The Whole Body Reset - Stephen Perrine 2022-03-01

New York Times Bestseller Stop—and even reverse!—age-related weight gain and muscle loss with the first-ever weight-loss plan specifically designed to shrink your belly, extend your life, and create your healthiest self at mid-life and beyond. You don't have to gain weight as you age. That's the simple yet revolutionary promise of The Whole Body Reset, which uncovers why standard diet and exercise advice stops working for us as we approach midlife—and reveals how simple changes to the way we eat can halt, and even reverse, age-related weight gain and muscle loss. The Whole Body Reset presents stunning new evidence about the power of “protein timing” for people at midlife—research that blows away current government guidelines, refutes the myth of slowing metabolisms and “inevitable” weight gain, and changes the way people in their mid-forties and older should think about food. The Whole Body Reset explains in simple, inspiring terms exactly how our bodies change with age, and how eating to accommodate those changes can make us respond to exercise as if we were twenty to thirty years younger. Developed by AARP, tested by a panel of more than 100 AARP employees, and approved by an international board of doctors, nutritionists, and fitness experts, The Whole Body Reset doesn't use diet phases, eating windows, calorie restriction, or other trendy gimmicks. Its six simple secrets and scores of recipes are easy to follow, designed for real people living in the real world. A dining guide even shows how to follow this program in popular restaurants from McDonald's to Starbucks to Olive Garden. And best of all: It works!

It's Never Too Late to Sleep Train - Craig Canapari, MD 2019-05-07

From a leading pediatric sleep physician comes a revolutionary program that will have everyone in the house sleeping through the night. When Dr. Craig Canapari became a father, he realized that all his years of 36-hour hospital shifts didn't even come close to preparing him for the sleep deprivation that comes with parenthood. The difference is that parents don't get a break—it's hard to know if there's a night of uninterrupted sleep anywhere in the foreseeable future. Sleepless nights for kids mean sleepless nights for the rest of the family—and a grumpy group around the breakfast table in the morning. In It's Never Too Late to Sleep Train, Canapari helps parents harness the power of habit to chart a clear path to high-quality sleep for their children. The result is a streamlined two-step sleep training plan that focuses on cues and consequences, the two elements that shape all habits and that take on special importance when it comes to kids' bedtime routines. Dr. Canapari distills years of clinical research and experience to make sleep training simple and stress-free. Even if you've been told that you've missed the optimal "window" for sleep training, Dr. Canapari is here to prove that it's never too late, whether your child is 6 months or 6 years old. He's on your side in the battle against bedtime, and with his advice, parents and children alike can expect a lifetime of healthy sleep.

[Entwined: Some Things Never Let Go](#) - Ned Lips 2019-11-10

Entwined is the first sequel to *Reset*. *Entwined: A dystopian fiction novel that draws you in and inspires you to Reset your life anew* by author Ned Lips, even if you have experienced abuse as Sarah had. Is your past entwined with your present? Can you break free of negative relationships to trust new loves? Daffodil said, "Love heals all. [Tom] loves you deeply. Love him as deeply, for you now know that you have it in you to do so." Sarah thought about this. Had she really released herself to totally and completely love Tom, or did she only accept his unquestioning love for her? She looked at Daffodil, as ethereal here as she was in real life. "I'll try." Haunted by the last man Sarah was sure she'd loved, who'd brutally beaten her and has since invaded her mind to its core, can Sarah free herself to love Tom fully? Can she trust him? What if she loves him and then, like Robert, he turns on her? Is he her next Robert? He's done nothing but love and support her. But isn't Tom, and her feelings for him, a liability as she strives to protect and lead the Family in this strange world of beauty and terror? As Sarah wrestles with her personal doubts and fears, external threats, challenges, enemies, new friends and mystical powers abound as the Family moves forward in a *Reset* world. About the Author Ned Lips believes that it is never too late or too difficult to *Reset Your Life*. His mantra is simple, "Do what you know in your heart of hearts is right for YOU, every minute of every day, and you will find your path to joy." If you do this, you will find your passions, develop your own superpowers

and find joy that will guide you through the rest of your life. You always know what is the right thing for you to do, but the most difficult step is doing what you know is right for you in the face of the "shoulds," the rules, expectations, paths, goals and dreams that others have for you or want you to follow. No one knows your soul, but you. No one knows your path, but you. Rather than writing boring self-help books, Ned writes stories that depict the process, the hurdles and the steps along the journey, hoping to inspire each of us to fight your battles toward finding your harmony and joy. Ned is the author of *Reset*, *First Steps*, the *Reset Series* prequel, and *Entwined*, the first sequel in the *Reset Series*. *First Steps* is Sarah's journey out of an abusive marriage. The first steps in *Resetting Your Life* are to climb your way out of the hole you find yourself in. When you get to the edge, you will know the way. "I felt Sarah's pain from every angle, as a woman, as a mother and as a family member, trying to balance her career. I couldn't put it down" Karen Tabrizi. In *Reset*, Sarah becomes a superheroine in a world ideally suited to her, one in which everything man-made has been removed from the face of the earth by a powerful living Storm. To find your joy, you will face storms and battles as those around you try to keep you from becoming one with your superpowers. "A riveting tale that draws you in . . . and never let's go! Told with beautiful world-building detail, [it's] the perfect choice for your book club." Cherie L. Postill, Author, Book Coach, Presenter. In *Entwined*, Sarah takes her next steps, learning to release herself fully to her lover, her new friends and sisters, her Family and to the world of nature that surrounds them, while dealing with her long-time arch enemy. Ned is a life-long writer, who has many stories waiting for him to polish for publication. The second sequel in the *Reset* series is in draft form. *Freed*, a story unrelated to *Reset*, will be published in early 2020 with many more to come.

Own The Moment - Carl Lentz 2017-10-31

This engaging and inspirational book by Carl Lentz, the rock star pastor of Hillsong NYC, shows us the way toward a more connected, spiritually-grounded, and fulfilled life. When you think of a Christian pastor, you probably don't envision a tattooed thirty-something who wears a motorcycle jacket, listens to hip-hop

music, references The Walking Dead and Black Lives Matter in his sermons, and every Sunday draws a standing-room only crowd to a venue normally used for rock concerts—in godless New York City, no less. But then you clearly have never met Carl Lentz. As lead pastor of the first United States branch of global megachurch Hillsong, the former college basketball player is on a mission to make Christianity accessible in the 21st century. In *Own The Moment*, he shares the unlikely and inspiring story of how he went from being an average teenager who couldn't care less about church to leading one of the country's fastest-growing congregations—how one day he is trying to convince a Virginia Beach 7-Eleven clerk to attend his service, and just a few years later he is baptizing a global music icon in an NBA player's Manhattan bathtub. Amid such candid personal tales, Lentz also offers illuminating readings of Bible passages and practical tips on how to live as a person of faith in an increasingly materialistic world. How do you maintain your values—and pass them onto your children—in a society that worships money and sex and fame? How do you embrace your flaws in this Instagram era that exalts the appearance of perfection? How do you forget about "living the dream" and learn to embrace the beauty of your reality? These are just a few of the many important questions Lentz answers in *Own The Moment*—a powerful book that redefines not just Christianity but spirituality as a whole.

She truly can't see any sane reason to risk her peaceful existence for someone who says he wants to make wine out of her one minute and then embarrasses her the next. Does it matter at her age that Morrie might be her last chance to find true love? *DATING A COUGAR II* (Book 6) Firefighter and eco entrepreneur Walter Graham II is tired of unhappily dating. He wants to date Jane Fox who can turn on his body and keep up with his brain. Unfortunately, the sexy older woman is using her formidable logic to prove any relationship between them is a bad idea. But once he gets his reluctant cougar into bed, Walter intends to give Jane's amazing mind something more important to focus on than their age difference. *DATING A PRO* (Book 7) Her tendency to buck convention as much as Harrison did definitely made Doris worthy of a tumble. She wasn't his first older woman so the decade difference in their ages didn't bother him a bit. After all, it wasn't like he was going to marry the woman. All he wanted was to share her lonely divorcee bed and maybe stir things up at the club with a few mix-gender golf games. He and Doris would both have some fun. The last thing Harrison expected was to find himself falling for the most inappropriate female he'd ever met.

[Kids, Sex & Screens](#) - Jillian Roberts 2018-12-11

Kids, Sex & Screens is Dr. Jillian Roberts' primer for parents that know they need to speak with their children about sexualized media, but don't know where to start. Our kids are being exposed to sexual content at a younger and younger age, whether through the Internet, advertisements, or interactions with their peers. When children are exposed to this sexual information without context, or images of a graphic nature, they can experience lasting psychological effects with deep-seated ramifications. Kids, Sex & Screens explains in easy-to-understand language what exactly the psychological effects of that exposure can look like, and offers parents the tools and expert advice on how to handle it appropriately. Weaving eye-opening accounts from her own counseling practice with up-to-date psychological science, Dr. Jillian Roberts gives a full-fledged accounting of our sexualized society. Dr. Roberts pairs this explanation with advice and concrete actions that parents of both girls and boys desperately need. Writing with warmth and authority, Dr. Roberts has an important message for parents: you can mitigate the risks your child faces navigating a sensational and sometimes disturbing world so that they grow up healthy and strong. Using her "7-Point Compass" as a navigational tool, Kids, Sex & Screens helps parents make sure their sons and daughters mature in a manner that is age-appropriate in a "mature content" world.

Digital for Good - Richard Culatta 2021-07-20

Kids deserve a better digital future. Help them create it. When it comes to raising children in a digital world, every parent feels underprepared and overwhelmed. We worry that our children will become addicted to online games, be victims of cyberbullying, or get lost down the rabbit hole of social media. We warn them about all the things they shouldn't do online, but we don't do nearly enough to teach them the skills of digital well-being. It's time to start a new conversation. In *Digital for Good*, EdTech expert Richard Culatta argues that technology can be a powerful tool for learning, solving humanity's toughest problems, and bringing us closer together. He offers a refreshingly positive framework for preparing kids to be successful in a digital world—one that encourages them to use technology proactively and productively—by outlining five qualities every young person should develop in order to become a thriving, contributing digital citizen: Be balanced: understand when and how much tech use is healthy Stay informed: discern between true and false information Be inclusive: treat others with respect and kindness online Be engaged: use tech to strengthen family relationships and community connections Stay alert: exercise caution and create safe digital spaces for others This practical guide will help parents and children discover the path to becoming effective digital citizens, all while making our online world a better place.

Resetting Our Future: Provocateurs not Philanthropists - Maiden R. Manzanal-Frank 2022-09-30

You want to make a difference - to use your passions and talents in the 'developing world' and create a meaningful, lasting impact. But you also know that billions of dollars are wasted on faulty and misguided aid and development projects on an annual basis. While governments, multilateral organizations, and billionaire philanthropists continue to look for the next 'silver bullet', can you be confident that you can make a difference with who you are, what you have, and what you can imagine for the communities you feel called to work with? Yes you can, according to Maiden R. Manzanal-Frank, a global impact advisor with roots in the Philippines and more than a decade in international community development experience. In fact, where larger institutions and philanthropists often fail, you might well succeed by becoming a provocateur instead. Unlike the philanthropists, provocateurs are everyday leaders such as entrepreneurs, teachers, farmers, and engineers. They are ordinary people who make extraordinary personal and professional contributions to making the world a better place. This book distills real-life examples and insights from the experiences of provocateurs in the Global South into practical principles for success that will ensure your impacts will be sustainable and generative.
