Bone Broth Secret - Louise Hay 2016-01-05

When a forgotten, time-honored traditional food is rediscovered for its health and beauty benefits, we all pay attention. In this one-of-a-kind culinary adventure, internationally renowned self-help pioneer Louise Hay and "21st-century medicine woman" Heather Dane

join together to explore a fresh and fun take on the art of cooking with bone broth, as well as the science behind its impressive curative applications. Chock-full of research, how-tos, and tips, this inventive cookbook offers a practical, playful, and delicious approach to improving your digestion, energy, and moods. With over 100 gut-healing recipes for broths, elixirs, main dishes, breads, desserts—and even beauty remedies and cocktails—Louise and Heather will show you how to add a dose of nourishment into every aspect of your diet. You'll also get entertaining stories along the way that remind you to add joy back onto your plate and into your life. Plus, you'll find out how Louise not only starts her day with bone broth, but uses it as an ingredient in many of her meals as well—discovering why it is one of her secrets to vibrant wellness and longevity. "Wherever I go, I'm asked, 'How do you stay so healthy and young?' Or I'm complimented on how beautiful my skin, hair, and nails look. I always say that the key is positive thoughts and healthy food. For many years, the staple of my diet has been bone broth. My doctors keep pointing out that my blood tests and other health-test results are better than people half my age. I tell them, 'I'm a big, strong, healthy girl!' Then I talk about bone broth. I want everyone to know about it because I believe it is an integral part of my health, energy, and vitality."— Louise Hay

The Book of Everything - Guus Kuijer
2012-04-01

Faith is joy is love is hope in this novel of exquisite power and everyday miracles, reminiscent of Barbara Kingsolver's THE POISONWOOD BIBLE. Thomas can see things no one else can see. Tropical fish swimming in the canals. The magic of Mrs. Van Amersfoort, the Beethoven-loving witch next door. The fierce beauty of Eliza with her artificial leg. And the Lord Jesus, who tells him, "Just call me Jesus." Thomas records these visions in his "Book of Everything." They comfort him when his father beats him, when the angels weep for his mother's black eyes. And they give him the strength to finally confront his father and become what he wants to be when he grows up: "Happy."

The Opposite of Worry - Lawrence J. Cohen
2013-09-10

"The most helpful book on childhood anxiety I have ever read."—Michael Thompson, Ph.D. Whether it's the monster in the closet or the fear that arises from new social situations, school, or sports, anxiety can be especially challenging and maddening for children. And since anxiety has a mind of its own, logic and reassurance often fail, leaving parents increasingly frustrated about how to help. Now Lawrence J. Cohen, Ph.D., the author of Playful Parenting, provides a special set of tools to handle childhood anxiety. Offering simple, effective strategies that build connection through fun, play, and empathy, Dr. Cohen helps parents • start from a place of warmth, compassion, and understanding • teach children the basics of the body's "security system": alert, alarm, assessment, and all clear. • promote tolerance of uncertainty and discomfort by finding the balance between outright avoidance and "white-knuckling" through a fear • find lighthearted ways to release tension in the moment, labeling stressful emotions on a child-friendly scale • tackle their own anxieties so they can stay calm when a child is distressed • bring children out of their anxious thoughts and into their bodies by using relaxation, breathing, writing, drawing, and playful roughhousing With this insightful resource of easy-to-implement solutions and strategies, you and your child can experience the opposite of worry, anxiety, and fear and embrace connection, trust, and joy. Praise for The Opposite of Worry "The Opposite of Worry is an informative resource for parents and other family members. The book is easy to read, comprehensive and notable for its many practical suggestions."—New England Psychologist "Good advice for parents making daily calls to the pediatrician . . . Anxiety is a full-body sport, and Cohen's main advice is not to treat it with words but with actions. . . . Physicality is about living in the present, and for

anxious people, the present is a powerful place of healing. Intended for parents of children ages 3 to 15, this book offers anecdotes and fun anti-anxiety games.”—Publishers Weekly “Here’s the help parents of anxious children have been looking for! Dr. Cohen’s genius is in the warm and generous spirit of the strategies he outlines for parents. He grounds his playful approach in a sound explanation of how anxiety affects children, and how they heal. Parents will come away with plenty of ideas to help them develop their children’s confidence. While reading, I found myself thinking, ‘I’d like to try that for myself!’”—Patty Wipfler, founder and program director, Hand in Hand Parenting “If you want to understand your child’s anxiety—and your own parental worries—you must read Larry Cohen’s brilliant book, *The Opposite of Worry*. Dr. Cohen is one of the most imaginative and thoughtful psychologists you will ever encounter. He explains how and why children become anxious and then shows how we can use empathy and play to help them escape from the terrifying dark corners of childhood.”—Michael Thompson, Ph.D. “*The Opposite of Worry* offers a treasure trove of ideas to help children feel confident and secure. Lawrence Cohen has written a book that will help every parent of an anxious child.”—Aletha Solter, Ph.D., founder, *Aware Parenting*, and author of *Attachment Play* *Scratch-off Nightscapes* - Lark Crafts 2016-10-11 MEDITATIVE MANDALAS . . . NOW IN AN EXCITING NEW SCRATCH COLORING FORMAT! Use the included stylus to create these stunning one-of-a-kind pieces.

Anxious - Joseph LeDoux 2016-08-23

“A rigorous, in-depth guide to the history, philosophy, and scientific exploration of this widespread emotional state . . . [LeDoux] offers a magisterial review of the role of mind and brain in the generation of unconscious defense responses and consciously expressed anxiety. . . . [His] charming personal asides give an impression of having a conversation with a world expert.” —*Nature* A comprehensive and

accessible exploration of anxiety, from a leading neuroscientist and the author of *Synaptic Self* Collectively, anxiety disorders are our most prevalent psychiatric problem, affecting about forty million adults in the United States. In *Anxious*, Joseph LeDoux, whose NYU lab has been at the forefront of research efforts to understand and treat fear and anxiety, explains the range of these disorders, their origins, and discoveries that can restore sufferers to normalcy. LeDoux’s groundbreaking premise is that we’ve been thinking about fear and anxiety in the wrong way. These are not innate states waiting to be unleashed from the brain, but experiences that we assemble cognitively. Treatment of these problems must address both their conscious manifestations and underlying non-conscious processes. While knowledge about how the brain works will help us discover new drugs, LeDoux argues that the greatest breakthroughs may come from using brain research to help reshape psychotherapy. A major work on one of our most pressing mental health issues, *Anxious* explains the science behind fear and anxiety disorders. Praise for *Anxious*: “[*Anxious*] helps to explain and prevent the kinds of debilitating anxieties all of us face in this increasingly stressful world.” —Daniel J. Levitin, author of *The Organized Mind* and *This Is Your Brain on Music* “A careful tour through the current neuroscience of fear and anxiety . . . [*Anxious*] will reward the informed reader.” —*The Wall Street Journal* “An extraordinarily ambitious, provocative, challenging, and important book. Drawing on the latest research in neuroscience (including work in his own laboratory), LeDoux provides explanations of the origins, nature, and impact of fear and anxiety disorders.” —*Psychology Today*

Creative Lettering and Beyond - Gabri Joy Kirkendall 2014-11-03

Creative Lettering and Beyond combines the artistic talents, inspirational tips, and tutorials of four professional hand letterers and calligraphers for a dynamic and interactive learning experience. After a brief introduction to the various tools and materials, artists and lettering enthusiasts will learn how to master the art of hand lettering and typography through easy-to-follow step-by-step projects, prompts, and exercises. From the basic shape and form of

letters to cursive script, spacing, and alignment, artists will discover how to transform simple words, phrases, and quotes into beautiful works of hand-lettered art. The interactive format and step-by-step process offers inspirational instruction for a wide variety of fun projects and gift ideas, including hand-rendered phrases on paper and digitally enhanced note cards. Artists will also discover how to apply lettering to linen, coffee mugs, calendars, and more. Numerous practice pages and interactive prompts throughout the book invite readers to put their newfound lettering skills to use, as well as work out their artistic ideas. Covering a variety of styles and types of lettered art, including calligraphy, illustration, chalk lettering, and more, artists will find a plethora of exercises and tips to help them develop their own unique lettering style.

Fairies - Stephen Cartwright 2010

Textured pages invite young readers to explore the world of fairies. On board pages.

Romeo and Juliet - William Shakespeare 1839
Performed all over the world, and constantly adapted and reinterpreted in a variety of mediums, Shakespeare's 1597 tale about the doomed "star-crossed lovers" from enemy families whose tumultuous affair ends in tragedy is one of his best known and most beloved plays. The story of the feuding Montague and Capulet families features the famous balcony scene where the lovers first realize their mutual affection, setting off a series of duels, secret plots, and misunderstandings that eventually leads to one of the most tragic death scenes in all of theater.

The Fundamentals of Drawing - Barrington Barber 2005-01-10

Anyone with a little persistence and the desire can learn to draw well - this is the starting point for *The Fundamentals of Drawing*, a practical and comprehensive course for students of all abilities. Opportunities for practice and improvement are offered across a wide spectrum of subjects - still life, plants, landscapes, animals, figure drawing and portraiture - and supported by demonstrations of a broad range of skills and techniques, including perspective and composition. The methods used in *The Fundamentals of Drawing* have been practised through the centuries by art students and

professional artists. They are time-honoured and proven. Barrington Barber brings his invaluable expertise as a working artist and teacher to the task of showing you how to use them effectively to create successful drawings. No matter what your level of expertise, you will find his clear approach encouraging and his way of teaching inspirational.

Creaturepedia - Adrienne Barman 2015-08-06

Filled with fascinating facts, curious creatures and characterful cartoons, this book will keep young explorers busy for hours.
Jurassic World: The Ultimate Pop-Up Book - Matthew Reinhart 2021-10-26

Life will not be contained in this exciting and interactive pop-up journey through the entire Jurassic saga—from pop-up legend Matthew Reinhart. The hit Jurassic World series recaptured audiences globally when it unleashed an island of new and terrifyingly realistic dinosaurs on the world. Inspired by director Steven Spielberg's 1993 classic Jurassic Park, the iconic saga has ushered in a whole new generation of film fans. Featuring explosive, pop-off-the-page depictions of the Tyrannosaurus rex, Velociraptor, and other prehistoric favorites, this deluxe pop-up book traces the evolution of the Jurassic Park and Jurassic World sagas across three decades of major motion pictures. Presented in a dynamic 360-degree format that allows fans to view and participate in the action from all sides, *Jurassic World: The Ultimate Pop-Up Book* also includes interactive pull-tabs and hidden surprises. Bigger than a T. rex and smarter than a Raptor, *Jurassic World: The Ultimate Pop-Up Book* is the definitive interactive exploration of the most gargantuan saga in movie history.

The Easter Story - Juliet David 2012-09-18

Our World in Pictures: Trees, Leaves, Flowers & Seeds

- DK 2019-09-05

From the smallest seeds to the tallest trees, this beautiful children's guide is a must-have for any budding botanist or plant lover. We can't live without plants. We need them for food, shelter, even the air we breathe, yet we know surprisingly little about them. Why do thistles bristle with spines? How do some plants trap and eat insects? Did you know there are trees more than 5,000 years old? *Trees, Leaves, Flowers & Seeds* explores the mysterious world of plants to find the answers to these and many more questions. This picture-packed encyclopedia shows a wonderful variety of plants, from fantastic ferns to spiky cacti. It explores the diverse habitats of plants, herbs and spices that make our food tasty, and even how astronauts grow plants in space. It also takes a fun, more sideways look at some truly weird and wonderful plants, including leaves that are home to frogs, orchids that look like parrots, and seeds that spin like helicopters. So open this fascinating ebook and find out more about the amazing world of trees, leaves, flowers, and seeds.

Zizek's Jokes

- Slavoj Zizek 2018-02-23

Žižek as comedian: jokes in the service of philosophy. "A serious and good philosophical work could be written consisting entirely of jokes."—Ludwig Wittgenstein The good news is that this book offers an entertaining but enlightening compilation of Žižekisms. Unlike any other book by Slavoj Žižek, this compact arrangement of jokes culled from his writings provides an index to certain philosophical, political, and sexual themes that preoccupy him.

Žižek's Jokes contains the set-ups and punch lines—as well as the offenses and insults—that Žižek is famous for, all in less than 200 pages. So what's the bad news? There is no bad news. There's just the inimitable Slavoj Žižek, disguised as an impossibly erudite, politically incorrect uncle, beginning a sentence, "There is an old Jewish joke, loved by Derrida..." For Žižek, jokes are amusing stories that offer a shortcut to philosophical insight. He illustrates the logic of the Hegelian triad, for example, with three variations of the "Not tonight, dear, I have a headache" classic: first the wife claims a migraine; then the husband does; then the wife exclaims, "Darling, I have a terrible migraine, so let's have some sex to refresh me!" A punch line about a beer bottle provides a Lacanian lesson about one signifier. And a "truly obscene" version of the famous "aristocrats" joke has the family offering a short course in Hegelian thought rather than a display of unspeakables. Žižek's Jokes contains every joke cited, paraphrased, or narrated in Žižek's work in English (including some in unpublished manuscripts), including different versions of the same joke that make different points in different contexts. The larger point being that comedy is central to Žižek's seriousness.

Harry Potter Coloring Book: Celebratory Edition
- Scholastic Inc. 2016-10-25

Also included is a selection of stunning full-color concept art and film stills from the making of the Harry Potter films to stimulate your creativity.

Adult Coloring Books - Choices

- James Manning 2017-12-02

Experts suggest that 'coloring in' complex patterns may help you to stay in the 'here and

now' and stop you worrying or ruminating: this will help to quieten your mind a little. Quietening the mind often results in a reduction in emotional distress. When our minds are less busy we start to relax a little. When we relax we are less likely to a) over think and b) frighten ourselves with our thoughts. This book focuses on the choices that we can make. When we recognise we actually have a choice in how we decide to think we are already beginning to take charge of our lives.

This Book Is a Planetarium - Kelli Anderson
2017-09-26

Never has humble paper had such radical ambitions. Defying every expectation of what a book can be, this pop-up extravaganza transforms into six fully functional tools: a real working planetarium projecting the constellations, a musical instrument complete with strings for strumming, a geometric drawing generator, an infinite calendar, a message decoder, and even a speaker that amplifies sound. Artist Kelli Anderson contributes enlightening text alongside each pop-up, explaining the scientific principles at play in her constructions and creating an interactive experience that's as educational as it is extraordinary. Inspiring awe that lasts long after the initial pop, *This Book Is a Planetarium* leaves readers of all ages with a renewed appreciation for the way things work—and for the enduring magic of books.

Botanicum - K. J. Willis 2017
