Chromebook For Dummies - Peter H. Gregory 2020-03-31

Get the most out of your Google Chromebook Chromebook For Dummies walks you through setting up your Chromebook, transitioning from traditional computers, customizing a Chromebook to fit your needs, navigating the many apps and their uses, and applying advanced settings and features. This book documents the features of all Chromebooks, approaching them from the point of view of a smart person who is intimidated by the technology. Offers extensive and practical information Covers all portable computers powered by Chrome OS Helps make it easy to drive these fast, user-friendly devices Includes coverage of the latest features in the Chrome operating system You'll end up keeping this book close at hand, referring to it often as you explore the features of your Chromebook.

La semaine de 4 heures - Timothy Ferriss 2010-04-30

Vous rêvez d'échapper à la routine du métro-boulot-dodo, de gagner de l'argent sans vous épuiser à la tâche, ou tout simplement de vivre mieux en travaillant moins ? Alors, voici ce que vous apprendra ce livre :
• comment vous organiser pour gagner en un mois, à raison de 4 heures par semaine, le salaire que vous gagnez jusqu'à présent en un an ;
• comment rejoindre les Nouveaux Bienheureux, qui réalisent leurs rêves et jouissent de la vie sans attendre une hypothétique retraite. Plus de bon temps, plus d'argent, plus de mobilité : ce livre est un véritable manifeste pour un changement radical de mode de vie. La recette de Timothy Ferriss est fondée sur sa propre expérience. Il vous démontrera qu'il est possible de diviser par deux sa masse de travail en identifiant les tâches essentielles et les plus rentables, d'utiliser l'assistantat à distance pour mettre en place un « management par l'absence », de cultiver l'ignorance sélective grâce à une diète d'informations... et ceci dans un unique but : mener une belle carrière d'entrepreneur en travaillant seulement 4 heures par semaine ! Cette nouvelle édition contient les témoignages de lecteurs qui ont doublé leurs revenus, délégué la plus grande partie de leurs tâches et réinventé leur vie après avoir lu ce livre. Vous y trouverez des procédures types pour vous libérer de votre dépendance aux mails, apprendre à négocier avec vos clients difficiles, ou rédiger une proposition de télétravail à l'attention de votre patron... Ainsi que les dernières astuces de Timothy Ferriss pour vivre comme un diplomate ou un millionnaire, sans être ni l'un ni l'autre !

Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971 - New York Public Library. Research Libraries 1979

The Last Kids on Earth - Max Brallier 2015-10-13

A Netflix Original series! The first book in the New York Times, USA Today, and Wall Street Journal bestselling series, with over 7 million copies in print! "Terrifyingly fun! Delivers big thrills and even bigger laughs."--Jeff Kinney, author of the #1 New York Times bestseller Diary of a Wimpy Kid Ever since the monster apocalypse hit town, average thirteen year old Jack Sullivan has been living in his tree house, which he's armed to the teeth with catapults and a moat, not to mention video games and an endless supply of Oreos and Mountain Dew scavenged from abandoned stores. But Jack alone is no match for the hordes of Zombies and Winged Wretches and Vine Thingies, and especially not for the eerily intelligent monster known only as Blarg. So Jack builds a team: his dorky best friend, Quint; the reformed middle school bully, Dirk; Jack's loyal pet monster, Rover; and the fiercest girl Jack knows, June. With their help, Jack is going to slay Blarg, achieve the ultimate Feat of Apocalyptic Success, and be average no longer! Can he do it? Told in a mixture of text and black-and-white illustration, this is the perfect series for any kid who's ever dreamed of starring in their own comic book or video game.

A House is Not a Home - Polly Adler 2006

Polly Adler's house--the brothel that gave this best-selling 1953 autobiography its title--was a major site of New York City underworld activity from the 1920s through the 1940s. Adler's notorious Lexington Avenue house of prostitution functioned as a sort of social club for New York's gangsters and a variety of other celebrities, including Robert Benchley and his friend Dorothy Parker. According to one New York tabloid, it made Adler's name synonymous with sin. This new edition of Adler's autobiography brings back into print a book that was a mass phenomenon, in both hardback and paperback, when it was first published. A self-consciously literary work, *A House Is Not a Home* provides an informal social history of immigrant mobility,

prostitution, Jewish life in New York, police dishonesty, the white slavery scare of the early twentieth century, and political corruption. Adler's story fills an important gap in the history of immigrant life, urban experience, and organized crime in New York City. While most other accounts of the New York underworld focus on the lives of men, from Herbert Asbury's *Gangs of New York* through more recent works on Jewish and Italian gangsters, this book brings women's lives and problems to the forefront. *A House Is Not a Home* is compellingly readable and was popular enough to draw Hollywood's attention in the early 1960s--leading to a film starring Shelley Winters as Adler. The book has been largely forgotten in the ensuing decades, lost both to its initial audience of general readers and to scholars in women's studies, immigration history, and autobiography who are likely to find it a treasure trove. Now, with a new introduction by Rachel Rubin that contextualizes Adler's life and literary achievement, *A House Is Not a Home* is again available to the many readers who have come to understand such marginal life stories as a special refraction of the more typical American success narrative.

The Compact Edition of the Oxford English Dictionary: Complete Text Reproduced

Micrographic reproduction of the 13 volume Oxford English dictionary published in 1933.

Cloud Computing with Google Chrome - George Root 2013-03-28

Cloud computing is "the next big thing" in computer technology and the Google Chrome Operating System is at the forefront of its development. With Google Chrome, the software and the documents you create are all stored on Google servers somewhere. Everything is saved automatically, and backed up automatically. If your Google Chrome computer gets stolen, you lose nothing except the computer - all your stuff is still there on the Google servers. You don't have to worry about viruses because there is an army of Google engineers watching out for them. Perhaps the most revolutionary aspect of Chrome computing is that almost everything is free. That includes the operating system and a complete suite of office applications. Even the computers themselves are very inexpensive with prices starting at around \$200. Cloud computing may be the next big thing, but that means that people who want to make use of this new technology will need a guide to help them make the transition from the old way of doing things to the new Chrome way. This book is just such a guide. It distills hundreds of pages of Google support documents into 116 pages of detailed instructions on how to setup and how to use all of the powerful features Chrome makes available. This book explains all of the newest Chrome technologies such as: Two-Step Authentication, Application Specific Passwords, Google Cloud Print, Google Docs, Gmail, Google Groups, and much more. What sets this book apart is that it not only describes these various aspects of Chrome, it also provides step-by-step instructions for setting-up and then using all of the modern Chrome features. Numerous screen shots are included to help clarify what the text says. Whether you have just bought your first Chromebook laptop or whether you have been using the Chrome web browser for some time, you will learn something, perhaps a lot, from this book. Chrome is going to revolutionize the way computing is done in the future. And you can experience that future right now. This book will tell you how. As an example of the level of detail you can expect from this book, here's a summary of the contents of Section 3.3 discussing Setting Up a New Google Account: 3.1 Choosing a Strong Password 3.2 Creating a New Google Account 3.3 Securing Your Google Account 3.3.1 Turn On Encryption for Your Account 3.3.2 How Does "2-Step Verification Work" 3.3.3 Set-Up "2-Step Verification" 3.3.4 Generate and Print "Backup Codes" 3.3.5 How Do You Use "Backup Codes"? 3.3.6 Generate and Print "Application Specific Passwords" 3.3.7 How Do You Use "Application Specific Passwords"? 3.3.8 Revoking "Application Specific Passwords" 3.3.9 Returning to Your Security Settings Page

Cloud Computing with Google Chrome - George Root 2013-11

This is the Second Volume in the "Cloud Computing with Google Chrome" series. Volume 1 of this series explained how to setup and use a new Google Chromebook Computer and many of the Google Services that are available free from Google. If you are new to the Chrome OS and need helpful information on how to setup a new Google Account and other Google Services such as Gmail, Google Docs, and Google Drive, then Volume 1 of this series is the book you should start with. This book, Volume 2, contains all new material not included in the first volume. It includes new material that expands upon some of the topics introduced in the first volume, but the major portion of Volume 2 introduces entirely new topics such as Google+ and

Photo Editing using the free photo editing capabilities built into the Chrome environment. Here is a list of the top-level topics covered in Volume 2: Using External Devices with Your Chromebook Computer Using an External Hard Drive Connecting to Ethernet Using a Mouse and Keyboard with Your Chromebook Using an External Monitor with Your Chromebook Using Goggle Authenticator Hosting a Website Using Google Drive Sharing Files Using Google Drive Setting Up a Google Cloud Print Enabled Printer Setting Up and Using Google+ Editing and Sharing Photos from Your Mobile Device Editing Photos Using the Powerful Editing Features Included in Google+ Whether you have just bought your first Chromebook or whether you have been using the Chrome web browser for some time, you will learn something, perhaps a lot, from this book.

The Ultimate Chrome OS Guide For The Google Pixel Slate - Keith I Myers 2022-06-20

There are several books available for Chrome OS users however many of them focus on the limitations of Chrome OS, not teach readers how to unlock the full potential of their Chrome OS powered device. The Ultimate Chrome OS Guide for the Google Pixel Slate will provide a comprehensive overview of the Google Pixel Slate and how to get the most out of your purchase. This book was designed to appeal to readers from all walks of life, it does not matter if this is your first Chrome OS powered device or you are like me and have a quickly growing collection.

A Christmas Carol - Charles Dickens 1858

Everyone is familiar with this classic Christmas story. Ebenezer Scrooge is a miserly, unpleasant man who despises Christmas and overworks his clerk Bob Cratchit. As he prepares for another Christmas Eve without celebration, Scrooge is greeted by his dead business partner, Jacob Marley who warns him that his greed will not go unpunished. At first, Scrooge doesn't heed Marley's warning, but soon he is visited by the Ghosts of Christmas Past, Present, and Christmas Yet to Come. He is made to face his cruel nature, and to consider whether he should change his ways. This is a free digital copy of a book that has been carefully scanned by Google as part of a project to make the world's books discoverable online. To make this print edition available as an ebook, we have extracted the text using Optical Character Recognition (OCR) technology and submitted it to a review process to ensure its accuracy and legibility across different screen sizes and devices. Google is proud to partner with libraries to make this book available to readers everywhere.

Dog Man - Dav Pilkey 2016-08-30

For use in schools and libraries only. New from the creator of Captain Underpants, it's Dog Man, the crime-biting canine who is part dog, part man, and ALL HERO! George and Harold have created a new hero who digs into deception, claws after crooks, and rolls over robbers. When Greg the police dog and his cop companion are injured on the job, a life-saving surgery changes the course of history, and Dog Man is born. With the head of a dog and the body of a human, this heroic hound has a real nose for justice. But can he resist the call of the wild to answer the call of duty?

Paperbound Books in Print - 1992

Monster - Walter Dean Myers 2004-12-01

While on trial as an accomplice to a murder, sixteen-year-old Steve Harmon records his experiences in prison and in the courtroom in the form of a film script as he tries to come to terms with the course his life has taken.

To Kill a Mockingbird - Harper Lee 2014-07-08

Voted America's Best-Loved Novel in PBS's The Great American Read Harper Lee's Pulitzer Prize-winning masterwork of honor and injustice in the deep South—and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, To Kill a Mockingbird has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.
