For Bella Swan, there is one thing more important than life itself: Edward Cullen. But being in love with a vampire is more dangerous than Bella ever could have imagined. Edward has already rescued Bella from the clutches of an evil vampire but now, as their daring relationship threatens all that is near and dear to them, they realize their troubles may just be beginning . . . **Emily of New Moon (Illustrated Edition)** - Lucy Maud Montgomery 2022-08-24

First published in 1923, 'Emily of New Moon' is the first in a series of novels by Lucy Maud

Montgomery about an orphan girl growing up on Prince Edward Island. It is similar to the author's Anne of Green Gables series. Lucy Maud Montgomery was a Canadian author best known for a series of novels beginning in 1908. After Emily's father passed away, making her an orphan, Emily was shipped off to New Moon Farm, owned by her mother's snobbish relatives. Convinced she will hate her new life, Emily reluctantly tries to get along with her relatives. At first, Emily's miserable under all the rules from her stern Aunt Elizabeth, and being the new girl at school is not easy. At least New Moon provides plenty of material for the short stories she loves to write. With her quick wit and lively imagination, it's not long before she finds friends in tomboy Ilse and artist Teddy. This title is much more autobiographical in nature and gives a greater glimpse into Lucy Maud Montgomery's life and times.

**Once in a New Moon** - Nancy Warren 2017-09-22

In this story, two significant events in Canadian history intersect: the Rollout of the Avro Arrow on October 4, 1957, and the ongoing land claims of the First Nations Mississauga. Lois Michelsen is almost fourteen when she is uprooted from her childhood home in small-town Ontario and moved to Centrewood, a brand-new, model satellite community located on the outskirts of Toronto. Her father views it as his 'ideal city', since its plan is based on concentric circles

instead of a grid plan, which Lois prefers. Only the adjacent abandoned farm with its fallow pastureland, resurgent wildlife, winding stream and quiet woods offers her solace through the long, hot and lonely summer. There she befriends a newly hatched painted turtle, discovers a red salamander and finds herself protected by a bald-headed eagle. Concerned about Lois facing a new school alone, her mother foists on her a 'new little friend' from the neighbourhood: a little hussy named Mitsy whose 'cat's eyes', sharp tongue and lewd behaviour wreak havoc. Unlike normal dreams, Lois is susceptible to 'waking visions', when real time is suspended in dual planes of reality. Her father is lead aeronautical engineer for the Avro Arrow. When she attends the Rollout in Malton, her sensibilities open her up to the 'waking vision' of an Indian chief standing on the tarmac next to the Arrow.
