to dine and what to order when eating out, the most vegan-friendly places to visit, how to avoid clothing made from animals, and how to decipher those pesky ingredients lists. And throughout, Jackie will be providing glimpses into the finer points of vegan living, giving readers something to aspire to as they get past

Vegan 101. Readers will also find a handful of easy and delicious recipes sprinkled throughout. The Vegan Way is a road map that puts positive thoughts about health, the environment, and animals into action, transforming your life into a vibrant, healthy, and compassionate one.

Sales And Marketing For Entrepreneurs - Guy Rigby 2011-11-11

This eBook is about sales and marketing for entrepreneurs. The author of this instant guide from Harriman House, Guy Rigby, has also written *From Vision to Exit*, which is a complete entrepreneurs' guide to setting up, running and passing on or selling a business.

How to Fail: Everything I've Ever Learned From Things Going Wrong - Elizabeth Day 2019-04-04

Inspired by her hugely popular podcast, *How To Fail* is Elizabeth Day's brilliantly funny, painfully honest and insightful celebration of things going wrong.

Bolder - Carl Honore 2020-12-29

A radical re-think of our approach to everything

from education, healthcare and work, to design, relationships and politics. An essential and inspiring read for everyone interested in our collective future. A revolution in how we age is here. Yes, ageing is inevitable: one year from now we will all be a year older; that will never change. What can and will change is how we age--and how we can all take a much bolder approach to doing it with vigour and joy. The time has come to cast off prejudices and to blur the lines of what is possible and permissible at every stage of life. In other words: we need to learn to re-imagine our approach to later life. Emboldening ourselves in older age demands big structural changes. For a start, we will have to tear up the old script that locks us into devoting the early part of our life to education, the middle chunk to working and raising kids, and whatever is left over at the end to leisure. In an age-inappropriate world, these silos will dissolve. We'll embrace the idea that we can carry on learning from start to finish; that we can work

less and devote more time to family, leisure, and giving back to our communities in our middle years; and that we can remain active and engaged in our later years. Carl Honoré has travelled the globe speaking to influential figures who are bucking preconceived notions of age, whether at work or in their personal lives. He looks at the cultural, medical, and technological developments that are opening new possibilities for us all.

[Hey Whipple, Squeeze This](#) - Luke Sullivan
2022-02-23

The new edition of the book readers call the bible for advertising The sixth edition of Hey Whipple, Squeeze This offers a new take on the rapidly evolving industry of creative advertising. Creativity—while critical—is no longer enough to succeed. Updating all the classic creativity training from the first five editions, this updated version now provides the necessary tools to navigate the field’s changing technical and social media landscapes. From learning how to

tell brand stories to creating content for Instagram, YouTube, and TikTok, Whipple will help sharpen your writing chops, enhance your creativity, and raise the level of your work whether you’re new to the business or a practicing professional. In this fully updated edition, you’ll explore: How to employ the traditional conceiving techniques today’s creatives use, as well as new developments in applied creativity and inquiry-based innovation. How to use emerging technologies and the different technical structures of social media platforms to bring brand stories to life. How to go 180° against common sense for ideas that have the potential of becoming viral. How to create the kind of portfolio that will get you a job in the industry.

Marketing to the Ageing Consumer - D. Stroud
2012-12-14

Understand the impact of a global ageing population on how products are bought, and the effect this has on how to market and advertise

these products and services to the older generation of consumers. Contains models for companies to evaluate the success of their own strategies, with tools for improving their age-friendly marketing campaigns.

iPad for the Over 50s in Simple Steps - Marc Campbell 2013

Updated to cover the new iPad, this guide covers each app included with the iPad. Readers will learn how to perform basic tasks in each of these apps, and where to learn more.

iPad For Seniors For Dummies - Dwight Spivey
1991-01-16

Get caught up with the latest iPad features An iPad can be so many things: an entertainment hub, a way to stay in touch with the world, a productivity tool, and many other things. *iPad For Seniors For Dummies* focuses on helping iPad users who are experienced in life—but not in technology. applications to play games, watch movies, listen to music, chat via video, update your social accounts, read the news, or just about anything else you'd want to do. Teach your iPad to answer your commands Stay connected with email, social apps, and video chat Cue up music and movies Find endless ways to let your iPad entertain you If you're anywhere from 50 to 100 and want to find accessible guidance on making the most of your iPad, you're in good hands!

The International Handbook of Art Therapy in Palliative and Bereavement Care - Michele Wood 2019-05-30

The International Handbook of Art Therapy in Palliative and Bereavement Care offers a multicultural and international perspective on how art therapy can be of help to individuals, groups, families, communities, and nations facing death and dying as well as grief and loss. Over 50 art therapists from around the world write about the transforming power of art therapy in the lives of those facing terminal

illness, dementia, loss, and grief. They offer practical descriptions and techniques for working with adults and children to guide professionals, including those new to using art therapy and creative approaches in end-of-life care services. This international handbook is essential reading for arts therapists, social workers, medical personnel, faith leaders, and psychologists interested in a collaborative and accessible approach to working with patients and families affected by loss.

Interaction Design - Jennifer Preece 2015-05-26
A new edition of the #1 text in the Human Computer Interaction field! Hugely popular with students and professionals alike, *Interaction Design* is an ideal resource for learning the interdisciplinary skills needed for interaction design, human-computer interaction, information design, web design and ubiquitous computing. This text offers a cross-disciplinary, practical and process-oriented introduction to the field, showing not just what principles ought

to apply to interaction design, but crucially how they can be applied. An accompanying website contains extensive additional teaching and learning material including slides for each chapter, comments on chapter activities and a number of in-depth case studies written by researchers and designers.

[Who Needs Books?](#) - Lynn Coady 2016-04-15
“We look around and feel as if book culture as we know it is crumbling to dust, but there’s one important thing to keep in mind: as we know it.”
What happens if we separate the idea of “the book” from the experience it has traditionally provided? Lynn Coady challenges booklovers addicted to the physical book to confront their darkest fears about the digital world and the future of reading. Is the all-pervasive internet turning readers into web-surfing automatons and books themselves into museum pieces? The bogeyman of technological change has haunted humans ever since Plato warned about the dangers of the written word, and every

generation is convinced its youth will bring about the end of civilization. In *Who Needs Books?*, Coady suggests that, even though digital advances have long been associated with the erosion of literacy, recent technologies have not debased our culture as much as they have simply changed the way we read.

The Second Machine Age: Work, Progress, and Prosperity in a Time of Brilliant

Technologies - Erik Brynjolfsson 2014-01-20

A pair of technology experts describe how humans will have to keep pace with machines in order to become prosperous in the future and identify strategies and policies for business and individuals to use to combine digital processing power with human ingenuity.

Omnirelevance - Mark Hodges 2020-03-18

Why are advertisers better at getting a product message out than churches are with a message that matters? Too many churches are in a time capsule, their message being caught in a temporal loop and completely irrelevant to

today's audience. For those who desire to have an even greater impact on society and fulfill the Great Commission, Omnirelevance is an essential field guide to connecting the timeless word of hope to a changing culture and breaking a pattern of irrelevance.

My New iPad - Wallace Wang 2012-06-06

The new iPad is cute. It's loveable. It's fun to play with. But it can also be a bit mysterious. My New™ iPad is your guide to getting the most from Apple's latest magical creation. for the best new music, apps, movies, games, magazines, and books Set parental controls, use a secret passcode, and encrypt your backups for maximum privacy And so much more. You'll even learn top-secret touch gestures to help make the most of your iPad. Discover the hundreds of amazing things your iPad can do with My New iPad.

Switching to a Mac For Dummies - Arnold Reinhold 2011-09-07

Learn how to make the switch from PC to Mac a completely smooth transition The number of Mac users continues to increase significantly each year. If you are one of those people and are eager but also anxious about making the switch, then fear not! This friendly guide skips the jargon to deliver you an easy-to-read, understandable introduction to the Macintosh computer. Computer guru Arnold Reinhold walks you through the Mac OS, user interface, and icons. You'll learn how to set up your Mac, move your files from your PC to your Mac, switch

applications, get your Mac online, network your Mac, secure your Mac, work with the iLife suite, troubleshoot common problems, and more. Dives in to helping you make the switch from PC to Mac as smooth and effortless as possible Walks you through the latest features of Mac OS X Lion to help you take advantage of all the cool things your Mac can do that you might not know about Offers clear instructions for working with the iLife applications, running Windows on your Mac via Boot Camp, networking your Mac, and switching your family or your business to a Mac Shares essential advice for troubleshooting common problems and provides easy tips for keeping your Mac happy Switching to Mac For Dummies, Mac OS X Lion Edition is all you need to switch to a Mac and never look back!

Life-O-Life It cant be better?! - Matthew K.C. Chan

Promoting Successful Integration - Rory A. Cooper 2018-08-01

Downloaded from yougotthiswomen.com
on by guest

This handbook is intended to be a source of information for the broad military community, including uniformed military personnel, family members, civilian personnel of federal agencies, veterans, and all people who contribute to the success of wounded, injured, and ill service members. When service members return from a deployment with visible or hidden impairments or challenges, it is important for the entire community to provide support to ameliorate the long-term impact of wounds, injuries, and illnesses that can manifest into permanent disabilities. The information contained in this book should help the reader understand and implement the steps necessary for helping wounded, injured, or ill service members and their families to successfully continue their military careers or to become successful as veterans within civilian communities. A multifaceted approach will be presented, and there is no one single solution that will work for all service members. However, the information

contained within this handbook should provide insight into the options available and the many pathways that lead to success.

[Hand Held Hollywood's Filmmaking with the iPad & iPhone](#) - Taz Goldstein 2012-12-03

Filmmakers love gadgets. We flock to any new technology that demonstrates the slightest potential to help us conceptualize, visualize, and digitize our creative efforts. So why are we neglecting those touch-screen powerhouses hiding in our pockets and backpacks? It's time to make a change! In Hand Held Hollywood's Filmmaking with the iPad & iPhone, director Taz Goldstein exposes how these remarkable devices can aid in nearly every aspect of film and video production. Written to empower aspiring filmmakers and reenergize working professionals, this book will help transform your iOS devices into revolutionary filmmaking tools, perfect for brainstorming, screenwriting, pitching, scheduling, storyboarding, camera blocking, shooting, editing, color correcting,

mixing, distributing, and more. Time-tested techniques and film theory are woven into an entertaining and informative exploration of nearly 200 mind-blowing apps and accessories. • Get up to speed quickly with clear, thorough, and friendly descriptions. • Discover apps and accessories that can lower budgets by replacing thousands of dollars worth of traditional filmmaking equipment and software. • Start shooting today with a wide range of video camera apps, including specialty tools for variable speed effects, filtering, stabilization, collaborative shooting, and more. • Whether you're starting a new video or finishing an existing one, this book features the most helpful apps for your iPad and iPhone—including the iPhone 5. This unique and often humorous guide will benefit any mobile media maker who wants to get the most out of the technology they already own. ABOUT THE AUTHOR Taz Goldstein has been directing and producing for well over a decade. His award-winning films,

television productions, and corporate projects have been enjoyed by millions of viewers worldwide. His popular website, HandHeldHollywood.com, has inspired and empowered a new generation of storytellers, and helped to launch the mobile filmmaking revolution.

Staring at the Park - Jane Speedy 2016-07
Winner of the 2016 ICQI Outstanding Qualitative Book Award Acclaimed qualitative scholar Jane Speedy's world was upended completely after suffering a severe stroke when only in her late 50s. After returning home from the hospital, Speedy took to her iPad to write and draw as a way of making sense of her experience and to aid her recovery. The stunning, fragmented, poetic text and images comprising *Staring at the Park* depict the events of this difficult journey. It provides an alternative model of engaging the self in a research project in an evocative and artistic way. This highly original book: -uses the seemingly ordinary motif of the park opposite

the author's house as the catalyst for a wildly creative autoethnography; -includes three narratives of the author's experience of staring at the park—an imagined murder mystery in the park, a realist ethnography of the park, and the life story (both imagined and real) of her facing her illness and recovery; -offers readers a poetic and performative inquiry into the author's new reality.

iPad and iPhone For Musicians For Dummies - Ryan C. Williams 2015-02-24

The easy way to use your iPad or iPhone to make amazing music If you are a budding or established musician looking to use your iPad or iPhone as a portable musical instrument, recording studio, or composition tool, then you've come to the right place! iPad and iPhone For Musicians For Dummies explains in plain English how to hook up your preferred instrument to your iPad or iPhone to work on music projects within a plethora of recording apps. You'll also learn how to incorporate both

real and MIDI instruments and audio, edit individual tracks, work with effects and chain multiple apps together, and mix and master songs. Thanks to apps such as AmpliTube, AudioBus, and Apple's own GarageBand, musicians can record entire songs in the comfort of their own homes and then mix, master, and distribute them right there on their iPads or iPhones. Packed with tons of step-by-step instructions, this friendly guide shows you how to use your device to go from recording a basic piece of music to creating and uploading complete songs with full instrumentation and multiple tracks, instruments, and effects. Demonstrates how to hook up your guitar or keyboard directly to your iPad or iPhone to record professional-grade tracks Helps musicians get the most out of their iPads or iPhones as portable musical instruments, recording studios, and composition tools Written by an industry expert and former senior writer for IK Multimedia, a leading manufacturer of

music apps and hardware accessories for the iOS market Coverage goes beyond GarageBand to include other popular technologies Don't let the limitations and expense of yesterday's home studios keep you from recording awesome music—let iPad and iPhone For Musicians For Dummies show you how easy it is to record and master your own music right from your living room.

My iPad for Seniors (covers iOS 7 on iPad Air, iPad 3rd and 4th generation, iPad2, and iPad mini) - Gary Rosenzweig 2013-11-12

Covers iOS 7 for iPad Air, 3rd/4th generation, iPad 2, and iPad mini Easy, clear, readable, and focused on what you want to do. Step-by-step instructions with callouts to iPad photos that show you exactly what to do. Large, full-color, close-up photos when you run into iPad problems or limitations. Common-sense help whenever you run into problems. Tips and notes to help you get the most from your iPad. Full-color, step-by-step tasks walk you through

getting and keeping your iPad working just the way you want. Learn how to: • Connect your iPad to your Wi-Fi and 3G/4G LTE networks • Use Control Center to control frequently used settings • Use Siri to control your iPad or get information by speaking commands • Use iCloud to keep everything current between all your iOS devices (and even your Mac), including music, photos, emails, and more • Surf the Web, and send and receive email • Download and install apps to make your iPad even more useful • Secure your iPad • Record and edit video using iMovie for iPad • Take photos, and then edit them using iPhoto for iPad • Use AirDrop to share files and information with other iOS devices in your vicinity • Manage your contacts, and then connect with others using Messaging • Use iTunes to manage and sync iPad content with your computer • Use FaceTime and Skype to stay connected with friends and family, or to conduct video conferences • Use Pages, Numbers, and Keynote to create document,

spreadsheets, and presentations

Before She Was Helen - Caroline B. Cooney

2020-09-08

EDGAR AWARD NOMINEE FOR BEST NOVEL

"As *Before She Was Helen* opens, readers are drawn into what appears to be a light, retirement-community caper. But author Caroline B. Cooney quickly flips expectations upside-down in this deceptively dark mystery. Between old crimes and fresh murders, septuagenarian protagonist Clemmie faces an unspeakable fear that will keep readers hooked in this twisty whodunit."—Julie Hyzy, *New York Times* bestselling author
From the critically acclaimed, international bestselling author Caroline B. Cooney comes a domestic thriller perfect for fans of mystery books by Laura Lippman and Alice Feeney. Her life didn't turn out the way she expected—so she made herself a new one. When Clemmie goes next door to check on her difficult and unlikeable neighbor Dom, he isn't there. But something else is. Something

stunning, beautiful and inexplicable. Clemmie photographs the wondrous object on her cell phone and makes the irrevocable error of forwarding it. As the picture swirls over the internet, Clemmie tries desperately to keep a grip on her own personal network of secrets. Can fifty years of careful hiding under names not her own be ruined by one careless picture? And although what Clemmie finds is a work of art, what the police find is a body. . . and she was the last person at the crime scene, where she left her fingerprints. Suddenly thrown into the heart of a twisted investigation, Clemmie finds herself the uncomfortable subject of intense scrutiny. And the bland, quiet life Clemmie has built for herself in her sleepy South Carolina retirement community comes crashing down as her dark past surges into the present. From international bestselling author of *The Face on the Milk Carton* Caroline B. Cooney comes *Before She Was Helen*, an absorbing mystery that brings decades-old secrets to life and explores what

happens when the lie you've been living falls apart and you're forced to confront the truth.

Widowed, Single, Now What? - Lois E.

Bradford 2013-10-11

The purpose for writing this book is to help widows, widowers, or anyone who had a loss cope with the stress and grief of losing a loved one while dealing with their self-discovery, sorting out people, and things that are needed in order for them to have a healthy life. That also includes dealing with things that may not have been thought about during the confusion of dealing with the grief, anger, and depression. While you embark into the unknown world of being a Christian single, you may ask the question Where do you go from here? This is a book on what I have lived and gone through in my healing in order to deal with my own loss. My hope is for this to be a testimony and an encouragement to those who read it. The main focus of this book is to hold on to your faith in God while going through this ordeal and

knowing that you are not alone, that we can get through this together. Believe me if I can do it, anyone can!

Next-Generation Video Coding and Streaming - Benny Bing 2015-08-28

Reviews the new High Efficiency Video Coding (HEVC) standard and advancements in adaptive streaming technologies for use in broadband networks and the Internet This book describes next-generation video coding and streaming technologies with a comparative assessment of the strengths and weaknesses. Specific emphasis is placed on the H.265/HEVC video coding standard and adaptive bit rate video streaming. In addition to evaluating the impact of different types of video content and powerful feature sets on HEVC coding efficiency, the text provides an in-depth study on the practical performance of popular adaptive streaming platforms and useful tips for streaming optimization. Readers will learn of new over-the-top (OTT) online TV advancements, the direction

of the broadband telecommunications industry, and the latest developments that will help keep implementation costs down and maximize return on infrastructure investment. Reviews the emerging High Efficiency Video Coding (HEVC) standard and compares its coding performance with the MPEG-4 Advanced Video Coding (AVC) and MPEG-2 standards Provides invaluable insights into the intra and inter coding efficiencies of HEVC, such as the impact of hierarchical block partitioning and new prediction modes Evaluates the performance of the Apple and Microsoft adaptive streaming platforms and presents innovative techniques related to aggregate stream bandwidth prediction, duplicate chunk Includes end-of-chapter homework problems and access to instructor slides Next-Generation Video Coding and Streaming is written for students, researchers, and industry professionals working in the field of video communications. Benny Bing has worked in academia for over 20 years. He

has published over 80 research papers and 12 books, and has 6 video patents licensed to industry. He has served as a technical editor for several IEEE journals and an IEEE Communications Society Distinguished lecturer. He also received the National Association of Broadcasters (NAB) Technology Innovation Award for demonstrations of advanced media technologies.

Technology Tools for Today's High-Margin Practice - David J. Drucker 2013-01-29 Revolutionize your financial advisory practice with the latest cutting-edge tools Tired of spending more time with filing cabinets than with clients? Is overhead eating up your margins? In a new revised edition of the "bible" of practice management and technology for financial professionals, two leading financial planners, with some help from their friends*, deliver the knowledge advisors have been begging for. This book serves up a nontechnical trove of technology, clever workarounds, and

procedural efficiencies tailored to help financial advisors in private practice move toward today's virtual office. The authors show you how to drastically reduce the paperwork in your office, slash overhead, and find anything you need in seconds using the latest software. This revised edition includes new information on SaaS and cloud computing, software integrations, mobile devices/apps, social media tools, portfolio accounting and outsourcing, collaborative tools, digital signatures, workflow management, marketing technology and much more. Perfect for successful practices seeking greater efficiencies and healthier profit margins The authors are well-known financial advisors, each with more than 30 years of experience in financial services Addresses the evolution of the virtual office and its impact on advisory firms If you're looking for new systems and efficiencies to transform and streamline your private practice, look no further than Technology Tools for Today's High-Margin Practice. *Chapter 1

Selecting the Right CRM System, Davis D. Janowski Chapter 2 The Future of Financial Planning Software, Bob Curtis Chapter 3 The Future of Financial Planning Software and the New Client-Advisor Relationship, Linda Strachan Chapter 4 Portfolio Management Software, Mike Kelly Chapter 5 Achieving Growth and Profitability with Technology Integration, Jon Patullo Chapter 6 How the World Wide Web Impacts the Financial Advisor, Bart Wisniowski Chapter 7 Managing Your Online Presence, Marie Swift Chapter 8 Client Portals and Collaboration, Bill Winterberg Chapter 9 The Cloud, J. D. Bruce Chapter 10 Digital Signature Technology, Dan Skiles Chapter 11 Innovative Software and Technologies Implemented at One of the United States' Leading Advisory Firms, Louis P. Stanasolovich Chapter 12 Virtual Staff Sparks Growth, Profitability, and Scalability, Jennifer Goldman Chapter 13 ROI—The Holy Grail of the Technology Purchase Decision, Timothy D. Perspectives on Digital Comics - Jeffrey SJ Kirchoff 2019-02-21

This collection of new essays explores various ways of reading, interpreting and using digital comics. Contributors discuss comics made specifically for web consumption, and also digital reproductions of print-comics. Written for those who may not be familiar with digital comics or digital comic scholarship, the essays cover perspectives on reading, criticism and analysis of specific titles, the global reach of digital comics, and how they can be used in educational settings.

Chickenlandia Mystery - Daisy Pettles
2019-09-06

Pawpaw County, Indiana, is all atwitter about Ma and Peepaw Horton's annual Chickenlandia Festival. The mood turns dark though when the Horton's prize-winning rooster, Dewey, and his best laying hen, Ginger, vanish, leaving behind

no clues except for a trail of tail feathers. Also missing: Gertie Wineagar, local sourpuss, and BBQ chicken cook-off queen. Amateur women sleuths, and lifelong gal pals Ruby Jane (RJ) Waskom and Veenie Goens, suspect Hiram Krupsky, Pawpaw County's self-proclaimed Chicken Wing King, of master-minding the crime spree in an attempt to sabotage the Horton's free-range chicken ranch. Follow the senior snoops as they attempt to sort the good eggs from the bad in this humorous small-town country crime comedy. Chickenlandia is Book 3 in the award-winning women's mystery series, The Shady Hoosier Detective Agency, winner of three Best Humor Book Awards and two Best Cozy Mystery Awards.

Interaction Design - Helen Sharp 2019-04-03
A new edition of the #1 text in the human computer Interaction field! Hugely popular with students and professionals alike, the Fifth Edition of Interaction Design is an ideal resource for learning the interdisciplinary skills needed

for interaction design, human-computer interaction, information design, web design, and ubiquitous computing. New to the fifth edition: a chapter on data at scale, which covers developments in the emerging fields of 'human data interaction' and data analytics. The chapter demonstrates the many ways organizations manipulate, analyze, and act upon the masses of data being collected with regards to human digital and physical behaviors, the environment, and society at large. Revised and updated throughout, this edition offers a cross-disciplinary, practical, and process-oriented, state-of-the-art introduction to the field, showing not just what principles ought to apply to interaction design, but crucially how they can be applied. Explains how to use design and evaluation techniques for developing successful interactive technologies Demonstrates, through many examples, the cognitive, social and affective issues that underpin the design of these technologies Provides thought-provoking design

dilemmas and interviews with expert designers and researchers Uses a strong pedagogical format to foster understanding and enjoyment An accompanying website contains extensive additional teaching and learning material including slides for each chapter, comments on chapter activities, and a number of in-depth case studies written by researchers and designers.

Numinous Mirrors - Robert Milton Ph.D.

2013-10-28

Numinous Mirrors is a short book of poetry reflecting ideas that cross the boundaries between nature and science; between comprehensible evidence and incomprehensible magic. When the traditional religious impressions of my youth were gradually replaced by the distinctive facts provided by university studies of history and science, I discovered that spirituality still resides within the realms of curiosity and discovery. I live today in an almost constant state of awe, wonder, and amazement -- as I skeptically ask questions and

claim answers that lead to more questions. To live in a state of awe is spirituality. Rhetoric is what emerges in squabbles with experts Poetry is what emerges in quarrels with ones self These poems are an attempt to offer to myself partial illumination, contentment and surprise to a few of my ever-surfacing questions. Then inevitably, curiosity arrives once again to announce additional provisional questions followed by empirical evidence leading to still more contemplative resolutions. Like inhaling and exhaling the cycle of science continues to provide new life.

Give Them an Argument - Ben Burgis
2019-05-31

Many serious leftists have learned to distrust talk of logic and logical fallacies, associated with right-wing "logicbros". This is a serious mistake. Unlike the neoliberal technocrats, who can point to social problems and tell people "trust us", the serious Left must learn how to argue and persuade. In Give Them an Argument, Ben

Burgis arms his reader with the essential knowledge of formal logic and informal fallacies. The Measure of a Man - Sidney Poitier
2007-01-26

"I have no wish to play the pontificating fool, pretending that I've suddenly come up with the answers to all life's questions. Quite that contrary, I began this book as an exploration, an exercise in self-questing. In other words, I wanted to find out, as I looked back at a long and complicated life, with many twists and turns, how well I've done at measuring up to the values I myself have set." —Sidney Poitier In this luminous memoir, a true American icon looks back on his celebrated life and career. His body of work is arguably the most morally significant in cinematic history, and the power and influence of that work are indicative of the character of the man behind the many storied roles. Sidney Poitier here explores these elements of character and personal values to take his own measure—as a man, as a husband

and a father, and as an actor. Poitier credits his parents and his childhood on tiny Cat Island in the Bahamas for equipping him with the unflinching sense of right and wrong and of self-worth that he has never surrendered and that have dramatically shaped his world. "In the kind of place where I grew up," recalls Poitier, "what's coming at you is the sound of the sea and the smell of the wind and momma's voice and the voice of your dad and the craziness of your brothers and sisters...and that's it." Without television, radio, and material distractions to obscure what matters most, he could enjoy the simple things, endure the long commitments, and find true meaning in his life. Poitier was uncompromising as he pursued a personal and public life that would honor his upbringing and the invaluable legacy of his parents. Just a few years after his introduction to indoor plumbing and the automobile, Poitier broke racial barrier after racial barrier to launch a pioneering acting career. Committed to the notion that what one

does for a living articulates to who one is, Poitier played only forceful and affecting characters who said something positive, useful, and lasting about the human condition. Here is Poitier's own introspective look at what has informed his performances and his life. Poitier explores the nature of sacrifice and commitment, pride and humility, rage and forgiveness, and paying the price for artistic integrity. What emerges is a picture of a man in the face of limits—his own and the world's. A triumph of the spirit, *The Measure of a Man* captures the essential Poitier. *Public Library Programs and Services for Midlife and Beyond: Expanding Opportunities for a Growing Population* - Reneé K. Bennett-Kapusniak 2018-06-01

Inspired by trends in U.S. public libraries, this book teaches librarians how to create a welcoming environment that enriches, enlightens, and engages their library's growing aging community. • Offers ways to create and expand adult library programs and services and

cultivate an appreciation of lifelong learning • Combines engagement techniques in community collaboration and outreach with practical strategies in marketing and funding • Explores strategies within current U.S. public library adult services and programs for patrons middle-aged and older • Details up-to-date ALA guidelines for the 60+ adult population

Global Supply Chain Security - Andrew R.

Thomas 2014-12-12

This volume presents new theoretical insights, practical strategies, and policy initiatives in the rapidly evolving field of global supply chain security. As businesses, governments, and society at large have become increasingly dependent on a global network to provide goods and services, protecting global supply chains has become an issue of vital importance for industries, nations, and regions. The "supply chain" encompasses all the links connecting a manufacturer to end users of its products. Links may take the form of plants, supplier

warehouses, vendor facilities, ports or hubs, retail warehouses or facilities, and outbound shipping centers. Links also involve all the ways goods are moved-by truck, ship, airplane, or rail car. A great deal can go wrong in the supply chain due to company or systemic mismanagement and inefficiency, criminal activity, employee or technology errors, or terrorism, to name just a few of the threats. Then there are government regulation, industry or association oversight, and security agencies (both public and private) keeping track. Globalization, stricter security regimes, and increasingly sophisticated criminal activity have made cross-border cargo movements more complex, putting the integrity of end-to-end supply chains at much greater risk. This is why the security of the supply chain has become such an important issue for business people: there is too much at stake to let problems proliferate or stagnate. It has been estimated, for example, that thieves now steal \$50 billion in goods each

year from various points along the supply chain. Synthesizing the most current research, practical application, and policy, *Global Supply Chain Security* covers a range of emerging topics—from risk assessment to technology deployment to continuity planning—and will serve as a useful resource for anyone concerned with supply chain security issues, including scholars, students, business executives and policymakers.

Lady Bird Johnson: Hiding in Plain Sight - Julia Sweig 2021-03-16

NEW YORK TIMES BESTSELLER • A magisterial portrait of Lady Bird Johnson, and a major reevaluation of the profound yet underappreciated impact the First Lady's political instincts had on LBJ's presidency. WINNER OF THE TEXAS BOOK AWARD • LONGLISTED FOR THE PEN/JACQUELINE BOGRAD WELD AWARD • “[An] extensive, engaging new biography . . . in the Caro mold . . . To those who do not know [Lady Bird's] story,

Sweig's book will come as a revelation.”—The New York Times “This riveting portrait gives us an important revision of a long-neglected First Lady.”—Blanche Wiesen Cook, author of *Eleanor Roosevelt, Vols. 1-3* In the spring of 1964, President Lyndon B. Johnson had a decision to make. Just months after moving into the White House under the worst of circumstances—following the assassination of President John F. Kennedy—he had to decide whether to run to win the presidency in his own right. He turned to his most reliable, trusted political strategist: his wife, Lady Bird Johnson. The strategy memo she produced for him, emblematic of her own political acumen and largely overlooked by biographers, is just one revealing example of how their marriage was truly a decades-long political partnership. Perhaps the most underestimated First Lady of the twentieth century, Lady Bird Johnson was also one of the most accomplished and often her husband's secret weapon. Managing the White

House in years of national upheaval, through the civil rights movement and the escalation of the Vietnam War, Lady Bird projected a sense of calm and, following the glamorous and modern Jackie Kennedy, an old-fashioned image of a First Lady. In truth, she was anything but. As the first First Lady to run the East Wing like a professional office, she took on her own policy initiatives, including the most ambitious national environmental effort since Teddy Roosevelt. Occupying the White House during the beginning of the women's liberation movement, she hosted professional women from all walks of life in the White House, including urban planning and environmental pioneers like Jane Jacobs and Barbara Ward, encouraging women everywhere to pursue their own careers, even if her own style of leadership and official role was to lead by supporting others. Where no presidential biographer has understood the full impact of Lady Bird Johnson's work in the White House, Julia Sweig is the first to draw

substantially on Lady Bird's own voice in her White House diaries to place Claudia Alta "Lady Bird" Johnson center stage and to reveal a woman ahead of her time—and an accomplished politician in her own right.

Merry Christmas 2019 - Iphosphenes Journals
2018-11-07

The perfect SIMPLE and portable 6" x 9" softcover Christmas planner will keep you on track and organized for the last, busy month of the year! Great Christmas Organizer for: college students (to organize Winter Break), parents, grandparents, employers, Christmas holiday hosts, and Anybody who wants to de-stress the holiday season with a Mid-Century Modern 50s-60s flair! Focus on holiday spirit and reduce stress this Christmas with this simple planning tool. Some planners include space for everything, but this Christmas organizer keeps it simple and actually use-able. This mid-century modern design on a blue outer-space cover offers: A 2019-2020 weekly calendar layout for

Monday before Thanksgiving to the Sunday after the New Year. Fourteen pages of to-do checklists for the Christmas season, to use when and how you need! A page dedicated to Christmas Reflections - to summarize lessons learned, planning ideas for next year or simply journal the highlights of the season! Use the "Look Inside" to see some of the pages available and the overall design of this book. Or, visit our author page to see other design options if you love the Mid-Century Modern look but want more detailed interior layouts for gift giving and cards, too! With a non-spiral, glossy, perfect-bound, durable cover, this paperback planner is approximately the same dimensions as an iPad (just over A5 size for customers outside the US) but slimmer, which means you can carry it everywhere with you easily.

XX - Rian Hughes 2020-08-20

'Extraordinary imagination . . . As the book races towards a mindboggling climax it leads the reader to some remarkable ideas about the

nature of life, the universe and everything. Simply stunning.' - Big Issue At Jodrell Bank a mysterious signal of extraterrestrial origin has been detected. Artificial intelligence expert Jack Fenwick thinks he can decode it. But when he and his associates at Hoxton tech startup Intelligencia find a way to step into the alien realm the signal encodes, they discover that it's already occupied - by ghostly entities that may come from our own past. Have these 'DMen' (Digital Memetic Entities) been created by persons unknown for just such an eventuality? Are they our first line of defence in a coming war, not for territory, but for our minds? XX presents a compelling vision of humanity's unique place in the universe, and of what might happen in the wake of the biggest scientific discovery in human history. As compelling as it is visually striking, Rian Hughes' first novel incorporates NASA transcripts, newspaper and magazine articles, fictitious Wikipedia pages, undeciphered alphabets, and 'Ascension', a

forgotten novelette by 1960s counterculture guru Herschel Teague that mysteriously foreshadows events. Wrapping stories within stories, Rian Hughes' XX unleashes the full narrative potential of graphic design. Drawing on Dada, punk and the modernist movements of the twentieth century, it asks us who we think we are - and where we may be headed next. The battle for your mind has already begun.

He is Here - John Brandon Kever 2017-07-07

Can an Iraq War Widow and a Breast Cancer Widower Fall in Love without Falling Apart? Sara lost her husband 4 years ago in the Iraq War. Jack lost his wife to breast cancer soon after they were married. Falling in Love again is

the last thing on their minds. A chance meeting while volunteering at a local mission opens possibilities either before felt possible. Their lives are further intertwined when through their work at the mission; they meet a young teenage couple expecting a baby. How do you fall in love after you've lost the love of your life? There is Grace in Grief. Love Abounds in He is Here. Fall in Love again in He is Here.
