Still under psychological evaluation, Fawkes returns to the force eager for a big case. When his former partner and friend, Detective Emily Baxter, calls him to a crime scene, he's sure this is it: the body is made of the dismembered parts of six victims, sewn together like a puppet—a corpse that becomes known as "The Ragdoll." Fawkes is tasked with identifying the six victims, but that gets dicey when his reporter ex-wife anonymously receives photographs from the crime scene, along with a list of six names, and the dates on which the Ragdoll Killer plans to murder them. The final name on the list is Fawkes. Baxter and her trainee partner, Alex Edmunds, hone in on figuring out what links the victims together before the killer strikes again. But for Fawkes, seeing his name on the list sparks a dark memory, and he fears that the catalyst for these killings has more to do with him—and his past—than anyone realizes. With a breakneck pace, a twisty plot, and a wicked sense of humor, Ragdoll announces the arrival of the hottest new brand in crime fiction.

But the presence of her book at this scene draws her unwillingly into the high-profile investigation and media circus that springs up around it. As the dark objects found beside the body lead her closer to the victim's identity, a dangerous threat to Laughton and her daughter emerges, as well as painful memories of her past related to the man she has always blamed for her mother's death: John Rees, Laughton's father, the current Metropolitan Chief Commissioner and a man she has not spoken to in twenty years. Laughton's family was destroyed once and she built herself a new one. Now, she has to face her darkest fears and help catch a killer before this one is destroyed too.

For readers of *Hillbilly Elegy* and *Strangers in Their Own Land* WINNER OF THE OHIOANA BOOK AWARDS AND FINALIST FOR THE 87TH CALIFORNIA BOOK AWARDS | NAMED A BEST/MOST ANTICIPATED BOOK OF 2017 BY: New York Post • Newsweek • The Week • Bustle • Books by the Banks Book Festival • Bookauthority.com The Wall Street Journal: "A devastating portrait...For anyone wondering why swing-state America voted against the establishment in 2016, Mr. Alexander supplies plenty of answers." Laura Miller, Slate: "This book hunts bigger game. Reads like an odd?and oddly satisfying?fusion of George Packer's *The Unwinding* and one of Michael Lewis' real-life financial thrillers." The New Yorker : "Does a remarkable job." Beth Macy, author of *Factory Man*: "This book should be required reading for people trying to understand Trumpism, inequality, and the sad state of a needlessly wrecked rural America. I wish I had written it." In 1947, *Forbes* magazine declared Lancaster, Ohio the epitome of the all-American town. Today it is damaged, discouraged, and fighting for its future. In *Glass House*, journalist Brian Alexander uses the story of one town to show how seeds sown 35 years ago have sprouted to give us Trumpism, inequality, and an eroding national cohesion. The Anchor Hocking Glass Company, once the world's largest maker of glass tableware, was the base on which Lancaster's society was built. As *Glass House* unfolds, bankruptcy looms. With access to the company and its leaders, and Lancaster's citizens, Alexander shows how financial engineering took hold in the 1980s, accelerated in the 21st Century, and wrecked the company. We follow CEO Sam Solomon, an African-American leading the nearly all-white town's biggest private employer, as he tries to rescue the company from the New York private equity firm that hired him. Meanwhile, Alexander goes behind the scenes, entwined with the lives of residents as they wrestle with heroin, politics, high-interest lenders, low wage jobs, technology, and the new demands of American life: people like Brian Gossett, the fourth generation to work at Anchor Hocking; Joe Piccolo, first-time director of the annual music festival who discovers the town relies on him, and it, for salvation; Jason Roach, who police believed may have been Lancaster's biggest drug dealer; and Eric Brown, a local football hero-turned-cop who comes to realize that he can never arrest Lancaster's real problems.

**When I Was White** - Sarah Valentine 2019-08-06

The stunning and provocative coming-of-age memoir about Sarah Valentine's childhood as a white girl in the suburbs of Pittsburgh, and her discovery that her father was a black man. At the age of 27, Sarah Valentine discovered that she was not, in fact, the white girl she had always believed herself to be. She learned the truth of her paternity: that her father was a black man. And she learned the truth about her

own identity: mixed race. And so Sarah began the difficult and absorbing journey of changing her identity from white to black. In this memoir, Sarah details the story of the discovery of her identity, how she overcame depression to come to terms with this identity, and, perhaps most importantly, asks: why? Her entire family and community had conspired to maintain her white identity. The supreme discomfort her white family and community felt about addressing issues of race—her race—is a microcosm of race relationships in America. A black woman who lived her formative years identifying as white, Sarah's story is a kind of Rachel Dolezal in reverse, though her "passing" was less intentional than conspiracy. This memoir is an examination of the cost of being black in America, and how one woman threw off the racial identity she'd grown up with, in order to embrace a new one.

One man's sacrifice shocks the world . . . One woman's courage threatens a conspiracy as old as humankind . . . And some will do anything—anything—to keep their secrets in the dark. Sanctus A man climbs a cliff face in the oldest inhabited place on earth, a mountain known as the Citadel, a Vatican-like city-state that towers above the city of Ruin in modern-day Turkey. But this is no ordinary ascent. It is a dangerous, symbolic act. And thanks to the media, it is an event witnessed by the entire world. Few people understand its consequence. But for foundation worker Kathryn Mann and a handful of others, it's evidence that a revolution is at hand. For the Sancti, the cloaked and secretive monks who live inside the Citadel, it could mean the end of everything they have built. They will stop at nothing to keep what is theirs, and they will break every law in every country and even kill to hold it fast. For American reporter Liv Adamsen, it spurs the memory of the beloved brother she lost years before, setting her on a journey across the world and into the heart of her own identity. There, she will make a discovery so shocking that it will change everything. . .
