Eight mighty island warriors battle to become king. The deciding factor? The one who comes last, of course! Eight islands represented by their best warriors must battle it out in a tournament to decide their king. To win this battle of endurance, it's not the last one standing but the last one coming that matters! The tournament to choose the next king of the islands is about to begin. The rules are simple—whichever comes first loses! Participating warriors protect their mighty swords with armor that grows larger and more elaborate with each tournament. But one warrior has returned from studying abroad with a technique certain to force a pleasurable eruption! Is there a competitor alive able to withstand it? Or is this deft warrior destined to become king?!

The Tell-Tale Heart - Edgar Allan Poe
2020-08-26

Poe's preference for not naming his narrators is potent once again in "The Tell-Tale Heart", a story that is trying so hard to appear sane, but fails miserably in the end. With minute preparations, perfect calculations, and even more precise execution of the conceived gruesome act, the narrator successfully fulfills his purpose, only to be lost in a battle with his sanity and guilt afterwards. Backed by the numerous movie and theatrical adaptations, the story is considered one of Poe's most popular and critically acclaimed. Edgar Allan Poe

(1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1845), "The Black Cat" (1843), and "The Gold-Bug" (1843).

Thoughtful Foragers - Steven J. Mithen
1990-06-29

Thoughtful Foragers is about hunter-gatherer decision making. The author explores the implications of the human mind as a product of biological evolution for the way in which humans solve foraging problems. He draws on studies from ethology, psychology and ethnography prior to turning his attention to prehistoric hunter-gatherers. He attempts to construct explanations for patterns in the archaeological record by an explicit focus on decision making by individuals. Thoughtful Foragers will appeal to specialists in European prehistory as well as to those interested in archaeological theory and method. It makes some very significant advances, which will be of real importance for the field of evolutionary theory in relation to human evolution and the evaluation of human social systems.

The Tiger - John Vaillant 2010-08-24

It's December 1997 and a man-eating tiger is on the prowl outside a remote village in Russia's Far East. The tiger isn't just killing people, it's annihilating them, and a team of men and their dogs must hunt it on foot through the forest in the brutal cold. To their horrified astonishment it emerges that the attacks are not random: the tiger is engaged in a vendetta. Injured and starving, it must be found before it strikes again, and the story becomes a battle for survival between the two main characters: Yuri Trush, the lead tracker, and the tiger itself. As John Vaillant vividly recreates the extraordinary events of that winter, he also gives us an unforgettable portrait of a spectacularly beautiful region where plants and animals exist that are found nowhere else on earth, and where the once great Siberian Tiger - the largest of its species, which can weigh over 600 lbs at more than 10 feet long - ranges daily over vast territories of forest and mountain, its numbers diminished to a fraction of what they once were. We meet the native tribes who for centuries have worshipped and lived alongside tigers - even sharing their kills with them - in a natural balance. We witness the first arrival of settlers, soldiers and hunters in the tiger's territory in the 19th century and 20th century, many fleeing Stalinism. And we come to know the Russians of today - such as the poacher Vladimir Markov - who, crushed by poverty, have turned to poaching for the corrupt, high-paying Chinese markets. Throughout we encounter surprising theories of how humans and tigers may have evolved to coexist, how we may have developed as scavengers rather than hunters and how early Homo sapiens may have once fit seamlessly into

the tiger's ecosystem. Above all, we come to understand the endangered Siberian tiger, a highly intelligent super-predator, and the grave threat it faces as logging and poaching reduce its habitat and numbers - and force it to turn at bay. Beautifully written and deeply informative, *The Tiger* is a gripping tale of man and nature in collision, that leads inexorably to a final showdown in a clearing deep in the Siberian forest.

Killing Women - Rod Sadler 2020-09-22

This true crime biography reveals the disturbing story of a serial killer who terrorized central Michigan—and now has a chance to go free. As a former youth pastor who attended the Michigan State University School of Criminal Justice, Don Miller seemed like a decent young man. But in 1978, he was arrested for the attempted murder of two teenagers. Police soon connected Miller to the disappearances of four women. In exchange for a controversial plea bargain, he led police to the missing women’s bodies. Now, thanks to the deal he was offered and changes to Michigan law, Miller is allowed to seek parole once a year. In *Killing Women*, author Rodney Sadler examines the crimes, the “justice” meted out, and the possibility that Miller could be unleashed on the world once again.

Disgraceland - Jake Brennan 2019-10-01

From the creator of the popular rock 'n' roll true crime podcast, DISGRACELAND comes an off-kilter, hysterical, at times macabre book of stories from the highly entertaining underbelly of music history. You may know Jerry Lee Lewis married his thirteen-year-old cousin but did you know he shot his bass player in the chest with a shotgun or that a couple of his wives died under extremely mysterious circumstances? Or that Sam Cooke was shot dead in a seedy motel after barging into the manager's office naked to attack her? Maybe not. Would it change your view of him if you knew that, or would your love for his music triumph? Real rock stars do truly

insane thing and invite truly insane things to happen to them; murder, drug trafficking, rape, cannibalism and the occult. We allow this behavior. We are complicit because a rock star behaving badly is what's expected. It's baked into the cake. Deep down, way down, past all of our self-righteous notions of justice and right and wrong, when it comes down to it, we want our rock stars to be bad. We know the music industry is full of demons, ones that drove Elvis Presley, Phil Spector, Sid Vicious and that consumed the Norwegian Black Metal scene. We want to believe in the myths because they're so damn entertaining. DISGRACELAND is a collection of the best of these stories about some of the music world's most beloved stars and their crimes. It will mix all-new, untold stories with expanded stories from the first two seasons of the Disgraceland podcast. Using figures we already recognize, DISGRACELAND shines a light into the dark corners of their fame revealing the fine line that separates heroes and villains as well as the danger Americans seek out in their news cycles, tabloids, reality shows and soap operas. At the center of this collection of stories is the ever-fascinating music industry--a glittery stage populated by gangsters, drug dealers, pimps, groupies with violence, scandal and pure unadulterated rock 'n' roll entertainment.

Boys Love Manga and Beyond - Mark McLelland 2015-01-28

Boys Love Manga and Beyond looks at a range of literary, artistic and other cultural products that celebrate the beauty of adolescent boys and young men. In Japan, depiction of the “beautiful boy” has long been a romantic and sexualized trope for both sexes and commands a high degree of cultural visibility today across a range of genres from pop music to animation. In recent decades, “Boys Love” (or simply BL) has emerged as a mainstream genre in manga, anime, and games for girls and young women. This genre was first developed in Japan in the early 1970s by a group of female artists who went on to establish themselves as major figures in Japan’s manga industry. By the late 1970s many amateur women fans were getting involved in the BL phenomenon by creating and self-publishing homoerotic parodies of established male manga characters and popular media figures. The popularity of these fan-made products, sold and circulated at huge conventions, has led to an increase in the number of commercial titles available. Today, a wide range of products produced both by professionals and amateurs are brought together under the general rubric of “boys love,” and are rapidly gaining an audience throughout Asia and globally. This collection provides the first comprehensive overview in English of the BL phenomenon in Japan, its history and various subgenres and introduces translations of some key Japanese scholarship not otherwise available. Some chapters detail the historical and cultural contexts that helped BL emerge as a significant part of girls’ culture in Japan. Others offer important case studies of BL production, consumption, and circulation and explain why BL has become a controversial topic

in contemporary Japan.

SCUM Manifesto - Valerie Solanas 2016-04-05
Classic radical feminist statement from the woman who shot Andy Warhol “Life in this society being, at best, an utter bore and no aspect of society being at all relevant to women, there remains to civic-minded, responsible, thrill-seeking females only to overthrow the government, eliminate the money system, institute complete automation and destroy the male sex.” Outrageous and violent, SCUM Manifesto was widely lambasted when it first appeared in 1968. Valerie Solanas, the woman who shot Andy Warhol, self-published the book just before she became a notorious household name and was confined to a mental institution. But for all its vitriol, it is impossible to dismiss as the mere rantings of a lesbian lunatic. In fact, the work has proved prescient, not only as a radical feminist analysis light years ahead of its time—predicting artificial insemination, ATMs, a feminist uprising against underrepresentation in the arts—but also as a stunning testament to the rage of an abused and destitute woman. In this edition, philosopher Avital Ronell’s introduction reconsiders the evocative exuberance of this infamous text.

Coercive Control - Evan Stark 2009

Drawing on cases, Stark identifies the problems with our current approach to domestic violence, outlines the components of coercive control, and then uses this alternate framework to analyse the cases of battered women charged with criminal offenses directed at their abusers.

American Psycho - Bret Easton Ellis
2014-12-15

A cult classic, adapted into a film starring Christian Bale. Is evil something you are? Or is it something you do? Patrick Bateman has it all: good looks, youth, charm, a job on Wall Street, reservations at every new restaurant in town and a line of girls around the block. He is also a psychopath. A man addicted to his superficial, perfect life, he pulls us into a dark underworld where the American Dream becomes a nightmare . . . With an introduction by Irvine Welsh, Bret Easton Ellis's American Psycho is one of the most controversial and talked-about novels of all time. A multi-million-copy bestseller hailed as a modern classic, it is a violent black comedy about the darkest side of human nature.
