Made in Italy - Silvia Colloca 2014

'I was lucky enough to grow up in a family of foodies: my brother is a chef, my mum is a great cook, and my dad is a wonderful eater! No wonder I have such a passion for the food of my homeland.' In her second cookbook, Italian-born Silvia Colloca returns to the villages where she spent her childhood, in the regions of Abruzzo, Marche and Molise. Reuniting with family and close friends, Silvia celebrates the incredible array of fresh produce, its marked regional variations, and how this affects the local cuisine. With her trademark warmth and good humour, Silvia shares family stories and recipes that are close to her heart, and shows how simply a handful of seasonal ingredients can be transformed into something truly exceptional, including homemade ricotta, roast potatoes with bay leaves and cured pork cheek, handmade noodles with monkfish ragu, wine-drenched peaches with mascarpone cream and the intriguing-sounding 'bear's cake'!

We were boys - Alberto Moretti 2021-10-19

Amalia and Guido are a young couple whose dream of a happy life together is broken by the outbreak of the Second World War. Amalia stays in Milan, juggling the bombings and the no less pressing problems of daily survival. Guido, instead, as commander in the Italian Army, leads an epic crossing in the Sahara desert and manages to bring his soldiers to safety, facing a thousand adversities. The solid mutual love, strengthened also by the birth of a little girl, will accompany them on the arduous journey towards the painful reunification. A path paved with obstacles, revealing encounters, very hard trials, but also unexpected strokes of luck. Based on real events, this novel offers us a vivid glimpse of crucial episodes of our history, between the late 1700s and the late 1900s, narrated from an unprecedented perspective. In addition to the voices of the two courageous and tenacious protagonists, there is also the no less intense voice of their son Alberto, who vigorously depicts the distant years of childhood and youth, the loves and pains until the first professional successes. Many varied adventures that have a common denominator: the strength to get involved to the end, without fears, and living the unknown as a continuous challenge. It is the ability to adapt to the changing and evolving times, almost anticipating them and always staying one step ahead, the key that opens the doors of a future full of promise to Alberto. But the new contains in itself traces of our roots, and today always has a father: the past.

Long Island Italian Americans - Salvatore J. LaGumina 2013-08-06

For Italian immigrants and their descendants, moving from "the city" out to Long Island was more than a change of address. It signaled that the family had achieved the American dream, and in turn, elements of Italian values and culture are visible all over the island. Italians helped to build Long Island, whether as laborers or as contractors, such as the Castagnas. They brought their culinary traditions and opened markets, such as the still family-owned Iavarone Brothers Foods and restaurants, including New Hyde Park's Umberto's. Italians' industrialism helped them thrive in fields as diverse as medicine, politics, acting and winemaking and importing (including the nationally recognized Banfi label). Join author Salvatore J. LaGumina to discover the remarkable contributions and vibrant culture of Italians and Italian-Americans on Long Island.

Total Living - Maria Luisa Frisa 2002

This book presents a psychotherapy intervention model called Multimodal Integrative Cognitive Stimulation Therapy (MICST). It is grounded in information processing and cognitive stimulation techniques and operates out of a positive psychology framework. This model, designed for group work with clients with schizophrenia, can be easily tailored to working with clients in individual therapy sessions. The three core MICST group activities include: 1) body movement-mindfulness-relaxation (BMR); 2) cognitive stimulation using group discussions; and 3) cognitive stimulation using paper-pencil cognitive exercises and self-reflection exercises. A chapter is devoted to each of these core areas with actual case vignettes to illustrate ways that these activities can be implemented in clinical practice. Homework recommendations are included at the end of each chapter, devoted to a core MICST group activity and providing suggestions on ways to practice various skills and exercises in between group sessions. Also provided are several handouts and worksheets which can be used with clients.

Shopping in the Renaissance - Evelyn S. Welch 2005-01-01

Shopping was as important in the Renaissance as it is in the 21st century. This book breaks new ground in the area of Renaissance material culture, focussing on the marketplace in its various aspects, ranging from middle-class to courtly consumption and from the provision of foodstuffs to the acquisition of antiquities and holy relics. It asks how men and women of different social classes went out into the streets, squares and shops to buy the goods they needed and wanted on a daily or on a once-in-a-lifetime basis during the Renaissance period. Drawing on a detailed mixture of archival, literary and visual sources, she exposes the fears, anxieties and social possibilities of the Renaissance marketplace. Thereafter, Welch looks at the impact these attitudes had on the developing urban spaces of Renaissance cities, before turning to more transient forms of sales such as fairs, auctions and lotteries. In the third section, she examines the consumers themselves, asking how the mental, verbal and visual images of the market shaped the business of buying and selling. Finally, the book explores two seemingly very different types of commodities - antiquities and indulgences, both of which posed dramatic challenges to contemporary notions of market value and to the concept of commodification itself.

Six Days in Rome - Francesca Giacco 2022-05-03

In this decadent, deeply evocative novel, a young artist travels to Rome to heal a broken heart, where she confronts loneliness and intimacy, rage and desire: "Sensorial as hell . . . A stunningly cool and stylish debut" (Paul Beatty, Man Booker Prize-winning author of *The Sellout*). Emilia arrives in Rome reeling from heartbreak and reckoning with her past. What was supposed to be a romantic trip has, with the sudden end of a relationship, become a solitary one instead. As she wanders, music, art,

food, and the beauty of Rome's wide piazzas and narrow streets color Emilia's dreamy, but weighty experience of the city. She considers the many facets of her life, drifting in and out of memory, following her train of thought wherever it leads. While climbing a hill near Trastevere, she meets John, an American expat living a seemingly idyllic life. They are soon navigating an intriguing connection, one that brings pain they both hold into the light. As their intimacy deepens, Emilia starts to see herself anew, both as a woman and as an artist. For the first time in her life, she confronts the ways in which she's been letting her father's success as a musician overshadow her own. Forced to reckon with both her origins and the choices she's made, Emilia finds herself on a singular journey—and transformed in ways she never expected. Equal parts visceral and cerebral, *Six Days in Rome* is an ode to the Eternal City, a celebration of art and creativity, and a meditation on self-discovery. Includes a Reading Group Guide.

The Italian American Table - Simone Cinotto 2013-10-30

Best Food Book of 2014 by The Atlantic Looking at the historic Italian American community of East Harlem in the 1920s and 30s, Simone Cinotto recreates the bustling world of Italian life in New York City and demonstrates how food was at the center of the lives of immigrants and their children. From generational conflicts resolved around the family table to a vibrant food-based economy of ethnic producers, importers, and restaurateurs, food was essential to the creation of an Italian American identity. Italian American foods offered not only sustenance

but also powerful narratives of community and difference, tradition and innovation as immigrants made their way through a city divided by class conflict, ethnic hostility, and racialized inequalities. Drawing on a vast array of resources including fascinating, rarely explored primary documents and fresh approaches in the study of consumer culture, Cinotto argues that Italian immigrants created a distinctive culture of food as a symbolic response to the needs of immigrant life, from the struggle for personal and group identity to the pursuit of social and economic power. Adding a transnational dimension to the study of Italian American foodways, Cinotto recasts Italian American food culture as an American "invention" resonant with traces of tradition.

Shopping Environments - Peter Coleman 2007-06-07

Shopping centers have become the most common of shopping environments and have influenced the make-up of cities around the world. However, in recent years, the enclosed "mall" has evolved and diversified with new types of retail environments that were developed to better suit their locale and meet public expectation. This design guide has over 600 illustrations that present the core values and considerations that make a successful retail center: location, catchment user needs, as well as access and layout. Covering everything from site master planning to the essentials of public facilities and the technical systems, this is essential reading for architects of contemporary shopping centers. A series of international examples showcasing different types of shopping environments are included to cover the wide range of designs that have occurred in recent years. From the "out of town" mall to retail parks and mixed use town center developments, the best of contemporary design is illustrated to provide both practical information and inspiration.
