Debugging Game History - Henry Lowood 2016-06-03

Essays discuss the terminology, etymology, and history of key terms, offering a foundation for critical historical studies of games. Even as the field of game studies has flourished, critical historical studies of games have lagged behind other areas of research. Histories have generally been fact-by-fact chronicles; fundamental terms of game design and development, technology, and play have rarely been examined in the context of their historical, etymological, and conceptual underpinnings. This volume attempts to "debug" the flawed historiography of video games. It offers original essays on key concepts in game studies, arranged as in a lexicon—from "Amusement Arcade" to "Embodiment" and "Game Art" to "Simulation" and "World Building." Written by scholars and practitioners from a variety of disciplines, including game development, curatorship, media archaeology, cultural studies, and technology studies, the essays offer a series of distinctive critical "takes" on historical topics. The majority of essays look at game history from the outside in; some take deep dives into the histories of play and simulation to provide context for the development of electronic and digital games; others take on such technological components of games as code and audio. Not all essays are history or historical etymology—there is an analysis of game design, and a discussion of intellectual property—but they nonetheless raise questions for historians to consider. Taken together, the essays offer a foundation for the emerging study of game history.

How to Play Video Games - Nina Huntemann 2019-03-26

Forty original contributions on games and gaming culture What does Pokémon Go tell us about globalization? What does Tetris teach us about rules? Is feminism boosted or bashed by Kim Kardashian: Hollywood? How does BioShock Infinite help us navigate world-building? From arcades to Atari, and phone apps to virtual reality headsets, video games have been at the epicenter of our ever-evolving technological reality. Unlike other media technologies, video games demand engagement like no other, which begs the question—what is the role that video games play in our lives, from our homes, to our phones, and on global culture writ large? How to Play Video Games brings together forty original essays from today's leading scholars on video game culture, writing about the games they know best and what they mean in broader

social and cultural contexts. Read about avatars in Grand Theft Auto V, or music in The Legend of Zelda: Ocarina of Time. See how Age of Empires taught a generation about postcolonialism, and how Borderlands exposes the seedy underbelly of capitalism. These essays suggest that understanding video games in a critical context provides a new way to engage in contemporary culture. They are a must read for fans and students of the medium.

Grand Theft Auto - Tim Bogenn 2004-10

Presents information on game basics, characters, missions, weapons, vehicles, and strategy.

Grand Theft Auto IV - Tim Bogenn 2008

Jacked - David Kushner 2012-04-03

Inside the making of a videogame that defined a generation: Grand Theft Auto Grand Theft Auto is one of the biggest and most controversial videogame franchises of all time. Since its first release in 1997, GTA has pioneered the use of everything from 3D graphics to the voices of top Hollywood actors and repeatedly transformed the world of gaming. Despite its incredible innovations in the \$75 billion game industry, it has also been a lightning rod of debate, spawning accusations of ethnic and sexual discrimination, glamorizing

violence, and inciting real-life crimes. Jacked tells the turbulent and mostly unknown story of GTA's wildly ambitious creators, Rockstar Games, the invention and evolution of the franchise, and the cultural and political backlash it has provoked. Explains how British prep school brothers Sam and Dan Houser took their dream of fame, fortune, and the glamor of American pop culture and transformed it into a worldwide videogame blockbuster Written by David Kushner, author of Masters of Doom and a top journalist on gaming, and drawn from over ten years of interviews and research, including firsthand knowledge of Grand Theft Auto's creators and detractors Offers inside details on key episodes in the development of the series, including the financial turmoil of Rockstar games, the infamous "Hot Coffee" sex mini-game incident, and more Whether you love Grand Theft Auto or hate it, or just want to understand the defining entertainment product of a generation, you'll want to read Jacked and get the real story behind this boundary-pushing game.

L.A. Noir - John Buntin 2010-04-06

Now the TNT Original Series MOB CITY Midcentury Los Angeles. A city sold to the world as "the white spot of America," a land of sunshine and orange groves, wholesome Midwestern values and Hollywood stars, protected by the world's most famous police force, the Dragnet-era LAPD. Behind this public image lies a hidden world of "pleasure girls" and crooked cops, ruthless newspaper tycoons, corrupt politicians, and East Coast gangsters on the make. Into this underworld came two men—one L.A.'s most notorious gangster, the other its most famous police chief—each prepared to battle the other for the soul of the city.

L.A. Noire - Rockstar Games 2011-06-06

This collection of short fiction expands on the world of a groundbreaking achievement in storytelling: Rockstar Games' interactive crime thriller L.A. Noire. 1940s Hollywood, murder, deception and mystery take center stage as readers reintroduce themselves to characters seen in L.A. Noire. Explore the lives of actresses desperate for the Hollywood spotlight; heroes turned defeated men; and classic Noir villains. Readers will come across not only familiar faces, but familiar cases from the game that take on a new spin to tell the tales of emotionally torn protagonists, depraved schemers and their ill-fated victims. With original short fiction by Megan Abbott, Lawrence Block, Joe Lansdale, Joyce Carol Oates, Francine Prose, Jonathan Santlofer, Duane Swierczynski and Andrew Vachss, L.A. Noire: The Collected Stories breathes new life into a time-honored American tradition, in an exciting anthology that will appeal to fans of suspense and gamers everywhere.
