I knew I shouldn't help her, she would only bring trouble. The men after her would arrive soon, and I should chase her away.

But I couldn't. Lady Hawk and her Mountain Man is a stand-alone HEA shifter romance

In the Shadow of the Mountain - Silvia Vasquez-Lavado 2022-02-01

"In climbing the Seven Summits, Silvia Vasquez-Lavado did nothing less than take back her own life—one brave step at a time. She will inspire untold numbers of souls with this story, for her victory is a win on behalf of all of us."

—Elizabeth Gilbert Endless ice. Thin air. The threat of dropping into nothingness thousands of feet below. This is the climb Silvia Vasquez-Lavado braves in her page-turning, pulse-raising memoir following her journey to Mount Everest. A Latina hero in the elite macho tech world of Silicon Valley, privately, she was hanging by a thread. Deep in the throes of alcoholism, hiding her sexuality from her family, and repressing the abuse she'd suffered as a child, she started climbing. Something about the brute force required for the ascent—the risk and spirit and sheer size of the mountains and death's close proximity—woke her up. She then took her biggest pain as a survivor to the biggest mountain: Everest. "The Mother of the World," as it's known in Nepal, allows few to reach her summit, but Silvia didn't go alone. She gathered a group of young female survivors and led them to base camp alongside her. It was never easy. At times hair-raising, nerve-racking, and always challenging, Silvia remembers the acute anxiety of leading a group of novice climbers to Everest's base, all the while coping with her own nerves of summiting. But, there were also moments of peace, joy, and healing with the strength of her fellow survivors and community propelling her forward. In the Shadow of the Mountain is a remarkable story of heroism, one which awakens in all of us a lust for adventure, an appetite for risk, and faith in our own resilience.

A Painted House - John Grisham 2011

The hill people and the Mexicans arrived on the same day. It was a Wednesday, early in September 1952. The Cardinals were five games behind the Dodgers with two weeks to go, and the season looked hopeless. The cotton, however, was waist high to my father, almost over my head, and he and my grandfather could be heard before supper whispering words that were seldom heard. It could be a "good crop." In rural Arkansas, seven-year-old farm boy Luke Chandler lives in the cotton fields with his parents and grandparents in a little house that's never been painted. The Chandlers farm eighty acres that they rent, not own, and when the cotton is ready they hire a truckload of Mexicans and a family from the Ozarks to help harvest it. For six weeks they pick cotton, battling the heat, the rain, the fatigue, and sometimes each other. As the weeks pass Luke sees and hears things no seven-year-old could possibly be prepared for, and finds himself keeping secrets that not only threaten the crop but will change the lives of the Chandlers forever.

A Literary Field Guide to Southern Appalachia - Rose McLarney 2019-10-15

Getting acquainted with local flora and fauna is the perfect way to begin to understand the

wonder of nature. The natural environment of Southern Appalachia, with habitats that span the Blue Ridge to the Cumberland Plateau, is one of the most biodiverse on earth. A Literary Field Guide to Southern Appalachia—a hybrid literary and natural history anthology—showcases sixty of the many species indigenous to the region. Ecologically, culturally, and artistically, Southern Appalachia is rich in paradox and stereotype-defying complexity. Its species range from the iconic and inveterate—such as the speckled trout, pileated woodpecker, copperhead, and black bear—to the elusive and endangered—such as the American chestnut, Carolina gorge moss, chucky madtom, and lampshade spider. The anthology brings together art and science to help the reader experience this immense ecological wealth. Stunning images by seven Southern Appalachian artists and conversationally written natural history information complement contemporary poems from writers such as Ellen Bryant Voigt, Wendell Berry, Janisse Ray, Sean Hill, Rebecca Gayle Howell, Deborah A. Miranda, Ron Rash, and Mary Oliver. Their insights illuminate the wonders of the mountain South, fostering intimate connections. The guide is an invitation to get to know Appalachia in the broadest, most poetic sense.

Go Tell the Bees That I Am Gone - Diana Gabaldon 2021-11-23

#1 NEW YORK TIMES BESTSELLER • Diana Gabaldon returns with the "vast and sweeping" (The Washington Post) new novel in the epic *Outlander* series. War leaves nobody alone. Neither the past, the present, nor the future offers true safety, and the only refuge is what you can protect: your family, your friends, your home. Jamie Fraser and Claire Randall were torn apart by the Jacobite Rising in 1746, and it took them twenty years of loss and heartbreak to find each other again. Now it's 1779, and Claire and Jamie are finally reunited with their daughter, Brianna, her husband, Roger, and their children, and are rebuilding their home on Fraser's Ridge—a fortress that may shelter them against the winds of war as well as weather. But tensions in the Colonies are great: Battles rage from New York to Georgia and, even in the mountains of the backcountry, feelings run hot enough to boil Hell's teakettle. Jamie knows that

loyalties among his tenants are split and it won't be long before the war is on his doorstep.

Brianna and Roger have their own worry: that the dangers that provoked their escape from the twentieth century might catch up to them.

Sometimes they question whether risking the perils of the 1700s—among them disease, starvation, and an impending war—was indeed the safer choice for their family. Not so far away, young William Ransom is coming to terms with the mysteries of his identity, his future, and the family he's never known. His erstwhile father, Lord John Grey, has reconciliations to make and dangers to meet on his son's behalf and on his own, and far to the north, Young Ian Murray fights his own battle between past and future, and the two women he's loved. Meanwhile, the Revolutionary War creeps ever closer to Fraser's Ridge. Jamie sharpens his sword, while Claire whets her surgeon's blade: It is a time for steel.

Worlds Apart - Cynthia M. Duncan 2015-01-13
First published in 1999, *Worlds Apart* examined the nature of poverty through the stories of real people in three remote rural areas of the United States: New England, Appalachia, and the Mississippi Delta. In this new edition, Duncan returns to her original research, interviewing some of the same people as well as some new key informants. Duncan provides powerful new insights into the dynamics of poverty, politics, and community change. "Duncan, through in-depth investigation and interviews, concludes that only a strong civic culture, a sense among citizens of community and the need to serve that community, can truly address poverty. . . .

Moving and troubling. Duncan has created a remarkable study of the persistent patterns of poverty and power."—Kirkus Reviews "The descriptions of rural poverty in *Worlds Apart* are interesting and read almost like a novel."—Choice

In his first collection of novellas, law is a common thread, but America's favorite storyteller has several surprises in store. "Homecoming" takes us back to Ford County, the fictional setting of many of John Grisham's unforgettable stories. Jake Brigance is back, but he's not in the courtroom. He's called upon to

Now Mack is back, and he's leaning on his old pals, Jake and Harry Rex, to help him return. His homecoming does not go as planned. In "Strawberry Moon," we meet Cody Wallace, a young death row inmate only three hours away from execution. His lawyers can't save him, the courts slam the door, and the governor says no to a last-minute request for clemency. As the clock winds down, Cody has one final request. The "Sparring Partners" are the Malloy brothers, Kirk and Rusty, two successful young lawyers who inherited a once prosperous firm when its founder, their father, was sent to prison. Kirk and Rusty loathe each other, and speak to each other only when necessary. As the firm disintegrates, the resulting fiasco falls into the lap of Diantha Bradshaw, the only person the partners trust. Can she save the Malloys, or does she take a stand for the first time in her career and try to save herself? The Second Mountain - David Brooks

2020-05-26

#1 NEW YORK TIMES BESTSELLER •

Everybody tells you to live for a cause larger than yourself, but how exactly do you do it? The author of *The Road to Character* explores what it takes to lead a meaningful life in a self-centered world. “Deeply moving, frequently eloquent and extraordinarily incisive.”—*The Washington Post*

Every so often, you meet people who radiate joy—who seem to know why they were put on this earth, who glow with a kind of inner light. Life, for these people, has often followed what we might think of as a two-mountain shape. They get out of school, they start a career, and they begin climbing the mountain they thought they were meant to climb. Their goals on this first mountain are the ones our culture endorses: to be a success, to make your mark, to experience personal happiness. But when they get to the top of that mountain, something happens. They look around and find the view . . . unsatisfying. They realize: This wasn't my mountain after all. There's another, bigger mountain out there that is actually my mountain. And so they embark on a new journey. On the second mountain, life moves from self-centered to other-centered. They want the things that are truly worth wanting, not the things other people tell them to want. They embrace a life of interdependence, not independence. They surrender to a life of commitment. In *The Second Mountain*, David Brooks explores the four commitments that define a life of meaning and purpose: to a spouse and family, to a vocation, to a philosophy or faith, and to a community. Our personal fulfillment depends on how well we choose and execute these commitments. Brooks looks at a range of people who have lived joyous, committed lives, and who have embraced the necessity and beauty of dependence. He gathers their wisdom on how to choose a partner, how to pick a vocation, how to live out a philosophy, and how we can begin to integrate our commitments into one overriding purpose. In short, this book

is meant to help us all lead more meaningful lives. But it's also a provocative social commentary. We live in a society, Brooks argues, that celebrates freedom, that tells us to be true to ourselves, at the expense of surrendering to a cause, rooting ourselves in a neighborhood, binding ourselves to others by social solidarity and love. We have taken individualism to the extreme—and in the process we have torn the social fabric in a thousand different ways. The path to repair is through making deeper commitments. In *The Second Mountain*, Brooks shows what can happen when we put commitment-making at the center of our lives.

The Women's Murder Club is stalked by a killer with nothing to lose. San Francisco Detective Lindsay Boxer is loving her life as a new mother. With an attentive husband, a job she loves, plus best friends who can talk about anything from sex to murder, things couldn't be better. Then the FBI sends Lindsay a photo of a killer from her past, and her happy world is shattered. The picture captures a beautiful woman at a stoplight. But all Lindsay sees is the psychopath behind those seductive eyes: Mackie Morales, the most deranged and dangerous mind the Women's Murder Club has ever encountered. In this pulse-racing, emotionally charged novel by James Patterson, the Women's Murder Club must find a killer—before she finds them first.
