La città, il viaggio, il turismo - Gemma Belli 2018-11-06

[English]:The city as a destination of the journey in his long evolution throughout history: a basic human need, an event aimed at knowledge, to education, to business and trade, military and religious conquests, but also related to redundancies for the achievement of mere physical or spiritual salvation. In the frame of one of the world's most celebrated historical city, the cradle of Greek antiquity, myth and beauty, travel timeless destination for culture and leisure, and today, more than ever, strongly tending to the conservation and development of their own identity, this collection of essays aims to provide, in the tradition of AISU studies, a further opportunity for reflection and exchange between the various disciplines related to urban history./ [Italiano]:La città come meta del viaggio nella sua lunga evoluzione nel corso della storia: un bisogno primario dell'uomo, un evento finalizzato alla conoscenza, all'istruzione, agli affari e agli scambi commerciali, alle conquiste militari o religiose, ma anche legato agli esodi per il conseguimento della mera salvezza fisica o spirituale. Nella cornice di una delle città storiche più celebrate al mondo, culla dell'antichità greca, del mito e della bellezza, meta intramontabile di viaggi di cultura e di piacere, e oggi, più che mai, fortemente protesa alla conservazione e alla valorizzazione della propria identità, questa raccolta di saggi intende offrire, nel solco della tradizione di studi dell' AISU, un'ulteriore occasione di riflessione e di confronto tra i più svariati ambiti disciplinari attinenti alla storia urbana.

SPECULOPOLI - Antonio Giangrande

E' comodo definirsi scrittori da parte di chi non ha arte né parte. I letterati, che non siano poeti, cioè scrittori stringati, si dividono in narratori e saggisti. E' facile scrivere "C'era una volta...." e parlare di cazzate con nomi di fantasia. In questo modo il successo è assicurato e non hai rompiballe che si sentono diffamati e che ti querelano e che, spesso, sono gli stessi che ti condannano. Meno facile è essere saggisti e scrivere "C'è adesso...." e parlare di cose reali con nomi e cognomi. Impossibile poi è essere saggisti e scrivere delle malefatte dei magistrati e del Potere in generale, che per logica ti perseguitano per farti cessare di scrivere. Devastante è farlo senza essere di sinistra. Quando si parla di veri scrittori ci si ricordi di Dante Alighieri e della fine che fece il primo saggista mondiale. Le vittime, vere o presunte, di soprusi, parlano solo di loro, inascoltati, pretendendo aiuto. Io da vittima non racconto di me e delle mie traversie. Ascoltato e seguito, parlo degli altri, vittime o carnefici, che l'aiuto cercato non lo concederanno mai. "Chi non conosce la verità è uno sciocco, ma chi, conoscendola, la chiama bugia, è un delinquente". Aforisma di Bertolt Brecht. Bene. Tante verità soggettive e tante omertà son tasselli che la mente corrompono. Io le cerco, le filtro e nei miei libri compongo il puzzle, svelando l'immagine che dimostra la verità oggettiva censurata da interessi economici ed ideologie vetuste e criminali. Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Perché la massa dimentica o non conosce. Denuncio i difetti e caldeggio i pregi italici. Perché non abbiamo orgoglio e dignità per migliorarci e perché non sappiamo apprezzare, tutelare e promuovere quello che abbiamo ereditato dai nostri avi. Insomma, siamo bravi a farci del male e qualcuno deve pur essere diverso!

Superficie - Olivier Norek 2022-09-06

A Parigi nessuno vuole più la capitana Chastain. Laggiù ad Avalone, tutti temono la sua indagine. Per il direttore della polizia giudiziaria di Parigi la capitana della squadra antidroga Noémie Chastain è diventata un vistoso, scomodo ingombro. Il suo volto sfregiato da un colpo di fucile durante un blitz è un richiamo inquietante ai rischi del mestiere, nocivo per il morale dei colleghi. Così, senza tante cerimonie viene spedita in via provvisoria ad Avalone, nell'Aveyron: sulla carta, un'opportunità per rimettersi in sesto tra colline e campi disseminati di fattorie nella campagna occitana; di fatto, un trasferimento strategico per

dare modo e tempo a chi di dovere di inchiodarla a una scrivania, abbastanza lontano dagli sguardi altrui. Nella sonnolenta cittadina, a ridosso di un lago artificiale, il compito di Noémie è valutare la possibile dismissione del commissariato locale, istituzione forse poco utile in quel luogo tranquillo. I giorni si trascinano con la lentezza di un continente alla deriva, fino a quando le acque del lago restituiscono alla superficie un fusto di plastica con dentro un cadavere. Parigi ha tradito Noémie Chastain, e ora, in questa lontana provincia, lei trova la forza e la determinazione di affrontare una nuova indagine fitta di segreti gravi e antichi. Anche se le risposte sembrano svanite nelle pieghe del tempo, irrimediabilmente erose dall'acqua, ormai inghiottite dai profondi silenzi custoditi con ostinazione degli abitanti di Avalone.

Della Fattoria Bread - Kathleen Weber 2014-10-07

Bread is one of the most fundamental parts of our diet, yet so many of us rely on bland grocery-store offerings when flavorsome breads can easily be made at home. Della Fattoria Bread teaches readers to make the popular breads of this award-winning bakery. More than an instructional guide, the book takes the fear out of bread baking, and encourages bakers to draw on their senses, experiences, and instincts. Weber's teachings are homespun and based on passed-down wisdom, not on finicky science or dull kitchen textbooks. The book is filled with invaluable bread-baking secrets, including starters and proper techniques, and features recipes for all levels of bakers. Beginners can learn to bake yeasted breads using pans. Advanced bakers can jump right into making free-form loaves of naturally leavened breads in all shapes and flavors. Other chapters include recipes for enriched breads like brioche and challah; pre-fermented breads, including baguettes; and crackers, breadsticks, naan, and more. The book includes recipes that incorporate the breads, too, such as Tomato Bread Soup and Della Fattoria's famous Tuna Melt Piadina, along with the stories of the bakery and the unique family that has run it for nearly 20 years.

Faxton - Lawrence Butler 2020-09-08

The village of Faxton in Northamptonshire was only finally deserted in the second half of the 20th century. Shortly afterwards, between 1966 and 1968, its medieval crofts were investigated under the direction of archaeologist Lawrence Butler. At the time this was one of the most ambitious excavations of a deserted medieval settlement to have been conducted and, although the results were only published as interim reports and summaries, Butler's observations at Faxton were to have significant influence on the growing academic and popular literature about village origins and desertion and the nature of medieval peasant crofts and buildings. In contrast to regions with abundant building stone, Faxton revealed archaeological evidence of a long tradition of earthen architecture in which so-called 'mud-walling' was successfully combined with other structural materials. The 'rescue' excavations at Faxton were originally promoted by the Deserted Medieval Village Research Group and funded by the Ministry of Public Buildings and Works after the extensive earthworks at the site came under threat from agriculture. Three areas were excavated covering seven crofts. In 1966 Croft 29 at the south-east corner of the village green revealed a single croft in detail with its barns, yards and corn driers; in 1967 four crofts were examined together in the north-west corner of the village in an area badly damaged by recent ploughing and, finally, an area immediately east of the church was opened up in 1968. In all, some 4000m² were investigated in 140 days over three seasons. The post-excavation process for Faxton was beset by delay. Of the 12 chapters presented in this monograph, only two were substantially complete at the time of the director's death in 2014. The others have had to be pieced together from interim summaries, partial manuscripts, sound recordings,

handwritten notes and on-site records. Building on this evidence, a new team of scholars have re-considered the findings in order to set the excavations at Faxton into the wider context of modern research. Their texts reflect on the settlement's disputed pre-Conquest origins, probable later re-planning and expansion, the reasons behind the decline and abandonment of the village, the extraordinary story behind the destruction of its church, the development of the open fields and the enclosure process, as well as new evidence about Faxton's buildings and the finds discovered there. Once lauded, then forgotten, the excavations at Faxton now make a new contribution to our knowledge of medieval life and landscape in the East Midlands.
