Military Recruiting in the United States - Pat Elder
2016-12-08

Military Recruiting in the United States provides a fearless and penetrating description of the deceptive practices of the U.S. military as it recruits American youth into the armed forces. Long-time antiwar activist Pat Elder exposes the underworld of American military recruiting in this explosive and consequential book. The book describes how recruiters manage to convince youth to enlist. It details a sophisticated psy-ops campaign directed at children. Elder describes how the military encourages first-person shooter games and places firearms into the hands of thousands using the schools, its JROTC programs, and the Civilian Marksmanship

Program to inculcate youth with a reverence for guns. Previously unpublished investigative work reveals how indoor shooting ranges in schools are threatening the health of children and school staff through exposure to lead particulate matter. The book provides a kind of "what's coming next manual" for European peacemakers as they also confront a rising tide of militarism. The book examines the disturbing, nurturing role of the Catholic Church in recruiting youth. It surveys the wholesale military censorship of Hollywood films, pervasive military testing in the high schools, and an explosion of military programs directed toward youth. When prodigal daughter Heather Evans returns to her family home after her mother's baffling suicide, she makes an alarming discovery--stacks and stacks of carefully preserved letters from notorious serial killer Michael Reave. The "Red Wolf," as he was dubbed by the press, has been in prison for over twenty years, serving a life sentence for the gruesome and ritualistic murders of several women across the country, although he has always protested his innocence. The police have had no reason to listen, yet Heather isn't the only one to have cause to re-examine the murders. The body of a young woman has just been found, dismembered and placed inside a tree, the corpse planted with flowers. Just as the Red Wolf once did. What did Heather's mother know? Why did she kill herself?

And with the monstrous Red Wolf safely locked inside a maximum security prison, who is stalking young women now? Teaming up with DI Ben Parker, Heather hopes to get some answers for herself and for the newest victims of this depraved murderer. Yet to do that, she must speak to Michael Reave herself, and expose herself to truths she may not be ready to face. Something dark is walking in the woods, and it knows her all too well.

and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. If movies and books like *Belle*, *Twelve Years a Slave*, *The Butler*, *The Help*, *A Time to Kill*, and *Amistad* have moved you, you'll love *A Complicated Legacy*, a novel by Baltimore writer Robert H. Stucky based on the true story of Elijah Willis, a white South Carolina planter, and Amy- the love of his life, the mother of his children, and his slave. Taking place in the decade leading up to the Civil War, it is written with a cinematic eye for atmosphere and setting, a linguist's ear for dialogue, and a historian's grasp of the

powerful social forces and momentous events of the time. It is a riveting tale of personal transformation in facing the tide of sweeping social change. Elijah Willis fought family opposition, public opinion, and the law to free his family of choice and leave them his entire inheritance. In so doing, his and Amy's story becomes a microcosm of the human struggles that made the Civil War and the Abolition of Slavery both necessary and inevitable. Set in rural South Carolina, Baltimore, and Cincinnati, this vivid saga weaves history and humanity in a compelling testimony to the power of relationships to shape our destinies, even a century and a half later.

THE POISON SONG The war is far from over. In Eborā, all is chaos, all is confusion. The connection that Tormalin, Noon and Vintage share with their war-beasts has kept them alive so far, but with Tor's sister Hestillion hell-bent on bringing ruthless order to the next enemy attack - the people of Sarn will need all the help they can get. Noon knows just where to recruit a new - and powerful - army. But even she underestimates the epic quest that is to come: a reckoning that will change Sarn forever.

The great city of Eboria once glittered with gold. Now its streets are stalked by wolves. Tormalin the Oathless has no taste for sitting around waiting to die while the realm of his storied ancestors falls to pieces - talk about a guilt trip. Better to be amongst the living, where there are taverns full of women and wine. When eccentric explorer, Lady Vincenza 'Vintage' de Gazon, offers him employment, he sees an easy way out. Even when they are joined by a fugitive witch with a tendency to set things on fire, the prospect of facing down monsters and retrieving ancient artefacts is preferable to the abomination he left behind. But not everyone is willing to let the Eboran empire collapse, and the adventurers are quickly drawn into a tangled conspiracy of magic and war. Black Tide - KC Jones
2022-05-31

A character-driven science fiction/horror blend, KC Jones' Black Tide is Stephen King's Cujo meets A Quiet Place. It was just another day at the beach. Then the world ended.

Mike and Beth were strangers before the night of the meteor shower. Chance made them neighbors, a bottle of champagne brought them together, and a shared need for human connection sparked something more. Following their drunken and desperate one-night stand, the two discover the astronomical event has left widespread destruction in its wake. But the cosmic lightshow was only part of something much bigger, and far more terrifying. When a lost car key leaves them stranded on an empty stretch of Oregon coast and inhuman screams echo from the dunes, when the rising tide reaches for their car and unspeakable horrors close in around them, these two self-destructive souls must fight to survive a nightmare of apocalyptic scale. "This is gasp-for-your-breath, peek-through-your-fingers horror, and I loved every page of it." —Jonathan Janz, author of The Siren and the Specter At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM)
