### *In Other Words* - Jhumpa Lahiri 2016-02-09

National Best Seller From the best-selling author and Pulitzer Prize winner, a powerful nonfiction debut—an "honest, engaging, and very moving account of a writer searching for herself in words." —Kirkus Reviews (starred) In Other Words is a revelation. It is at heart a love story—of a long and sometimes difficult courtship, and a passion that verges on obsession: that of a writer for another language. For Jhumpa Lahiri, that love was for Italian, which first captivated and capsized her during a trip to Florence after college. Although Lahiri studied Italian for many years afterward, true mastery always eluded her. Seeking full immersion, she decides to move to Rome with her family, for "a trial by fire, a sort of baptism" into a new language and world. There, she begins to read, and to write—initially in her journal—solely in Italian. In Other Words, an autobiographical work written in Italian, investigates the process of learning to express oneself in another language, and describes the journey of a writer seeking a new voice. Presented in a dual-language format, this is a wholly original book about exile, linguistic and otherwise, written with an intensity and clarity not seen since Vladimir Nabokov: a startling act of self-reflection and a provocative exploration of belonging and reinvention.

**Italy's Jews from Emancipation to Fascism** - Shira Klein 2018-01-18

How did Italy treat Jews during World War II? Historians have shown beyond doubt that many Italians were complicit in the Holocaust, yet Italy is still known as the Axis state that helped Jews. Shira Klein uncovers how Italian Jews, though victims of Italian persecution, promoted the view that Fascist Italy was categorically good to them. She shows how the Jews' experience in the decades before World War II - during which they became fervent Italian patriots while maintaining their distinctive Jewish culture - led them later to bolster the myth of Italy's wartime innocence in the Fascist racial campaign. Italy's Jews experienced a century of dramatic changes, from emancipation in 1848, to the 1938 Racial Laws, wartime refuge in America and Palestine, and the rehabilitation of Holocaust survivors. This cultural and social history draws on a wealth of unexplored sources, including original interviews and unpublished memoirs.

*The Leopard* - Giuseppe Di Lampedusa 2007-11-06

Set in the 1860s, *The Leopard* tells the spellbinding story of a decadent, dying Sicilian aristocracy threatened by the approaching forces of democracy and revolution. The dramatic sweep and richness of observation, the seamless intertwining of public and private worlds, and the grasp of human frailty imbue *The Leopard* with its particular melancholy beauty and power, and place it among the greatest historical

novels of our time. Although Giuseppe di Lampedusa had long had the book in mind, he began writing it only in his late fifties; he died at age sixty, soon after the manuscript was rejected as unpublishable. In his introduction, Gioacchino Lanza Tomasi, Lampedusa's nephew, gives us a detailed history of the initial publication and the various editions that followed. And he includes passages Lampedusa wrote for the book that were omitted by the original Italian editors. Here, finally, is the definitive edition of this brilliant and timeless novel. (Translated from the Italian by Archibald Colquhoun.)

*Back to Venice* - Michael Grant 2011-05-26

Imagine what it would be like to go back in time to the 15th century Venice. And imagine what it would be like to meet your lifelong hero, Michelangelo. And imagine what it would be like if, on first meeting, you spill a tray of pasta and wine on that very same hero. Well, that's what happens to serious young artist Mark Breen. As the result of a drunken bet, Mark knocks out a painting of a toilet bowl. Much to his amazement, he sells it. In short order he's hailed as the new Andy Warhol and becomes an overnight sensation—and a very wealthy man. Soon, images of his toilet bowls are on more t-shirts, mugs, and calendars than Edvard Munch's *The Scream*. His friend and mentor, Hugh Connelly, afraid that Mark is in danger of losing his "artistic soul," advises him to go back to Italy and reacquaint himself with the "old masters." In Venice, Mark falls in love with Alexandra, a beautiful art restorer, but it's a one-sided affair. One night, hoping to win her over, he climbs up on a roof to find out who painted her favorite fresco. He falls off the roof and wakes up in 15th century Venice where he meets an innkeeper named Francesca, who looks exactly like Alexandra. And it gets curiously and curiously from there. During his stay—which is sometimes zany and sometimes frightening—he meets his hero, Michelangelo, who teaches him the true meaning of art.

*La Bella Figura* - Beppe Severgnini 2008-11-12

Join the bestselling author of *Ciao, America!* on a lively tour of modern Italy that takes you behind the seductive face it puts on for visitors—*la bella figura*—and highlights its maddening, paradoxical true self. You won't need luggage for this hypothetical and hilarious trip into the hearts and minds of Beppe Severgnini's fellow Italians. In fact, Beppe would prefer if you left behind the baggage his crafty and elegant countrymen have smuggled into your subconscious. To get to his Italia, you'll need to forget about your idealized notions of Italy. Although *La Bella Figura* will take you to legendary cities and scenic regions, your real destinations are the places where Italians are at their best, worst, and most authentic: The highway: in America, a red light has only one possible interpretation—Stop! An Italian red light doesn't warn or order you as much as provide an invitation for reflection. The airport: where Italians prove that one of their virtues (an appreciation for beauty) is really a vice. Who cares if the beautiful girls hawking cell phones in airport kiosks stick you with an outdated model? That's the price of gazing upon perfection. The small town: which demonstrates the Italian genius for pleasant living: "a congenial barber . . . a well-stocked newsstand . . . professionally made coffee and a proper pizza; bell towers we can recognize in the distance, and people with a kind word and a smile for everyone." The chaos of the roads, the anarchy of the office, the theatrical spirit of the supermarkets, and garrulous train journeys; the sensory reassurance of a church and the importance of the beach; the solitude of the soccer stadium and the crowded Italian bedroom; the vertical fixations of the apartment building and the horizontal democracy of the eat-in kitchen. As you venture to these and many other locations rooted in the Italian psyche, you realize that Beppe has become your Dante and shown you a country that "has too much style to be hell" but is "too disorderly to be heaven." Ten days, thirty places. From north to south. From food to politics. From saintliness to sexuality. This ironic, methodical, and sentimental examination will help you understand why Italy—as Beppe says—"can have you fuming and then purring in the space of a hundred meters or ten minutes."
